LANSING BRASS BAND.—The Lansing Brass Band, are making these pleasant nights more delightful, and are keeping themselves in fine practice, by frequent serenades.

SPRINGS.—We have heard Ald. Newbro's spring highly recommended, but never having seen it, of course what we say, is upon the recommendation of others.

SPRING BEDS.—We have purchased a spring-bed from Mr. Deal, who is to be found at Mr. Buck's, which upon trial, we find to be the best we have ever seen. It is a perfect pattern of ease, comfort and durability.

THE AURELIUS MURDER CASE.—The Ingham *News* says that C. M. Wheeler, who was arrested for the murder of his wife, has been committed to jail to await his trial at the next term of the Circuit Court.

RESIGNATION OF CAPT. A. WALKER.—The Ingham *News* says that a meeting of the Curtenius Guards on Thursday, September 15th, Capt. A. Walker tendered his resignation on account of ill health, which was reluctlantly accepted.

NIGHT DEPREDATORS.—Night depredations in Lansing have become common. Some acts of this kind, arise from wantonness and sport, some from apparent malice, and some from a desire to profit by the theft.

On Saturday night, the clothes were all stolen from the yard of Mr. F. Savage, the fence around Mr. Woodhouse's garden was thrown down, and a herd of cattle driven in, which destroyed it. The gates of Mr. Kerr's garden and Mr. Weller's opened to let in the cattle, and Mr. George Grove lost six bushels of Rambo apples.

In the fun and mischief line, a heavy business has been doing of late. Signs have been taken down and interchanged, barbers' poles put up where they did not belong, the State House yard decorated with emblems of various branches of industry, with a variety of similar freaks. A heavy chain cable, belonging to Burr & Grove, was stretched across Washington-Avenue, sustained by boxes in the middle, and made fast at the ends, for the obvious design of injuring whoever might ride or drive through the street in the dark. It is high time for a night patrol.

The cellar of Mr. Slocum, who lives on the east side of the River, was entered, and his potatoes stolen.

Cattle were turned into the garden of Mr. N. Chapman, and destroyed it.

RESOLUTIONS ON THE DEATH OF E. H. KING.—At a regular meeting of the cincinnatus Society of the Agricultural College of Michigan, held Sep. 30, 1859, the following resolutions were unanimously adopted:

Whereas, Scince the first time scince the organization of the Institution, the angel of death has entered our midst and forever removed from among us, Edgar H King one of our number. therefore,

Resolved, that in this death our society has lost an able and efficient member, and the College an honest and devoted Student.

Resolved, that we deeply sympathise with the parents and friends of the deceased, in the great loss which has so sudenly and unexpectedly come fallen them. In our acquaintance with the deceased, we had learned to admire his amiable disposition, and respect his uprightness of character, confidently looking forward to his future as one of triumph and success. But death has interposed and claimed his victim, thus forever ending those bright anticipations and cutting short all plans of future usefulness. Though we may no more meet him in those Colleg halls, or on these College walks, yet his bright example remain with us his virtues are ours to imitate

Resolved, that we tender our thanks to Mr and Mrs Lane, our worthy Steward and Stewardess, for their kind and unceasing care of the deceased during his sickness

Resolved, that these resolutions be offered for publication in the several newspapers of Jackson and Lansing and in the Michigan Farmer, and that a copy of them be forwarded to the brothers and friends of the deceased

A. N. PRENTISS,
GEO. W. HAIGH,

Committee.

In respect to the above manuscript, as to all others, the printer's rule has been followed, to "follow copy, if it carries the compositor out of the window."

☞ The following communication from one of the oldest and most influential men of the township of Plymouth, in Wayne county, cannot fail to commend itself to the attention of all who are similarly afflicted:

PLYMOUTH, 20th August, 1859.

To the Editor of the Michigan Christian Herald:

DEAR SIR—I feel it my duty to communicate through your journal the following facts, not only as an expression of my thankfulness to Dr. Kermott of your city, but that those suffering from like diseases may know who cured me after all hope was gone.

Previous to March, 1858, I had suffered for several months from asthma and bronchetis. During these months I employed several of our regular or old school physicians, but the disease gradually wasted me away. I expectorated great quantities of dark fæcid matter, had several attacks of bleeding from my lungs, had become so far reduced that I was not able to leave my room, had chills and fever with night sweats, in fact, all who saw me pronounced me in the last stages of consumption and a victim for the grave.

At this time I was informed that Dr. Kermott was helping Mr. Servies and Mr. Booth of diseases of the lungs when they were greatly reduced. I felt anxious to see him. My brother went to Detroit and brought him to my house, when, after a careful examination, the Dr. told me there was yet hope in my case. He prescribed for me, and after taking his medicines six months, during which time I gradually regained my health, I was discharged, and am to day happy in the enjoyment of life and its blessings. I will add that I have been cured contrary to the expectation of all who saw me at the time.

Ever grateful, I am, yours, &c.,
GEORGE SCOTT.

Dr. Kermott devotes his time exclusively to the treatment of chronic or lingering diseases, and will visit Lansing on the the 13th and 14th of every month.

230w4

☞ Dr. J. W. KERMOTT, Eclectic Physician and Surgeon, would most respectfully announce that he will visit St Johns on the 12th, Lansing on the 13th and 14th, and Howell on the 15th of every month, where he will be happy to meet his old friends, and especially those who are afflicted with chronic and lingering diseases.

To the Citizens of Michigan.

We are sorry to know that Dr. J. S. WOOD is about leaving us for Lansing, Michigan. We fear that his place among us will not soon be filled. Most cheerfully we say, that from long acquaintance with Dr. W., both professionally and socially, we know him to be eminently qualified as to skill and integrity.

He has long enjoyed the reputation here, of "*The best Dentist in Albany.*" We congratulate the citizens of Lansing that he is to be one of their number.

SPECIAL NOTICES.

☞ See advertisement of Dr. Sanford's Liver Invigorator and Family Cathartic Pills, in another column.

☞ The most terrible foe we have to encounter in this country is Consumption. First manifesting itself in the form of a slight cold, it gains strength while its victim is unsuspicious of danger, and sooner or later, in nine cases out of ten, terminates fatally. Among the various remedies before the public for the cure of this terrible disease, none is equal to Hoofland's Balsamic Cordial. Even this may not cure you; but, if the disease is not too far advanced, you may confidently rely upon it. Try it.

Prepared only by Dr. C. M. Jackson, No. 418 Arch st., Philadelphia, and for sale by druggists and storekeepers throughout the United States and Canada. Price 75 cts. per bottle. 4w232

Another Case of Dyspepsia.

BALDWINSVILLE, N. Y., March 4, 1856.

DR. C. M. JACKSON—*Dear Sir*,—Having received great benefit from the use of Hoofland's German Bitters, I think it my duty as a friend of mankind to let them know it. I had for years been afflicted with Dyspepsia, arising from an affection of the Liver and derangement of the stomach. I was under the care of the Physicians of this vicinity, but obtained no relief. I was induced through the advice of a friend, to commence the use of your Bitters, and took faithfully, according to directions, three bottles, which entirely cured me, and I now find myself in as good health as I have ever enjoyed.

Respectfully yours,
JOHN C. QUEENS.

Ask for Hoofland's German Bitters. Take nothing else, and see that the signature of C. M. Jackson is on the wrapper of each bottle. These Bitters are for sale by druggists and storekeepers in every town and village in the United States, Canadas, West Indies and South America, at 75 cents per bottle. 2w232

Inflammations.

N. Bingham, a celebrated Physician of Utica, N. Y., says—"I have treated cases of Inflammation of the Brain, Inflammation of the Lungs, Inflammation of the Bowels and Kidneys, Inflammatory Rheumatism, Child Bed Fever, with Dr. Trask's Magnetic Ointment with perfect success, even when all internal remedies have failed, also cases of Croup, Scarlet Fever, Canker and Ulcerated Throat and Lungs, with like success. In the Epidemic known as the Putrid Erysipelas, by which so many valuable lives were lost, I tested it frequently and never failed of effecting a speedy and certain cure. In cases of Burns, Sprains, Bruises, Frozen Limbs, Chilblains, &c., it cures like a charm. No Physician or family will be a single day without this medicine, after becoming acquainted with its power to cure."

SORE LIPS, CHAPPED HANDS AND CHILBLAINS, are completely cured by two or three applications of the Magnetic Ointment.

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers, her

SOOTHING SYRUP,
For Children Teething,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and *Relief and Health to your Infants.*

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine,—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after ten years' experience, and pledge our reputation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most Experienced and Skillful Nurses in New England, and has been used with never failing success in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcome convulsions, which, if not speedily relieved, end in death. We believe it the best and surest remedy in the world, in all

Mrs. WINSLOW'S SOOTHING SYRUP.

FOR CHILDREN TEETHING.

DISEASES of the STOMACH and BOWELS, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine, unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

MORE TO BE ADMIRED THAN THE **RICHEST DIADEM** EVER

Worn by Kings or Emperors.

What! Who, a Beautiful Head of Hair.

BECAUSE it is the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, *harsh and dry*, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, it used two or three times a week, will restore and permanently secure to all such an ornament. Read the following, and judge. The writer of the first is the celebrated Pianist, Thalberg:

New York, April 19, 1858.

Dr. Wood:—*Dear Sir*,—Permit me to express to you the obligations I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your "Hair Restorative," it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable.

I am, dear sir, yours truly,
S. THALBERG.

Welsh Newspaper Office, 13 Nassau st.,
April 12, 1858.

Prof. O. J. Wood:—*Dear Sir*,—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it my wife, who concluded to try it on her hair little thinking at the time that it would restore the gray hair to its original color, but to her, as well as my surprise, after a few weeks' trial, it has performed that wonderful effect by turning all the gray hairs to a dark brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair.

CHARLES CARDEW.

New York, July 25, 1857.

Prof. O. J. Wood:—With confidence do I recommend your Hair Restorative, as being the most efficacious article I ever saw. Since using your Hair Restorative, my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.

J. G. KILBY.

Prof. Wood:—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many remedies to no effect. I commenced using your Restorative
