The Eclipse.

An eclipse of the sun was visible here between nine and eleven o'clock Thursday morning. The eclipse was caused by the moon passing between the sun and the earth, casting a shadow of from 50 to 100 miles in diameter, which traveled over a space of 9,000 miles in length. About three fourths of the sun was obscured in this latitude, and was visible through smoked glasses.

Well Pleased With Sales.

Dr. P. W. Foote, Irvington, was attending the loose leaf tobacco sales Friday. It was his first visit to these sales. He was well pleased with the way things were handled and thought it was a fine opportunity for the farmers to sell their tobacco. METHODIST BULLETIN

Comes From the Press For the Convenience and Information of Cloverport Church People.

The Methodist Bulletin which was issued last week for the first time, was of unusual pleasure, as well as a matter of needed information for the members and friends and the pastor of the Methodist Episcopal Church South of Cloverport.

The first edition of the Bulletin was made possible by the co-operation of the business men and the pastor, Rev. Mr. Paul S. Powell. The first page shows a picture of the church and parsonage. The inside pages give the events and proceedings of the church. One of the most useful parts of the contents is the church calendar. The last page is an excellent showing of advertisements for the leading progressive business men.

Very few churches outside of the cities are publishing church bulletins. However, the Methodist church of Morgantfield has recently published a very interesting booklet about that church. The contents were arranged by Rev. Mr. Hummel, the pastor.

TOOK PRESIDENT'S GLOVES.

Souvenir Hunter at Topeka Got Them From Overcoat.

Somebody in Topeka, Kan., parts is boasting a new pair of gloves. But they are boasting silently. The gloves are those worn by the president when he was there.

The president left his overcoat in an anteroom of the Auditorium and, there being only a score of policemen to guard the executive's possessions, a souvenir hunter managed to get away with the prize.

TOBACCO STILL

POURING IN

115,000 Pounds Sold Last Friday. Top Price For Dark \$16. Complete List of Sales.

REGULAR SALE NEXT FRIDAY.

The Breckenridge Loose Leaf sale last Friday came up to its usual standard of prices on high grades of tobacco. A leading buyer of these grades said his average was higher than any previous sale. Low grades and trashes were a little sluggish and the price was a shade lower. But on the whole it was a satisfactory sale to the farmers. There was very little dissatisfaction. Those who were not satisfied took advantage of their rights and rejected.

It was observed by many that it was the best looking floor of tobacco that has been offered. Every basket looked in tip-top order and condition; well handled and put in nice piles on the baskets. Growers are taking more pains and devoting more time to preparing their tobacco for these sales, and it pays them to do it. Nesting and trying to fool the buyers don't pay any more than it does in other lines. Manager Robertson has set his foot down on these practices and won't allow it. He says it must be a fair deal all around. The buyer, he says, must be protected as well as the seller.

More farmers ought to attend these sales.

Following is a complete list of sales:
