ESTAB STROUSE & BROS 1862

A Word to The
Wise is Sufficient.

Don't waste your time chasing phantoms. The shimmering values such as you at times see advertised are but ghostly bargains which fade as you approach and disappear before you can grasp them. The High Art store makes no claim it cannot substantiate, declares no value it cannot show. No other establishment in this broad land of ours offers such legitimate inducements, in men and boys head and foot, fall and winter wear. The clothing, hats, caps, shoes and furnishings we sell at the prices we ask is our best advertisement.

Our clothing cabinets and rearrangement of our other departments will be joint help to our trade and ourselves. These are modernized features far in advance of most metropolitan stores, and will be appreciated by our thousands of patrons. The new fall lines are in and are inimitable in style, quality, assemblage and prices. Remember our rebate plan for our out of town trade.

Let us have a call from you in person or hear from you by mail, as
