**ADMIRAL DEWEY** will set sail for home in a few days. Every American will welcome his return, but there is much danger of the reception being overdone. He has proven himself the true hero in all matters so far, but the test of his conservatism will come when he is paraded before the thousands of shouting people, the blare of trumpets and boom of the peaceful gun. Now, if, when under all the excitement he refrains from making some fool speech, he will clinch his hold on the reputation for being the greatest living American. Hobson and Coughlan did deeds of daring, but, by slips of the tongue and other thoughtless acts, kicked all the fat into the fire and today stand no higher than before the war began. Being a strong admirer of Dewey, we cannot help but feel a little uneasiness for fear he will say too much, or, more than that, go to licking the paint from the lips of giddy, thoughtless girls.

THERE are a number of names mentioned in connection with republican nomination for governor, and it now looks like there will be a scramble for the place. The strongest man the republicans have, Hon. John W. Yerkes, says he will not run, but if the brethren know what is good for them, they will tender him the nomination and induce him to change his mind.

**HON. JNO. S. RHEA** has taken the stump for Stone. We hope the clever little congressman will put Lancaster on his list of appointments, as he is one of the ablest speakers in the state as well as a typical gentleman. The Court House will not hold the crowd that will turn out to hear him should he come this way.

**Kentucky Palisades.**  
Mrs. Emily B. Bristow, of Covington, owner of the famous Kentucky Palisades at High Bridge, passed through Nicholasville Saturday en route to that resort which she will place in readiness for the summer excursionists. To a reporter for the Journal Mrs. Bristow said that the grounds would be placed in finer condition this season than ever before and preparations were being made by the Q. & C. railroad to run a large number of excursions to that point this summer. The dates of the annual camp meeting have not been selected yet, but it is thought that the regular dates will be claimed. She is in correspondence with a number of ministers and lecturers now and will offer an attractive program.—*Jessamine Journal.*

The colored Regiments of the Regular Army are filling up very fast, and there are only a few vacancies left. All able-bodied colored men who can read, and all ex-soldiers who desire to re-enlist should call at once at the Recruiting Office in Lexington Business College Building, Main Street, near post office, Lexington, Ky. ma-447

**Johnnie Has His Gun.**  
Harry McCarty, of the Nicholasville Journal, says: "A newspaper man is the last person in the world to harm anyone, but if the midnight raider who tried to get into the house of the junior editor at an early hour Monday morning attempts it again he will think Dewey has his ships stationed around Nicholasville. We have two flat irons heavily loaded, a hatchet with two edges and an immense broomstick that has never failed to knock a man senseless. Besides, our diamonds and rubies are kept at the printing office in the safe with the medical cuts."

**The Gospel Truth.**  
No town ever become a city because of its natural advantages. These things may constitute a most helpful factor but a hustling, energetic people to utilize these natural advantages and bring them to the notice of investors seeking a location and to health seekers searching for a home. More than this, residents of a town must take an active interest in all municipal affairs. They should use their influence to make it an attractive place to live in—not only attractive in appearance, but in all that goes to make life pleasant and tolerable. Every man that goes a ray from Middlesboro should be a walking advertisement of the town, and those that stay at home should make every effort to justify his representations.—*Middlesboro Record.*

**What a Contrast.**  
In Louisville Monday we had occasion to call upon several of the most prominent and busiest men in the city. The cordial manner in which they receive callers caused us to think of the great contrast between such men and those high-cock-a-lorems of a little cross-road town. The former have time to stop and talk to people, while the latter cannot lay down their pens two minutes, for fear the globe will cease revolving. We would much prefer trying to interview the president of the United States than attempt to get a five minutes' chat with a back-woods mogul who is drawing a salary of probably \$500 a year and his washing. We once had the honor of talking with Speaker Reed in his private office, and we gained admission to that closely guarded retreat much easier than we could get a five minutes' talk with the average hayseed who thinks the welfare of the nation is resting on his little 2x4 shoulders. Bosh!

**Mrs. Fessenden's Lecture.**  
The large auditorium of the Christian church was crowded last Sunday night to listen to the lecture of Mrs. Susan S. Fessenden, of Boston. No other services being held in town, all denominations were represented, and a spirit of unity, noticeable in all our W. C. T. U. meetings, prevailed. Rev. Powell, who had kindly deferred a previously announced service, that the lecture might be given in his church, opened the meeting with devotional exercises. Mrs. Hubble introduced the speaker in her usual gracious manner. The music under the leadership of Mrs. G. M. Patterson passed off pleasantly. A quartet, consisting of Messrs R. G. Ward, Letcher Owsley, Mrs. Logan and Miss Eliza Lusk, rendered several selections, and the L. T. L. children sang to the tune of "Dixie", the song arranged expressly for them by Mrs. Eugenia Potts, of Lexington: "Oh, Lancaster and the loyal Legion Bear the palm in all this region. Work away, work away, work away noble band."

The lecture by Mrs. Fessenden was the feature of the evening, and was listened to with perfect attention by the large audience. A woman of fine personality, graceful and womanly on the platform, strong and effective in argument, she left lasting impressions for good upon her audience, and gave to those who came in personal contact with her a higher ideal of noble Christian womanhood. Dr. J. L. McKee followed the lecture with a characteristic appeal, and the audience showed their appreciation of the evening by responding with a generous collection. The meeting closed with the benediction by Rev. Campbell.

**The Falls City.**  
The train service to Louisville is now better than our people have ever had, and nothing better could be desired, save day passenger trains. We had occasion to visit the Falls City Monday and left here at 11:30 noon. The train arrived in Louisville at 4:30, several hours before close of business hours. Between then and leaving time of returning night train (8:30) we were able to see a number of men, take a look at the Baptists, peep in the shop windows and swap lies with a number of friends, getting home at 2:52 that night.

While many of the Baptist delegates had left the city, yet the black Prince Albert coat and chicken-stick mouth were largely in the majority on the streets and around the hotels. The outgoing trains were filled with delegates and we heard many express their delight in the royal way the Kentucky people had treated them.

The races are being well attended, but some said the horses were not up to the usual standard to be seen at Louisville. We presumed the men doing such talk had barked up the wrong tree and, in consequence, were soured on the world.  
Sam Jones has the devil suspended by the tail and the large tent is crowded with people anxious to hear and see the great gospel spreader riddle old Satan and throw hot shot into the community at large.  
The Lancaster people we saw during the few hours were Bob Hughes, Sam Harris, Burt Spencer, Frank Marksbury and several others, all of whom are in good health and prospering. Louisville has furnished employment for a great many Lancaster people and those who have gone there and huddled are now in good position. Some fifteen or twenty Lancaster young men have taken the Bryant & Stratton business course, and, through that institution secured positions of honor and profit.

**Lancaster Graded School.**  
The trustees of Lancaster Graded Common School met last Saturday and re-elected the entire faculty; the teachers having applied according to law. They increased the salary of the principal and three lady teachers. Mr. W. I. Williams was elected secretary and Mr. Theodore Currey was re-elected president of the board. The most perfect harmony prevails with the Board of Trustees, the Faculty and the people. Prof. Patterson is giving satisfaction, and the school is the pride of our community.  
A vote of thanks was tendered Capt. Wm. Herndon and Mr. Theo. Currey, for their thorough work as secretary and president of the board. At the same meeting, it was unanimously resolved:—  
"That Prof. Patterson and his entire corps of teachers, including the principal of the music department and the assistant in the Kindergarten department, are entitled to and are hereby tendered the thanks of this Board for the able, efficient and satisfactory manner in which the school has been conducted."  
In order that the benefits of the Lancaster Graded School may be extended only to those entitled to them, by the terms of the law, the following rules are adopted:—  
"Only the following children are entitled to free tuition in the Lancaster Graded Common School:  
First—Those who are of legal school

age and have a legal residence in the school district. The legal residence, of pupils, is with their parent or parents. If neither parent is living, then their legal residence may be with their guardian or guardians, whose residence is within the district.  
Second—Children, not entitled to free tuition, may be admitted to the school on the payment, in advance, of tuition, at such rates as may, from time to time, be fixed by the Board of Trustees. Pupils, not entitled to free tuition, will not be received by the principal into the school, unless evidence is produced that tuition has been paid, in advance, for the time for which the pupil is entered, or for the order, in writing, of the Board of Trustees entered on the record book. A certified copy of such order, presented to the principal, will be authority to him for the admission of a pupil or pupils. No children under school age, will be admitted at any time. By order of the Board of Trustees.

**Masonry Exposed.**  
An Illinois boy was asked to write an essay on Masonry, and here is what he wrote:  
"King Solomon was a man who lived so many years in the country that he was the whole push. He was an awfully wise man, and one day two women came to him, each holding to the leg of a baby and nearly pulling it in two, and each claiming it. And King Solomon wasn't feeling right good and he said: 'Why couldn't the brat have been twins and stop this bother?' And then he called for his machete and was going to Weyerleize the poor innocent little baby, and give each woman a piece of it, when the real mother of the baby said: 'Stop, Solomon, stay thy hand. Let the old hag have it. If I can't have a whole baby I won't have any.' Then Solomon told her to take the baby and go home and wash its face, for he knew it was hers. He told the other woman to go chase herself. King Solomon built Solomon's Temple and was the father of Masons. He had seven hundred wives and three hundred lady friends, and that's why there are so many Masons in the world. My papa says King Solomon was a warm member, and I think he was hot stuff myself. That is all I know about King Solomon."—*Exchange.*

**Recruits for the Philippines.**  
The Recruiting Officer in Lexington has just received orders to enlist a number of white men for service in the regiments now in the Philippine Islands. These men will be sent direct to San Francisco from Lexington, and from there to Manila. This will make a fine trip for able bodied men unmarried, and not over 35 years of age. It will be a chance to see the world, and possibly make a trip entirely round it. Persons desiring to enlist should apply at once to the recruiting officer in Lexington, in order to be in time.  
**June Number of The Delineator**  
Is called the early Summer Number, and combines an immense amount of authoritative and applicable advice as to what is newest and most beautiful in the world of Fashion,—including special illustrations of Bridle Costumes,—with a profusion of sparkling Literary features, Social, Household and Departmental hints and suggestions and Fancy-work detail. The story A box of oranges. By Anna Robes a Brown, recounts in sprightly fashion the exciting incidents attending the solution of an enigmatical gift. A Perfect Travelling Outfit, by Clara Bance, is a particularly seasonable topic. The descriptions of Commencement days in College News, by Carolyn Halsted, are filled with a delightful college atmosphere. Girls' Interests and Occupations, by Lafayette McLaws, is characterized by the usual zest and good humor. Of a more distinct Domestic character are the articles, A Talk to Mothers, by Edna S. Witherspoon, and Frozen Novelties, by Amelia Sutcher. The Department of Fancy Stitches and Embroideries, by Emma Haywood, Social Observances, by Mrs. Frank Learned, The Dressmaker, The Milliner, Crocheting, Knitting, The Latest Books, etc., etc., yield a rich grist of indispensable information.

It is said there are millions of dollars interested in the project. There are thousands of acres of the richest lands in this section because of the lack of railroad facilities.
