NORTHERN TRIBUNE.

Entered at the Postoffice at Cheboygan Mich., as Second Class Matter.

SATURDAY, MARCH 27, 1880.

Republican Convention.

A Republican County Convention will be held at the Town Hall, in the village of Cheboygan,

On Friday, April 30th 1880,

at 2 o'clock P. M., for the purpose of electing a delegate to the State Convention, to be held at Detroit, May 12th, 1880, for the purpose of electing delegates to the Republican National Convention, to be held at Chicago, June 2d. Also, if deemed advisable, to select a delegate to the State Convention, to be hereafter called for the purpose of nominating state officers.

Also for the purpose of electing a Republican County Committee to serve for the ensuing two years, years, or until their successors are elected, and for such other business as may properly be brought before the Convention.

The several townships are requested to hold caucuses and elect delegates to the Convention. The townships will be entitled to the following representation, upon the basis of one delegate for each 25 votes, and one additional delegate for each fraction of 15 or more votes cast at the last election for Justices of the Supreme Court.

Benton	3	Grant	3
Beaugrand	2	Inverness	4
Burt	2	Monroe	1
Duncan	1	Tuscarora	2

By order of Committee.

W. CHANDLER, Chairman.

Republican Caucus.

A Republican caucus for the township of Benton to place in nomination candidates for the various township offices; also to elect 13 delegates to the County Convention, to be held on Friday, April 30th, 1880, and for the transaction of such other business as will come before the meeting, will be held at the Town Hall, in the village of Cheboygan, on **Friday, April 2d, 1880,** at 2 o'clock P. M.

WATTS S. HUMPHREY,
G. P. LANGDON,
C. S. RAMSAY,
Township Committee.

TOWN TALK.

The crows are complaining of this weather, and not without caws.

Town election tickets printed quickly and cheaply at the TRIBUNE office.

The new addition to the Grand Central hotel will improve its appearance very much.

Nelson & Bullen sent out five teams Wednesday to Petoskey to bring in their stock of new spring goods.

The large boarding house being built by the Cheboygan Lumber company is enclosed and the roof shingled.

The TRIBUNE office is doing some fine job work and lots of it. If you want anything in the printing line call and see us.

The lumber camps have commenced breaking up. Two of the Cheboygan Lumber Co's quit this week, the second breaking up yesterday.

Miss Black will resume her dressmaking business next week in her new rooms over Weed's drug store, at which place she will be glad to see her friends.

A call for a caucus of the Republicans of the township of Benton, to be held at the Town Hall next Friday afternoon, will be found elsewhere in this issue.

The Methodists of the Cheboygan River circuit are going to build a parsonage, near their church at Riggsville. Col. H. G. Davis, of our village, donated the site.

Mr. Adolph Gerisher requests the TRIBUNE to express to the people of Cheboygan and vicinity his thanks for their very generous treatment at the time of his recent misfortune.

Lumbermen are preparing to start their drives. The indications are that all will be got out of the streams without much difficulty, including those that were left back last season.

Hon. Henry W. Seymour of the Sault is expected here in a few days on his way home from Washington where he has been spending some weeks looking after the railroad interests of his section of the state.

Postmaster Ford has employed W. P. McKillican as assistant in the postoffice. Mrs. Ford is going east to visit her friends in her former home. Mr. McKillican is a young man who, we are sure, will make many friends in his new position.

During the week the publisher of this paper has received several letters from parties from the southern portion of the state who desire to locate at Cheboygan. There is plenty of room for all enterprising persons who wish to come.

The Post and Tribune names S. LeGault, Jr., of this village, as one of the strong checker players of the state, and as likely to be one of the "dark horses" to put in an appearance and cause trouble for the boys at the proposed state tournament at Lansing this spring.

The "powers that be" should establish a signal station at this place. There is no place on the lakes where one is required more than here, and why they should be placed at very unimportant points, and none here is a question that it would take either a very wise man or a fool to answer.

The Students Club will meet at Mr. Walton's Monday evening, at which time the readings of Julius Cæsar will be completed. At the last meeting it was proposed that the club should adjourn after its next meeting until another winter, but this was voted down, and it was decided to take up Othello next.

Capt. J. W. Brown while setting the engine bed of the propeller Mary, last Saturday, had the end of the third finger of his right hand badly mashed, the finger getting caught under the bed-plate, which weighed about 600 pounds. This makes the second finger of the same hand that has been shortened for the Captain.

The political excitement over the village election at the Sault seems to have died away as suddenly as it came up. The week following the exposure by the News of the attempted Democratic steal of the presidency of the village, that paper comes out with the announcement that it is prepared to print election tickets for both parties in a manner which will defy criticism or words to that effect.

The county of Presque Isle has erected a new township within its limits and named it Krakow.

Rev. Richard Bross, rector of the Episcopal church at Alpena, died last Tuesday after a short illness.

Work on the new Episcopal church is progressing finely. It will show up as a very tasty little church.

And now comes the season of the year when bets as to the time of arrival of the first boat are in order.

Spring goods are beginning to arrive at Nelson & Bullen's. Four loads came over from Petoskey Thursday night.

McClure & Co.'s express will run this year as usual, upon the People's line of steamers from Detroit. Charlie Farr has been re-appointed agent.

The second story of Weed's drug store building is to be finished. It is understood that it is to be occupied by Miss Black as dress making and millinery rooms.

H. A. Blake is doing a rushing business. An increase of his force arrived last Saturday, in the shape of a young machinist. Weight ten pounds. Henry is happy.

Mrs. Chandler was elected vice-President of the State Missionary society for the Cheboygan Congregational conference, not for Cheboygan county as stated last week.

A meeting of the temperance workers of all organizations is called to meet at East Saginaw on Thursday, April 8. Every temperance organization is entitled to their delegates.

The Board of Registration meets at the Town Clerk's office next Saturday, April 3rd. If you desire to vote at the coming election, don't fail to see that your name is registered.

At a little practice shooting yesterday, Mr. Herrington broke twenty balls straight, and Mr. Hodge eighteen out of twenty, and Messrs. Humphrey and Ford, each, fifteen out of twenty.

During the last year, 149.80 acres of agricultural college land and 1,577,75 acres of swamp land located in this county was sold by the state. Only in one or two other counties was the acreage sold so large.

A call for a Republican county convention appears in another column. Let the Republicans in every township hold their meeting and send delegates. The proper organization of the party in the county depends upon it.

The Presque Isle County Advance says that Mr. Wm. Hagen, of Crawfords Quarry, is about to start a store, saloon, church, postoffice and blacksmith shop at what is known as Blake's corner, in the town of Belknap, in that county.

To-morrow being Easter day the services at the Town will be as follows: Morning prayer, Litany, with sermon and Holy Eucharist, commencing at 10:30 A. M. Sunday school, 12 M. Easter celebration of the Sunday school at 7 P. M.

The stockholders of the Black River Slackwater Navigation Co. did not hold a meeting for organization as was expected this week, owing to the absence of some of the stockholders. It is now thought that the meeting will be held sometime next week.

It was rumored on the street that John Mulvaugh was fitting up the second story of his building, over his harness shop, for an Odd Fellow's lodge, but, from the way it is being arranged, we would not be surprised if it should turn out to be some mated fellow's lodge.

The economical management of the Western Union Telegraph Co. have stopped the salary of the efficient manager of the office at the Sault, on account of the breakage of the cable. This only conforms to the management of the line in other respects up in this country.

The new gang saw for Thompson Smith's mill is nearly ready to put in position. It has been made entirely at Mr. Smith's machine shops at Duncan and will be a machine equal to any made anywhere, and in some points it is claimed to be superior to any others.

We have received from the publisher of "Andersonville, a story of Southern Prisons," about fifteen dollars worth of advertising which they wish inserted, for which we will receive a copy of the book, the retail price of which is three dollars. The request is declined with thanks.

Detroit is still hammering away on that Butler railroad bonus with very little more signs of securing the amount necessary than a few weeks ago. Those fifteen residents of the city worth fifteen millions of dollars have not been heard from yet, and probably will not be. The Adrian Times suggests that "Detroit wants a railroad bad—a little one for a cent,'" and that's about the one she will get unless they manufacture a little enterprise down there.

The *anti* remedy business seems to have struck this town forcibly. Last week a manufacturer of anti-fat remedy received a list of the heavy weights of the village, now comes along an "anti-slim man, and it is proposed to send him the names of H. C. Lower, Robert Robinson, A. McCarty and Will C. Whiting, lest ere long these gentlemen will evaporate entirely. Some of them are said to be *pine*-ing away more than usual this winter, and they are all about as "thin as the wind"—and this article.

Either some measures should be taken to keep cattle from running in the street or parents should keep their children at home. A few days ago some cattle in the southern part of town came across a little child about two years of age, and commenced tossing it on their horns high in the air, and before J. D. Smith Esq., who was at some distance could rescue the child, it was thrown up four or five times, and sometimes as far as ten or fifteen feet. The child was rescued and it could not be discovered that it was much injured, although it was a wonder that it was not.

Fire disposed of a small house in Duncan City last Saturday.

Attention is called to the of "Money to Loan," in another column.

It is now announced that the Erie canal will be opened for business April 15th.

We are indebted to Albert Kitchin, of San Francisco, Cal., for late California papers.

The stage came in yesterday on wheels from the woods. Mr. Littlefield reports the snow going lively in the woods.

Thompson Smith has lost several of his horses during the past few days by a disease somewhat new here, the hoof rot.

The mail carrier from Mackinaw reports the ice in the north channel all broken up and thinks a west wind would clear it out.

Very persistent jingling of the triangle failed to secure anywhere near a full attendance of a fire company meeting last night.

The dredge dropped down the river this forenoon to the Cheboygan Lumber Co,s mill to commence dredging around their lumber docks.

The Saginaw Herald has a terrible wrestle nearly every week with the name of this paper. Their last attempt made it the "Western" Tribune.

The population of Duncan City is increasing. A recent arrival is a fine boy in the family of Capt. R. H. Mosier, of which arrival the Captain is quite proud.

The ladies of the Episcopal church are going to decorate the hall for the Easter services to-morrow. From a knowledge of the ladies who have charge of the matter, we are sure it will be well and appropriately done.

Nelson & Bullen are busy taking stock. The inventory will be completed the first of next week and then they propose to open their new goods, and promise their customers one of the finest displays of goods ever brought to Cheboygan.

Bro. Steere, of the Chippewa News, has been confined to the house some time this winter with divers aches and pains. He has our sincere sympathy and wishes for a speedy recovery. Is the trouble caused by his taking too much or too little of Dr. Meyers' celebrated remedy.

Mr. Paul Fasset has been appointed keeper of the Cheboygan light house, in place of Mrs. Jane Barr, who some time since tendered her resignation, to take effect the last of this month. Mr. Fasset received his commission last evening, and will assume the duties the first of April.

Wild pigeons put in their first appearance, in this section, this season last Tuesday. It is expected they will soon be coming in large numbers, as the crop of beech nuts in this section is said to be an extraordinary large one. Some of our home trappers are already looking up their trapping grounds and trying to effect leases of the locations.

The Detroit Post and Tribune copies an item from a Petoskey paper in such a way that the general reader would infer that the NORTHERN TRIBUNE'S statistics of this season's log crop for the Cheboygan region showed only 5,600,000 feet, and that the product of Emmet county. It might be well for the Post and Tribune to take their news from headquarters.

Detroit is somewhat alarmed by the rumor that the new steamer which was announced to run between Detroit and Lake Superior will be run in connection with the Lake Superior Transit company, managed by Buffalo parties. We fear that Detroit will secure an independent line of steamers about the time she does the Butler railroad—when that city develops a little more public spirit.

Last Monday morning W. S. Humphrey went into his mother's room to regulate the fire and found her sleeping heavily and was not able to arouse her. Dr. Gerow was sent for, but for a long time it seemed doubtful if she would ever arouse from her lethargic condition, but after persistent effort for about twenty hours, she roused up some and has been constantly improving since.

Capt. E. A. Bouchard has exhausted his tin mine, on the north side of Bois Blanc island, not, however, until he had recovered about all that was thrown over from the Badger State. This week he recovered 97 boxes and 9 pigs, that remaining in the lake is tin plate, the boxes being broken up and the tin scattered so as render it impossible to recover it. The tin recovered is all on the dock at Mackinaw ready for shipment.

During the week J. F. Molony, C. A. Gallagher and Wm. Mulvaugh have devoted portion of their time to collecting aid for the Irish relief fund and have met with very good success. They hope before they close their work in this direction to secure at least $250. The cause is one that appeals to the hearts of all liberal minded persons and we would be glad to announce that the sum raised was much larger than above indicated.

In response to a request to that effect, Senator Ferry writes under date of March 23, that he has made personal application for it, and has the promise of the Postoffice Department that very soon the postoffice at Cheboygan will be designated as a Canadian money order office. For a long time there has been a demand here for Canadian money orders, and this, as soon as established, will prove a very great accommodation to many of our citizens who wish to send money to their former homes in Canada.

If you want anything in the line of ready-made clothing go to Anspach & Co.'s before going elsewhere, as they are confident that their prices can't be beat in town.

Prof. Sweet will hold his dancing school hereafter on Tuesday and Friday evenings.

The largest stock of clothing and dry goods in town is at Anspach & Co's store, and if you want anything in that line, why, of course, that is the best place in town to go and get it.

Some bargains in Dry Goods at McArthur, Smith & Co.'s.

For new designs of prints, cheviotts ginghams, &c., go to Anspach & Co's.

It is rumored that there is a prospect that our former townsman, W. F. DePuy, may soon take up his residence in Cheboygan again. We don't believe there is a citizen in the place but will join us in the wish that the rumor may be true.

J. D. Smith's saw mill this season will probably be under the management of W. H. Bunker, Esq., who, for the past two years, has had charge of Seymour's mill at the Sault. Mr. Bunker's many friends will be glad to see him back here again.

News From Abroad.

We are glad to notice that this "neck of woods" receives some attention from outside sources although the information may not be correct in any particular. The American Ship, published in New York, in the interest of navigation, as its name implies, has the following notice under date of March 13:

All along the lakes the early opening of navigation has started a new life, and anticipations of a profitable season are most hopeful. The Buffalo Board of Trade requests the Superintendents of Public Works to have the New York canals in readiness by April 10th, though it is not believed they will be opened before May 1st, on account of necessary cleaning and repairs. The Welland canal will not be opened before May 1st. The straits of Mackinaw are open, and navigation between all the principal ports has no serious obstruction. It is thought in Chicago that the chartered vessels will make a start for Buffalo by the 20th inst.

And under the head of "Telegraphic Jottings" the Cincinnati Gazette of March 18 contains the startling announcement that "the harbor pier, lighthouse, and contents at Cheboygan, Mich, were burned last evening."

How far from the truth the above items are, our readers well know, but they serve the purpose of advertising this region to the big world *outside*.

A Change of Base.

Smith Bros. have secured the services of Mr. S. H. Russell for book-keeper and general utility man at their office and lumber yard. Mr. Russell came to Cheboygan about a year ago to take charge of the books of McArthur, Smith & Co. He has just produced a handsome "balance sheet" of the books, and has brought order out of chaos in the system of book keeping in their large business, to the satisfaction of all concerned.

He will take an energy and experience into the affairs of his new employers, of value to them in their new and growing enterprises. His fellow workers in the "water-mill" will part with him with many kind wishes.

Go and see the elegant selections of the latest hair ornaments, fichus, newest shades of ribbons, ties, &c., just received at the cheap cash store of A. Anspach & Co.

Don't forget to try Anspach & Co.'s when you want a new suit of clothes, shirts, hats, &c. You will secure great bargains.

We call special attention to our new spring stock of Ready Made Clothing.

McARTHUR, SMITH & Co.

Unclaimed Letter List.

The following is a list of letters remaining in the Cheboygan postoffice, uncalled for March 27. Persons calling for these letters will please say that they are advertised:

John Andrews, John Birten, Wesley H Bush, Wolfgang Bar, Hermaldrue Bonhumme, Ferdinand Chamard, James Campbell, John Carter, Alphonse Derosier, Joseph Jeru, Miss Rose Gasher, Thomas Holland, James A Hutchinson 3; F D Hallenback, A D Jarvis, Turvan McManus, J J McDonald John F McGinn 2, Alex Monroe, George Mebuck, Frank Pellant, George Robuck 4, C H Smith 2, Henry Wood 2.

J. F. FORD, P. M.

A choice lot of hams at low prices at McArthur, Smith & Co's.

Dry Wood for Sale.

A lot of good dry wood, at $1.75 per cord, for sale at McArthur, Smith & Co.'s dock, foot of Main street. tf

Much Sickness.

Undoubtedly with children, attributed to other causes, is occasioned by worms, Brown's Vermifuge Comfits or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child. This valuable combination has been successfully used by physicians and found to be absolutely sure in eradicating worms, so hurtful to children. Twenty-five cents a box.

What is the world to a man out of health? Reed's Gilt Edge Tonic is the best corrective that can be had.

The Great Pain Reliever.

Brown's Household Panacea, which has wrought such wonders, a purely vegetable preparation. It cures cramps in the limbs and stomach, rheumatism, dysentery, toothache, sore throat, bilious colic, colds, burns, sprains and bruises, and all kindred maladies. For internal and external use. It has cured the above complaints in thousands of cases. There is no mistake about it. Try it. Sold everywhere. Twenty-five cents a bottle.

MARKET REPORTS.

FINANCIAL AND COMMERCIAL.

General markets at commercial centers in the main continue steady at the "boom" prices, but some lines are lower, especially hogs, their product, mess pork is offering largely at Chicago at a decline of from 40 to 50 cents per barrel. Wholesale markets on dry goods are firm, woolens especially, showing constant advances. Boots and shoes steady. Hardware steady but at a stand still. Burning oils declined about 2 cents per gallon. In view of the fancy prices charged by our grocers here for eggs, it might be interesting to note that they are selling at 8½ to 10 cents outside. Flour and all kinds of grain quoted lower at all seaboard points. In the item of freights, business men and consumers will realize the disadvantages of living forty miles from a public highway by a comparison of the following rates. The freight on a barrel of flour from Petoskey to Cheboygan by the overland route is $1.00, charges from Chicago to New York, 35c; New York to Liverpool, $1.15; New York to Glasgow, $1.21; New York to London, $1.22.

Important to Mothers.

Mrs. Winslow's Soothing Syrup is the only thing that mothers can rely upon for their children. It corrects acidity of the stomach, cures wind colic, regulates the bowles and gives rest, health and comfort to mother and child. During the process of teething its value is incalculable. It softens the gums, reduces inflamation and allays all pain, thereby giving rest to the child and comfort to the mother. Twenty-five cents a bottle.

A Rochester Physician's Experience.

R. Caulkins, M. D., of Rochester, N. Y., certifies Oct. 6th, 1879, that he has used the Safe Kidney and Liver Cure in his practice for diseases of the kidneys and liver, and the result has been satisfactory in the extreme. He says: "I would now prescribe the same remedy to all similarly afflicted, and you are at liberty to so state in your testimonials.

NOTICE is hereby given, that by virtue of a writ of fieri facias issued out of the circuit court for the county of Mackinac, in favor of John R. Bailey, against the goods and chattles and real estate of Peter Aslant in said county, to me directed and delivered, I did on the 20th day of January A. D. 1880, levy upon and take all the right title and interest of the said Peter Aslant in and to the following described real estate, that is to say: All of that certain undivided one half of lot number sixteen (16) of Island of Bois Blanc, as surveyed by James S. Douglass, situate in the township of Holmes, county of Mackinac, and state of Michigan, containing 29 acres and 12-100ths of an acre, all of which I shall expose for sale at public auction or vendue to the highest bidder at the front door of the court house in the village of Mackinac, in said county on the 15th DAY OF MAY, A.
