TO THE DEMOCRATIC VOTERS OF BRECKINRIDGE COUNTY

Having been selected chairman of the Democratic Campaign Committee of our county, I take this method of announcing to you my pleasure and willingness in cooperating with you in organizing our forces for the coming election. We realize that we have always been very much handicapped by being in the minority. This should only stimulate us to work the more for our cause. By recent legislation, laws have been enacted by which the good women of our commonwealth have been permitted to cast their votes in elections for their choice. We expect much and great results for our ticket from this source. The standard bearers of Democracy have stood hand in hand for purity and a higher standard for politics. They have fought almost to a man for the suffrage of women. This realization is

no longer a dream, but a fact. We appeal to all good women read, think and study for themselves. This we think will guarantee our Democratic nominees their support. Our campaign committees in each voting precinct will soon be named a goodly number of women will be represented on each committee. I beg of you your cooperation in organization and your influence in espousing the cause of Democracy. The voters of our county have always been very liberal with me in their support for which I am very grateful. I shall expect all Democrats to lend their energy. Let your pride appeal to you; let your duty govern you; let Cox Beckham and Johnson be your slogan; let fifty-fifty for Breckinridge county be your goal. Sincerely, Vic Robertson, Chairman Breckinridge Co. Campaign Com.

MR. MAHAN'S ADDRESS AT H'BURG

Gives Reasons For Having Farm Bureau: Outlines Attitude of Extension Div.

One notable feature of the Masonic picnic in Hardinsburg, Saturday was the after dinner speaking. After a few of the local Masons made short talks, an address was delivered by Mr. Chas. A. Mahan, State Leader of County Agents, who outlined the attitude of the Extension Division toward the Farm Bureau. Following is Mr. Mahan's address:

Why a Farm Bureau?
"We have had various efforts in the past to get farmers together and in theory it is the thing to do yet in practice it has in some cases met with disappointment. No claims of people have depended so fully upon charity of the other fellow giving him justice as the farmer. There may be several reasons for this. One of them is the isolation of the farmer in his daily work. We have at the present time many farm organizations, such as, the Grange, Farmers Union, Equity, Farmers Elevators, Live Stock Shipping Associations, Fair Boards, etc. Each of which has some particular field of activity and let us hope each succeeds in their one great field of endeavor where all may join in assisting in a common cause leading to betterment of the farmer in order that he may live better and share reasonable profits."

Why We Can Cheerfully Pay You Four Per Cent on Your Savings and Time Deposits

Tempus fugit, the old Roman said, and as time flies old customs and conditions of necessity change that if we are to keep up with the onward march of progress we too must carry the torch onward and upward. This institution prides itself on being a forward looking institution and as a result of present banking conditions feels unqualifidely able to give its depositors a larger rate of interest on time deposits that ever before.

Its Officers and Board of Directors are United in a liberal Policy, withholding nothing from its Friends and Patrons that in Consideration of Sound Banking Principles is due Them.

Compare the present statement of the Bank of Harbinsburg & trust company with the statement of thirty years ago, and it can readily be seen why a larger rate of interest is due our depositors and friends
