ASK THAT RECEIVER BE APPOINTED.

Thursday in the office of Circuit Clerk James B. Keys, Captain T. J. Hall, large steamboat owner, filed suit against the defunct George W. McDaniel Coal Company, which recently went into bankruptcy, asking that a receiver be appointed for the firm. The suit also alleges that George Mitchell, a member of the firm, knowing its weakness, transferred some of its property in an effort to evade the results of the bankruptcy law.

Mr. Ernie W. Ort, who has served Wyandotte Tribe I. O. R. M. faithfully and efficiently as Keeper of Wampum for several years, resigned his office at the last meeting of the tribe on account of business duties calling him from the city most of his time. It was with great reluctance that the tribe accepted his resignation. Mr. Harry M. Clark succeeds Mr. Ort as Keeper of Wampum. The tribe is to be congratulated on securing such a competent man for the vacancy.

The cottage prayer meeting of the First M. E. church, South, will be held this afternoon at Mrs. John Burwell's, East Second street, at 2:30 o'clock. It is hoped that all who can will attend.

Our price this week for butterfat, 31 cents Maysville. Bring it in any day, any time of the day, and receive your check promptly.

PHENOMENAL GROWTH OF COMPANY THAT OPERATES IN SINGLE STATE

KENTUCKY CENTRAL LIFE AND ACCIDENT HAS POLICY OF FAIRNESS THAT INSPIRES CONTINUED CONFIDENCE.

It must be a great incentive for those just beginning in the industrial life, accident and health business to review the history of the Kentucky Central Life and Accident Insurance Company of Louisville, Ky., which has had a remarkable career, for which entire credit is due President F. J. Walker and Secretary-Treasurer T. O. West. The company was organized in September, 1902, and has a perpetual charter. Beginning with little aside from self-confidence in their ability to successfully direct an institution of this character, Messrs. Walker and West now find themselves at the head of a company which is writing probably the largest business of its kind in a single State. It is needless to say that had they not dealt with unusual fairness with policyholders they could not have inspired so much confidence nor could the company have continued growing in such a phenomenal way.

The Kentucky Central Life and Accident is mutual in spirit as well as in fact, and the officers feel it their duty to treat the members liberally and to pay claims with the utmost dispatch. Despite this policy its loss ratio is not abnormal. In 1914 the premium income in Kentucky, in which state it operates exclusively, was \$576,721.60, and during that year the company paid over 59,000 weekly sick and accident and 1,222 death claims.

So effective is its policy that instead of having to seek agents the Kentucky Central Life and Accident has more applications than it can care for. Its men are prosperous and are largely of that clean, young, aggressive type which is characteristic of the officers themselves.

Although the company operates in a

restricted territory, Messrs. Walker and West were among the first to appreciate the public education in insurance and immediately took advantage of the opportunity offered to participate in the Collective Insurance and Universal Safety Exhibit at the Panama-Pacific International Exposition.

In making report of an examination of the Kentucky Central Life and Accident, Commissioner Clay of Kentucky, in one of the most searching of examinations said in part:

An investigation of the complaints filed by policyholders with the management show that the company gives special and prompt attention to same, forwarding them at once to the superintendents for investigation, with instructions to settle same immediately if found meritorious.

The death claims are principally settled in the field by the superintendents, but the policy, premium, receipt book, proof of death and receipt of payment are turned into the home office for the files.

Your examiners are glad to say in their report that the company's treatment of policyholders is beyond criticism.

We have found the books in an excellent condition, and must commend the bookkeeper for accuracy and neatness.

We found the management exceptionally strong, and commend the president, F. J. Walker, and the secretary, T. O. West, for their earnest and constant attention to the company's business.

The company is economically managed and its officers have the respect and confidence of those with whom they have dealings.

MRS. AGNES SHANKLIN

Death of This Venerable Lady At Her Home At Mayslick Thursday Night.

Mrs. Agnes Shanklin, probably the oldest person in Mason county, aged 91 years, died at her home Thursday night at Mayslick of the infirmities incident to old age.

Mrs. Shanklin was born in Ashland, and at the age of 20 came to Mason county with her parents, where she has resided ever since.

She was one of those old-time noble Christian characters that it was a pleasure to meet and be in their company, and one who could not be forgotten.

She was the widow of the late James Hopkins Shanklin, and is survived by four children, one daughter, Miss Sallie Shanklin, who lived with her mother at Mayslick, and three sons, Mr. John T. Shanklin of Johnson Junction, Mr. W. T. Shanklin of Millersburg, and Hon. S. A. Shanklin of Helena.

No arrangements have been made for the funeral.

is still in strong evidence. We continue selling them at 25% to 60% less than they will be bought for next season. The style of them is the same as next season's. You will pat yourself for having bought one this season when you see the price they will sell for next fall and winter.

The same holds good in Mackinaws, Raincoats and Suits. Our stock of Rubber Coats, Shoes and Arctics is yet in good shape. We can fit you in any of them. Embrace the opportunity and supply your wants.

HOBBIES

A prominent physician tells us that "hobbies" are healthy things for us to have, and we feel that we must be blessed with unusually good health, as we have ALWAYS had a hobby—and it's

HARNESSES!

Years ago, when leather sold for nineteen cents a pound, our boast was that we made the best harness that could be made of good leather, good thread and good workmanship. Now, when that same kind of leather is selling for forty-nine and fifty cents a pound, we still maintain that we have the best harness that can be made. All you have to do to prove that we are telling you facts is to go to the next "sale," and hear Col. Hensley Hawkins say in that musical drawl for which he is so famous, "This is a set, gentlemen, of Mike Brown's Harness. What do you bid?" Then's when you can see the farmer "set up and take notice," for he knows there will be some bidding on that harness.

This is the time of the year, when Harness is foremost in every farmer's mind, and this is the time of the year, also, when we are ready to sell him. All winter long our men have been making up harness for Spring trade, and now we are ready. Of course, it's higher than when our grandfathers used to buy it, but, considering the price of leather, it's a wonder how low in price and high in quality the Square Deal harness is.

Come in, gentlemen, we are ready to rig up those horses.
