# INFRACTIONS OF REVENUE LAWS

### Government Officers Said to Have Discovered Violations

Following the visit of T. N. Rush and A. W. Walker of Bay City, revenue officers in the government service, to this city, it is reported information has been filed with the revenue department, covering several alleged infractions of the law in the Calumet district. This action, it is understood, does not in itself constitute the initiation of prosecution, it being left entirely to the department to decide whether or not the offense is serious enough to warrant lodging complaint with the attorney general.

The officers above named spent several days in the Calumet district, their business taking them principally to liquor establishments and cigar factories. It is understood that the reported violations of the law were of a minor nature, such as the failure to destroy revenue stamps already used.

### IN THE JUSTICE COURTS.

#### Ownership of Dog Question in Dispute Before Justice Jackola.

One of the unusual cases which frequently occupy the attention of the various justice courts, will be taken up by Justice C. O. Jackola next Wednesday, when the court will endeavor to decide the disputed ownership of a dog. Ordinarily this probably would be a question for the dog tax collector to decide, but inasmuch as that individual has not been conspicuous in Calumet township for several years, it appears it is up to the court.

From the little that can be learned of the case, it seems the noble canine originally was owned by one Richard Christofson of Osceola. But more than two years ago, Christofson left for Bingham, Utah, and before his departure is said to have presented the dog to Matt Kurie of Calumet, although Christofson claims he merely loaned the animal to Kurie. Recently Christofson resumed his residence in Osceola and anticipating the coming hunting season, claimed the dog. Kurie, who claims he spent much time with the animal, teaching it to hunt, believes he has the right to retain the dog. The court has been appealed to for judicial action, which has been promised for Wednesday.

Emil Frederickson and George Conley were arrested by Night Officer Paul Spidlar and arraigned before Justice Jackola last evening on the charge of creating a noise and disturbance. Fines of one dollar and costs, amounting to \$6 were meted out for each.

John Hoekin, charged with non-support, was given a hearing by Justice Jackola Saturday and was ordered by the court to take immediate steps to care for his wife and family.

The case of Charles Haldimar, charged with slander on complaint of J. Vivian, was this morning adjourned by Justice William Fisher until one week from today.

### FOREST FIRE RESOLUTION.

#### Calumet Township Make Take Action at Meeting on Thursday.

When the Calumet township board holds its October meeting Thursday afternoon, it is probable the resolution suggested by Thomas Wyman of Munising regarding the placing of a limitation on the starting of bush fires in the clearing of land, will be presented for action. The resolution would prohibit the starting of such fires from April 15 to July 1 and from Sept. 1 to Nov. 1. Authorization for the enactment of such a resolution is found in Sections 4, 5 and 6 of the compiled laws of 1897, pages 3466 and 3467.

If the resolution is passed by the board, notices will be conspicuously posted in the woods and slashings and a penalty will be provided for any violation. It is the idea of the resolution to restrict the starting of bush fires until the danger they will pass beyond control is least.

### START DOUBLES' TOURNEY.

Manager Hoffenberg of the Cubs bowling alleys announces that the first tournament in doubles, will be started on the Cubs alleys Thursday evening. It is planned to make the doubles tournament a monthly event at the Cubs alleys and suitable prizes will be hung up. Tony Reshovsky also has hung up a prize of three dollars' worth of merchandise each month for the high score on the Cubs alleys.

Negotiations are being conducted for a match between the Cubs and the Commercial teams for Wednesday evening.

### TOUR OF INSPECTION.

John R. Stanton of Boston, the newly elected president of the Wolverine and Mohawk mines, and a party of friends visited Gay yesterday to inspect the stampmills of these companies. The trip was made in two special cars over the Mineral Range road. Mr. Stanton, who has been in the copper country several days, expects to return to Boston this week.

### ROAD WORK CONTINUES.

#### Osceola Township Has Force of Sixty Men on Improvement.

Osceola township is taking the fullest possible advantage of the splendid weather for road making purposes by increasing the force of men engaged in the improvement project undertaken about a week ago. The work being done is a section of the proposed road from the Oneco mine location to Calumet, the entire road to be four and one-half miles long, about two and one-half miles being in Osceola township.

While the officials of the various townships are negotiating for the right-of-way, Osceola township has undertaken to improve a stretch of road about a mile long, just east of the street car station, which will be a part of the complete highway. Sixty men and ten teams are now employed in furthering this project and splendid progress is being made.

It is understood that considerable progress has been made in securing the right-of-way for the road in Osceola township.

### COLOSSEUM IS CLOSED.

Manager Harry E. King of the Colosseum announced today that the big rink will be closed from now until the new sectional maple floor is installed. It had been planned to build the floor in sections and keep the rink open for roller skating on the cement floor, until the entire new floor is complete. Now, however, the rink will be turned over to the carpenters at once and the flooring laid in its proper place. From one week to ten days will be required to make the improvement complete.

# P. H. FINNEGAN IS FOUND GUILTY

### Former Calumet Man Used Mails to Defraud, It Is Held

Peter H. Finnegan, formerly of Calumet, indicted by a federal grand jury for the misuse of the United States mails in promoting fraudulent mining enterprises, was convicted in United States district court at Marquette last night on one of the five counts of the indictment, the only one on which the case was submitted to the jury.

The verdict was brought in at 9:25 o'clock, after the jury had been out about four hours. The defense was not brought to a close until the middle of yesterday afternoon's session, testimony having been taken for the week past and the arguments of counsel and the charge of Judge Sessions took up the remainder of the afternoon.

The end of the Finnegan case marks the close of the criminal calendar for the September term.

"Mr. Finnegan is charged with having used the United States mails to promote, carry out and execute a scheme to defraud," said Judge Sessions, in his charge. "The indictment contains five counts, each separate and distinct. The third, fourth and fifth counts have been abandoned. Your verdict will relate to the first count solely."

Judge Sessions held that the case would not be submitted on the second count, he having sustained a motion to that effect by the counsel for the defense. The motion as to the first count was overruled.

People in various parts of the country were sold stock of the Calvin-Arizona Copper company and the Calvin-Sultana Copper company for which Finnegan represented that he was the agent. The indictment charged that he received money in payment for the stock, which was not delivered in any instance, through the postoffice at Calumet. The Calvin-Arizona Copper company practically went out of business in 1907, it is said, while Finnegan's transactions were made in 1911 and 1912. It was shown that he did not deliver the stock, and it was asserted he did not intend to. Most of the purchasers made part payments for their shares, it was testified.
