It's more than that Mr. Jeffersonian, while its been kept very quiet it's an iron clad cinch that there will be an electric road to Lexington, Michigan, inside of a year. This no doubt will be continued from time to time and chunk to chunk until Saginaw is reached.—Sunday News, Port Huron.

School - Shoes

THIS is the last week before school begins. Next week the bell will be ringing and we will hear the happy voices of the children as they go to take up their school work. It is necessary that they should be well and strong in order to make the progress in their studies that they should. We, as parents should take every precaution possible to protect and properly care for them. One of the main things is to see that they have good shoes, and this is what we want to tell you about—our Hoosier line of school shoes for children, girls and boys, ladies and young ladies in both button and lace, high cut and medium, in plain and patent tip. While these shoes are not heavy, they are solid leather and they have no equal for wear.

The Hoosier School Shoe for Children.

This little shoe is a wonder. It runs in sizes from 5 1/2 to 8. We've had them in button and lace. We also have them with hooks for the little girls.

The Hoosier School Shoe for Girls.

The Hoosier School Shoes for Boys.

Montieth who held the pastorate many years having died recently. Rev. Case is undecided as yet whether he will accept the call to the Quincy church or the one in Port Huron. Eld. Haton occupied the pulpit in the Presbyterian church in Yale last Sunday morning and evening, and preached very impressive and interesting sermons.
Notice.
At a recent meeting of the Board of Education it was decided that all non-resident students entering our high school must present at the time of classifying the money, or an order for the money, signed by the director and moderator of their home district, for the semester's tuition.
This means that all foreign students who wish to enter the Yale High School this fall must bring with them the tuition for the first semester—\$10.00 or an order for the same.
We are sending out this statement to all the directors in nearby districts and hope by this published notice in the Yale papers to bring the attention of all parties concerned—prospective students and district officers—to this matter so that it can easily be arranged for by the time that school starts.
James E. Beavis, Secretary.
