Jaroslav Cimera and His Great Band

BAND DAY is always a big feature of every Redpath Chautauqua, and from present indications it long will be. The fourth day of the Redpath Chautauqua this year is to be Band Day. Jaroslav Cimera and his great concert band will render two programs—one in the afternoon and one in the evening. The programs will include some of the well known heavy overtures, and the encores will comprise some of the popular pieces of the day. Jaroslav Cimera was born in Pilsen, Bohemia, the land from which many of our greatest musicians have come. He has, however, spent the greater part of his life in America, and the majority of the musicians who comprise his band are American born. Nine years ago Mr. Cimera was playing trombone solos with Innes' Band in concerts in Orchestra Hall, Chicago. He has also appeared as soloist with Sousa and later with Bohumir Kryl's Band. For several years he acted as assistant director of Kryl's Band, and for three winter seasons he was trombonist in the Kryl Concert Company. During his forthcoming Chautauqua season Mr. Cimera will not only direct his band, but will appear in trombone solos. Mr. Cimera is not new to the Chautauquas. In fact, he has played for three seasons past in Chautauqua engagements.

Children's Night at Our Forthcoming Redpath Chautauqua

FEATURES OF THE TABER PROGRAM.

TABER, a magician of fifteen years' experience, will be in charge of Children's Night at the forthcoming Chautauqua here. But, while especially for children, his program will be filled with surprises and fun for old and young alike. The instantaneous production of flowers and showers of silk comprises one of the features of the first part of the evening. There are also experiments in so called spiritualism. Taber's cabinet tricks never fail to astound his audiences. A committee is brought to the platform consisting of local people. One of the committee ties Taber's hands securely to rings at each end of a bar which has first been passed through an opening at the top of a post. With his hands thus securely fastened, the curtain is drawn. Soon cowbells begin to jingle and strange noises are heard within the cabinet. Then the cabinet is opened and the magician is seen tied securely just as the committee left him. A member of the committee is then taken inside the cabinet. The same noises are heard and hands appear above the curtain. When the curtain is drawn again the member of the committee is shown with the cowbells about his neck and his coat nearly removed. A true to life impersonation of the world's most famous magician, Hermann the Great, is in many respects marvellous. Taber performs a number of Hermann's best experiments with all the cleverness of the original.
