FROM THE WAR IN OHIO. GREAT EXCITEMENT CAUSED BY ORDERING OUT THE MILITIA.

Further Particulars of the Blowing Up of the Reservoir at Paulding--Troops Arrive and Ready to Suppress Another Outbreak--Accidentally Shot.

TOLEDO, O., April 28.--Not since the days of the Cincinnati riot has there been so much excitement in this city, as upon the receipt of the news of the ordering out of the militia by Governor Foraker, caused by the blowing up of the Paulding reservoir near Antwerp, thus destroying the principal feeder of the Miami & Lake Erie canal.

The time selected was early yesterday but nothing was learned of the outrage until after daylight yesterday. The men who blew up the reservoir are interested in the land which it covers, title to which they have tried in vain to obtain from the legislature.

The lawless attempt to destroy the reservoir is the result of discontent on the part of the people at the maintenance of a practically disused section of the canal. The Miami & Erie canal runs from Toledo to Cincinnati.

From one of the guards at the reservoir the following particulars were obtained. He said there were four guards on the reservoir bank ever since the agitation against the maintenance of the canal began.

Companies A, C and E, of the Sixteenth regiment, arrived at Cecil at 8 o'clock last night. Soon after their arrival one of the reservoir guards who had been detained by the mob, and had just come from the reservoir, four miles distant, and reported four heavy explosions on the line of the reservoir since nightfall.

NEW YORK, April 28.--Dr. McGlynn was called upon by a reporter yesterday evening and asked what he had to say to the cable dispatch from Rome, to the effect that he was to be suspended from his pastoral functions.

"That is nonsense," said Dr. McGlynn. "I am already suspended from my pastoral functions. Archbishop Corrigan did that. I am decapitated now. How can the pope cut my head off again? The truth is my case is not before the propoganda, nor the vatican. I have not appealed from the judgment of the archbishop."

"How do you propose to pass the remainder of your life, doctor?" "In preaching the fatherhood of God and the brotherhood of man. I propose to preach the gospel of Christ 'without money and without price.' I mean that literally. It may be thought by some that I have accepted remuneration for my speeches.
