Rev. Mr. Robinson, of Stonington, delivered a fine sermon at the Congregational church here Sunday morning. If Mr. Robinson is a candidate for the vacant pulpit, he will no doubt receive a call.

After a pleasant vacation spent at their little cottage here, Fred Robbins and wife have returned to their light station, taking with them two nieces. Frances and Irene Harmon, to spend the summer on the "Rock". Their mother, Mrs. Blanche Harmon returned to North Jonesport a week earlier.

The Rev. Mr. Trite, of Campbello, Mass., has accepted the call to the Baptist church at Manset, and with his family is now settled in the parsonage there.

Many of the cottagers are here and more are expected early in July. The Coopers, of Philadelphia, the Goodwins, of Pawtucket, the Stanleys, of Massachusetts, are all established in their summer homes, together with some of the cottage colony at Norwood's Cove.

Capt. William Herrick, who had been steadily failing for three months, died Friday morning, June 25, at the advanced age of eighty-three years and six months Although for some time his friends had felt that the grim messenger was drawing near, "Uncle Billy's" courage and cheerfulness gave some hope of a rallying of forces in the strong constitution, until an utter loss of appetite gave warning of the end of life. Capt. Herrick was a man of strong individuality and sterling worth, the friend of old and young. Possessing wonderfully retentive memory, his stories of olden times and character studies were of intense interest to the many callers who visited him for the express purpose of drawing on his store of anecdotes. He was considered an authority on all matters relating to the town's history, and the street history is indebted to him for much of its material. It seems a pity that all this rich lore of reminiscences of the older generation couldn't have been preserved as it was given in his witty and humorous relation. The funeral was held at his home, where he had been his own housekeeper for so many years, on Sunday afternoon, Rev. Mr. Barnard officiating. The interment was beside his brother Asa, his partner in business and home life until his death ten years In Capt. Herrick's illness, William Maynard has been a faithful attendant, and his niece, Myra Herrick, has given him her best care. His only remaining brother, S. Watson Herrick, has been seriously ill, but is now somewhat better. Capt. Herrick will be greatly missed.

### HOT WEATHER AND CONSTIPATION.

There is a close connection between hot weather and constipation. People do not seem to understand this, and even doctors are slow in comprehend-

Constipation depends mainly on dry. ness of the bowels. During the he weather the fluids of the body are drained away in perspiration. Unless considerable extra fluid is drunk, the internal organs are deprived of their usual amount of fluid. The fluids usually used by the bowels to keep the contents moist, are absorbed into the blood and evaporated on the surface of the body, to cool the body during the hot weather. Hence, constipation.

It is very unfortunate indeed, for any one to be obliged to take drastic catharties to relieve constipation. Of course drastic catharties will clean out the howels, but the habit of constipation remains just the same. Even a little

if a mild and gentle stimulant of the bowels is used, combined with a tonic that has the double effect of stimulating the natural peristaltic action of the bowels, as well as attracting to the bowels the necessary portion of fluids, if such a remedy could be devised it would be of great value to the people during the hot weather.

It is believed that Peruna comes

nearer to being a perfect remedy in this particular than any other popular household remedy. Taken according to the directions on the bottle, it not only increases the appetite and gives strength to the nervous system, but it produces a slight action of the bowels, overcoming constipation without producing a cathartic action.

We are in receipt of a great many letters confirming the statements made above. One will suffice for illustration; Mr. William Eckert, 273 North Eightcenth St., Columbus, Ohio, writes:

"I have been afflicted with chronis constipation for twenty-five years, "About six months ago I was feeling badly, and concluded to use Peruna as a tonic. To my surprise, before I had finished the first bottle of Peruna I noted that my bowels were moving regularly, without any physic. From that time to this my constipation has disappeared. Peruna has not only built me up, but it has cured me of chronio constipation."
