

Bogalusa Boy Is Enjoying France

Esco Warner, son of Mr. and Mrs. W. C. Warner, writes from France of the pleasures he is enjoying and the sights he is seeing in France. Following is a copy of a letter written to his parents, which shows the splendid spirits of the Bogalusa boys who are in France:

Dear Home Folks:
I guess you have already learned our ship has arrived over here. We all enjoyed the trip fine. Some of the boys were seasick the first day or so, but I was not sick at all. Have seen lots of things that I used to read and study about when I was in school, but never dreamed of seeing them.

We are all having a dandy good time, have not been blue at all and I am going to guard against being blue and worrying about home. Of course, I would like to be at home with you all once in a while, but we must win this war, and then be at home. Now mama I don't want you all to worry about me and Claudy, for we are all right. I haven't heard from him, but I am going to try to find him soon. Bet he is a dandy over here. Mama, everything over here is so nice, until I can't help but like it.

Our American Y. M. C. A. men are just as nice and good to us and they are doing great work over here. The boys over here are friendly and good, so when you think of us, just think about the sights we will see and the good times we are having, and write us often. Will write every time that I can, and mama now please don't worry and then I won't worry. Tell papa to be good and all the children to be sweet and good. Must stop now mama, write as often as you can and give my love to all.

Lovingly, your son,
ESCO S. WARNER.

MRS. SCOTT DEAD

Mrs. Josephine Scott, age 90 years and the mother of Mrs. T. J. Dimitry, 203 Carolina Ave., died last Wednesday afternoon. Death was due to infirmities of old age. Funeral services were held here and also at New Orleans, where the remains were laid to rest in the Metairie Ridge Cemetery.

Turn Your Clock Back on Oct. 27th

If you happen to forget to turn your clock back one hour on October 27th, and get to the office on the present time, don't think that the rest of the force has overslept themselves, for Sunday, October 27th, at 2 A. M. is the date and hour for setting the clock back to the original time. However, you need not stay up until 2 o'clock, but on retiring set the clock back one hour, and then you can be even on that hour of sleep that you lost last spring.

BETTER BUY LOT NOW

If you contemplate building after the war you had better purchase your lots now while you can get them at the old prices. During the past week several deals for business and residence lots have been made by A. N. Dobbs, who is looking after the sale of the city property of the Great Southern Lumber Co. With the supply limited, and the demand for lots growing every day, there is soon going to be an advance and if you expect to build within the next two or three years, you had better pick out your lots now.

Parish Taxes Based On 50% Valuation

The Police Jury, in regular session last Friday at Franklinton, fixed the assessment of taxes for this year at 50 per cent valuation. Everyone was asked in making their assessment to give 100 per cent value and the result is said to have been satisfactory. It is estimated that the actual value of property assessed will exceed \$17,000,000, taxes to be paid on one-half of this amount.

SEVEN WAR WORK RELIEF AGENCIES JOIN IN DRIVE

Recognized Great Organizations Representing All Creeds and Elements Welded Into One.

\$170,500,000 IS THE GOAL.

Plan of War Department to Avoid Waste of Energy and Duplication of Effort Enthusiastically Adopted and Unity is Achieved.

WHAT GENERAL PERSHING NEEDS

"Give me nine men who have a hut and I will have a more effective fighting force than if I had ten men without it."

General Pershing.

On November 11 the American people will start a one week's drive to raise the largest amount of money ever given outright by any people in the history of the world.

The drive will be a new thing under the sun. For the first time Protestants, Catholics and Jews, forgetting all their differences, will line up shoulder to shoulder, welding their individual organizations together in their common devotion to the boys in the cantonments and over there. This amalgamation of the seven great agencies engaged in war work is one of the fine developments which have been brought about by the war and under the wise guidance of President Wilson.

The seven organizations which together will make this united appeal are the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C., the Jewish Welfare Board, the War Camp Community Service, the American Library Association and the Salvation Army. Each of them will need funds this Fall; each had planned a separate campaign for support. Now, acting on the suggestion of the President's letter of September 5, the seven campaigns will be rolled into one. The American people will be spared the burden of seven separate appeals, and the nation will have an opportunity to demonstrate splendidly that men and women of all creeds at home can work together, as men of all creeds over there are fighting and dying together.

Dr. John R. Mott, whom President Wilson has spoken of as one of the ablest and most useful men of his generation, has been selected Director General of the drive. It is interesting to note that Dr. Mott's name was placed in nomination by John G. Agar of the National Catholic War Council and seconded by Mortimer L. Schiff of the Jewish Welfare Board. The general committee having the campaign in charge contains such well known names as Raymond B. Fosdick, Chairman of the Commission on Training Camp Activities; George W. Perkins, Chairman of the Finance Committee of the U. S. Steel Corporation; James F. Phelan of Hornblower and Weeks; Honorable Myron T. Herrick, former ambassador to France; Cleveland H. Dodge, George Gordon Battle, Mrs. Henry P. Davison and Frank A. Vanderbilt, president of the National City Bank.

In every city, county and town the campaign will be in charge of the biggest men of the community.

Together these seven organizations represent a work that is staggering in its proportions. They have more than 15,000 uniformed workers, standing shoulder to shoulder with the boys every step of the way from home to the front line trenches. They operate more than 3,800 buildings and ship 500 tons of supplies to the boys in France every week. Fifteen miles of film set sail for the other side each week under their direction, and the regular weekly attendance of soldiers and sailors at their motion picture shows is more than 2,500,000. The Bibles furnished to the boys since the war broke out would, if piled one on another, make a pile more than twenty miles high.

"Morale," said Napoleon, "is as other factors in war as three to one." By which he meant that one man who is kept contented and happy is better than three men who are discouraged and homesick. It is the business of these seven great agencies to help maintain morale. They are keeping up the fine fighting edge of our boys, and by their ministrations, helping to put added power into our army and navy and so hasten the hour of victory when they will bring our boys home again.

It is predicted by national leaders that this great victory drive will "go over the top" in a larger way than any campaign that has preceded it.

Hundreds of Dollars Worth of Old Papers Saved Here This Year

Did you know that there were several hundred dollars' worth of old newspapers and magazines saved here this year—over two thousand dollars' worth? Did you know it is estimated that this is just about half of the waste paper of Bogalusa? If everyone in Bogalusa would save their old newspapers and magazine it would amount to about \$5,000 a year—money that has been thrown away? Think what it would mean if every family in Washington Parish would save their paper?

THE BOGALUSA PAPER CO., and the LOUISIANA FIBRE BOARD CO. WILL BUY IT—

and pay the highest market price. All that is necessary is that you keep it as clean as you possibly can. They will pay you 50¢ per hundred pounds, delivered to their plant. You will be surprised to know how quickly you can save several hundred pounds of paper.

Help the School Children Save OLD PAPERS AND MAGAZINES

If you do not want to save papers and sell them, keep them for the school children, and they will come weekly for these papers. Every school in Washington Parish will find it profitable to have the papers. Devote an hour or two collecting the old papers. The school children of Bogalusa alone saved over a thousand dollars' worth last year. This money can be used to improve their class rooms or for patriotic work.

SEE THAT EVERY PIECE OF PAPER AT YOUR HOME OR OFFICE IS SAVED!
