George Hovey McLaughlin has issued invitations to his young friends for his eighth birthday observance, Jan. 15, from 1 to 3 p. m.

Rev. Frederick Palladino, district superintendent, will conduct the fourth quarterly conference with the First and Second Methodist churches here Friday evening, Jan. 17.

The family and friends of Miss Annie Pherson regret her illness, which the attending physician pronounced a shock. She was in her shop as usual Friday evening and was there stricken. Removal was not advised and from the furnished apartment overhead all necessary things were brought. The shock is reported light.

Alfred L. Fernald's sudden death Saturday forenoon was a sad and wholly unexpected shock to his townsmen, as it was not known he was not in his accustomed robust health. The funeral occurred Monday afternoon. Prayer was offered at his home previous to the service at the Baptist church, of which be was a valued member. Rev. Gideon Mayo officiated. For the bereaved wife and two sons much sympathy is expressed.

The entertainment Friday evening at the town hall was well patronized. The drills were a special feature. A wand drill by twelve young ladies, given with red light, was fine. Very pretty, too, was the good-night drill by six little misses. These were under the supervision of Miss Haskell. The military drill by the boys included the singing by a male quartette of "Tenting on the Old Camp Ground", which was effective, a tent on the stage making the affair more realistic. The other numbers were all good, showing much painstaking by those having charge of the preparations. Miss Evelyn Dwelley was pianist. Door receipts were \$17. Jan. 13.

RHEUMA DRIVES OUT RHEUMATISM

Walks, Works and Feels Fine Again.

Right away - the first day you start to take RHEUMA-the Uric Acid poison begins to dissolve and leave the sore joints and muscles. Its action is little less than

magical.

RHEUMA works so speedily you actually can feel the Rheumatism leaving the body. A bottle costs but 50 cents, and if you are not satisfied G. A. Parcher rili return your money. Read this:

"I wish to state to you the facts and nothing but the facts. I bless the day triend brought me a 50-cent bottle of RHEUMA. I used one-half of it and it did me more good than all the other medicines I ever tried. I had been afflicted with Rheumatism all over my body for more than 25 years; I could not walk, and was a broken-down man. During that time I spent a small fortune trying to be rid of the horrible disease, but without help. However, RHEUMA reached my case, and I thank God I can again use my feet and do my work.

"Before taking your medicine I was stay-ing with a daughter on her farm, and despite her loving efforts to tempt my appetite I could not eat. After I had taken RHEUMA two days my appetite returned. Your for prosperity."—Prof. H. H. Koliing. 78. Ninth St., Richmond, Ind., Oct.
