OBITUARY.

On Saturday evening the sad news of the death of Mr. Sim Arnold was received here. He died at the home of his father, Mr. T. M. Arnold, near Marksbury, after three days of intense suffering; of congestion of the brain, in the 29th year of his age. A very long procession of friends and relatives followed the remains to Lancaster cemetery on Monday, where they were laid to rest, appropriate and touching funeral services being conducted by Elder James L. Allen. Deceased was unmarried, a member of the Methodist church and a devoted son and brother. Being social, genial and kind-hearted, he had a host of friends and admirers. He was possessed of the highest and noblest traits of character, and his attachments were lasting. Connected with a large and influential family, his acquaintance was extended, and there are many, besides his relations, who mourn his departure, and sighs will be heard and tears shed, beyond the confines of his home.

T. H. CAMPBELL.

The Stanford branch of the Kentucky Central railroad has always been the object of ridicule and the butt of jokes on account of the slow time made by the trains to and from Richmond. We long ago ceased to be amused by the stories told on the Air-tight and Great Windy, but here is a new one which will excite your risibilities, and we credit it to the versatile Lancaster correspondent of the Stanford Interior-Journal:
"The accommodating disposition of the K. C. railway officials was manifested the other day, when an old lady, flagging the train at a small station told the conductor that she wanted to send a dozen eggs to Richmond, and only had eleven, but the old blue hen was on the nest and would soon lay the other, and she wanted him to wait a few moments. The conductor kindly consented, and the cackle of the hen was the signal for the train pull out."
—Richmond climax.
This is from the pen of our friend, Judge Hughes who it has been said was the cause of Joe Mulhattan leave this State.

Cottin-Nail Law.
The following law, just passed by the legislature, goes into effect June 13th:
"Be it enacted by the General Assembly of the Commonwealth of Kentucky:
"First—It shall be unlawful for any person to sell, barter or loan or give, to make, fabricate or manufacture, to have on his premises, in his possession or under his control, a cigarette whether made by hand or manufactured, whether it be made of tobacco or other substance, whether it be covered with paper or other material, it shall be unlawful for any person to give on his premises, in his possession or under his control, any substance or material out of which any part of such cigarette could be made with the knowledge or purpose that at any time such substance or material might become a factor or in such cigarette."
"Second—Any person who shall violate the law as set forth in the first paragraph of this act, or shall evade it by a trick, artifice or method whatever, shall, upon conviction, be fined not less than \$10 nor more than \$100, or imprisonment in the county jail for not less than five nor more than 30 days, or both so fined and imprisoned in the discretion of the jury, and each violation or evasion of law shall be deemed a separate offense."
How to Find Out.
Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.
WHAT TO DO.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar.
You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention THE CENTRAL RECORD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Priceless Pain

"If a price can be placed on pain, 'Mother's Friend' is worth its weight in gold as an alleviator. My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to any one expecting to become a mother," says a customer.
Thus writes Henderson Dale, Druggist, of Carmi, Ill., to the Bradford Regulator Company, of Atlanta, Ga., the proprietors and manufacturers of "Mother's Friend." This successful remedy is not one of the many inferior medicines advertised to do unreasonable things, but a scientifically prepared liniment especially effective in adding strength and elasticity to those parts of woman's organism which bear the severest strains of childbirth.
The liniment may be used at any and all times during pregnancy up to the very hour of confinement. The earlier it is begun, and the longer used, the more perfect will be the result, but it has been used during the last month only with great benefit and success.
It not only shortens labor and lessens the pain attending it, but greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition more favorable to speedy recovery.
"Mother's Friend" is sold by druggists at \$1.00, or sent by express on receipt of price.
Valuable book for women, "Before, Baby is Born," sent free on application. THE BRADFORD REGULATOR CO., Atlanta, Ga.
HOWARD GOULD was elected to membership in the New York Stock exchange a few days ago. The privilege cost him about \$21,000. It is not expected that he will become an active broker, but that he sought membership so he could buy and sell his own securities at brokers' rather than customers' commission. The outsider must pay one-eighth of one per cent. to brokers as commission, but members of the exchange pay to another broker only \$2 for each 100 shares of stock handled. Though Howard Gould is not a speculator, he deals in securities sometimes owned by himself.
THE most powerful locomotive in the world is one which has been built by the Brooks company for the Great Northern railway. Some of the dimensions of this gigantic machine are: Weight, 215,750 pounds; cylinders, 21 by 34 inches; driving wheels, 55 inches in diameter; working boiler pressure, 210 pounds. It is about as powerful as six of the former popular 15 by 22 inch locomotives, and can pull 7,700 tons on a level track.
