CANNING FACTORY TO RUN THIS YEAR

Plenty of Acreage Secured for Season's Pack, and Prospects Look Very Bright

The public meeting at the Auditorium last Friday evening was not as well attended as hoped for, but nevertheless considerable enthusiasm was shown.

Mr. Fred J. Strong, receiver for the Michigan Canned Food Co., was present and explained to those interested in the growing of peas that if enough acreage could be secured for this season the Yale factory would operate this year.

A large acreage was taken and Saturday seed was given out and planted. And since that time many more farmers have since expressed their willingness to put in a crop of peas, in fact more acreage is in sight than can be taken care of.

It is now an assured fact that the Yale plant of the Michigan Canned Food Co. will be a busy place again during the season, giving employment to a large number of people.

Mr. Strong is a man well posted in the canning business, having had considerable experience in this line.

He owns two canning factories in Wisconsin which are successful, and says that under competent management there isn't a question of doubt but that the Yale plant will pay out. Here's hoping.

C. of C. BANQUET

Wednesday evening, May 24th, is the date set for the get-together meeting of Yale citizens, business men and the farmers surrounding to talk over the advisability of organizing a Chamber of Commerce.

A banquet will be served by Mrs. Jennie Huier in the Co-Operative building, formerly John Hutton's hardware store at 6:30, and a nominal charge made per plate. After the banquet is over with, speakers from neighboring towns will explain how such organizations operate and work out in their communities.

A short program of music, solos and quartets will be provided to help liven up things generally. Every business man and citizen of our city, and farmer of the adjacent territory is urged to grace this occasion by his presence.

J. I. Rosenthal is the chairman of the committee that has the sale of tickets in charge, and you will no doubt be solicited to buy a ticket. If you are not visited by one of the ticket committee don't feel that you are slighted. Just look up one of them and secure a ticket to the banquet.

Each and everyone is wanted to join in forming such an organization, and do his part towards bringing about better conditions.

Why The Editor Left Town

Somebody sent the editor of the Poketown Gazette a few bottles of home brew, relates the Dallas Mirror. The same day he received for publication a wedding announcement and a public sale notice. Here are the results:

William Smith and Miss Mary Anderson were disposed of at public auction at my farm 1 mile east of town. She wore a beautiful cluster of roses on her breast and two white calves, before a background of farm implements too numerous to mention in the presence of about 60 guests including 2 milch cows, 6 mules and 1 bobbed. Reverend Jackson tied the nuptial knot with 200 feet of hay rope, and the bridal couple left on one good John Deere gang plow for an extended trip with terms to suit the purchasers. They will be at home to their friends with one baby buggy and a few kitchen utensils after 10 months from date of sale to responsible parties and some 50 chickens."

The business man who makes the biggest success is the one who advertises all the time.

MOTHER AND DAUGHTER GATHERING FRIDAY EVE.

Nearly two hundred mothers and daughters met at the Methodist Episcopal church on Friday evening, May 12th at 6:30, and repaired to the dining room where all were seated at tables decorated with runners of yellow crope paper and adorned with bouquets of yellow tulips and white lilies. The walls of the room were tastefully decorated with the same colors.

After the invocation by Mrs. F. D. Mumby all were quickly and efficiently waited upon by a corps of young men to a banquet in three courses, while an orchestra provided excellent music. Mr. Drayton, Willard Gough and Archie Ludington sang "That Wonderful Mother of Mine." Mrs. R.E. Andrae opened the after-dinner program with a happy little welcoming speech, honoring mothers by quoting that as "God could not be everywhere, therefore He made Mothers." She introduced the principal speaker, Mrs. R.G. Burwell, from Port Huron, who gave an address on the subject "Mother Love and Daughter Worth."

There was splendid truth in the many good things that Mrs. Burwell said, and many thoughts left for both mother and daughter which should help to strengthen the love of the one and the worth of the other.

Frances Andrae sang two numbers, "Sing! Sing! Birds on the Wing," and "The Little Brown Owl", so pleasingly that she was persuaded to give an encore.

Doris Parks recited the quaint little poem, "I dreamed that I was Mother dear, and Mother dear was I."

Mrs. A. T. Greenman spoke intelligently and charmingly on the subject of "Daughter."

A selected piano solo by Nila Holden was much appreciated. This was followed by a reading from Mrs. C. T. Peacock, who gave Edgar Guest's "She othered Five," and also responded with another of Guest's poems.

The last number of the evening's entertainment was given by Neva Ostrander, who sang (a) "Sunshine Song," and (b) "The Mother Rose," with Mrs. Staley accompanist.

LIKES CALIFORNIA

232 Fourth Street, Redlands, Calif., May 10, 1922 James A. Menzies, Yale, Michigan.

Dear Mr. Menzies:—Until further advised please address our paper to No. 2005 North Nevada Ave., Colorado Springs. We expect to be there the latter part of the month.

We arrived here from Los Angeles last Saturday; during our sojourn we spent a week in San Diego, and met a great many of the old Yale residents, and I can assure you we had a very pleasant time. They seem delighted with the country, good, healthy and happy. Through the courtesy of Mr. Otto, a brother-in-law of Mr. Ruh, we had an opportunity of seeing the surrounding country and the beautiful scenery; in Los Angeles we met many of the old Yale residents, called on Mrs. Francis, also Mrs. Parkinson, of Long Beach. We expect to go from here to the Yosemite Valley, and will spend a few days in San Francisco.

I am glad to say that Mrs. McColl is very much improved in health and is delighted with sunny California.

With kindest regards to yourself and family, I remain, Yours very truly, James McColl

PLAN HOSPITAL FOR MIND SICK

American Legion Wants 200 Beds at Ann Arbor

Ann Arbor, Mich., May 11—Plans for the erection of a 200 bed hospital in Ann Arbor for mental cases among Michigan former service men were outlined by Dr. Frank Broderick, state welfare officer of the American Legion, at a meeting of delegates from the second district here on Wednesday afternoon.

Hearty endorsement of the plan to erect a government hospital in Ann Arbor was given at a dinner which followed. Dr. Broderick declared that if the government refused to erect a hospital in Michigan the American Legion men of the state would locate a hospital here so that Michigan veterans might not have to be sent to Illinois, Wisconsin or other states as at present.

Definite announcement that the 1922 state convention of the American Legion would be held in Ann Arbor Tuesday and Wednesday, September 5 and 6 was made following a meeting and dinner at the chamber of commerce last evening. The meeting was attended by delegates from the various legion posts of the second congressional district of Michigan, by several state officers of the legion and by the convention committee of the Chamber of Commerce.

Hearty co-operation in arranging and carrying out the convention plans were pledged by the legion officers and delegates and by the Chamber of Commerce and convention committees representing both organizations will begin definite work at once.

Shower for Bride Elect

A rather unique function was that of the shower given by Mrs. Harvey Bricker last week for Ethyle Ulrich, in-as-much as it came as a surprise to the recipient.

Miss Ulrich was driven to the home of Mrs. Bricker, where she found twenty-five young ladies, married and single, busily working upon holders and towels. She was persuaded to stay as the guest of honor, and a delightful evening was spent.

The holders and towels were presented to Miss Ulrich when finished, together with a miscellaneous shower of gifts.

A dainty luncheon was served by the hostess at ten o'clock.

"THE RIVALS"

Oh, no! Not a newspaper sensation, but a decidedly pleasing operetta to be given at Princess Theatre Friday evening, May 26th, by 45 of the cleverest girls you ever saw. They sing joyously of "milk" at the picnic and sunshine and rain, "in the depths of the caves." They go ghost hunting and candles, and then there is that terrible (comic) initiation.

The music is by that practical hand, Dr. W. Rhys-Herbert, who has so often pleased you in the past with his attractive melodies. "The Rivals," or "A Pretty Pair," is to be one of the biggest events of the season, and the first of its kind in Yale.

On Thursday afternoon of last week a company of ladies from Peck, Watertown, Speaker and Yale, to the number of thirty-five gathered at the home of Mrs. Ed and Mrs. George Young and spent a pleasant, social afternoon in honor of Mrs. Ronald Toft, neice of Mrs. Young and a recent bride.

BATTALION FOR SELFRIDGE FIELD

Michigan to Get Army Section In Redistribution

Washington, May 11—A virtual redistribution of the regular army in the interests of economy and efficiency was announced today by the war department.

This redistribution is to make the smaller army congress has authorized, more effective.

Practically the entire army is now needed, the department said, to prepare and conduct the training camps this summer.

In addition to the transfer of four army corps area squares, the department announced the orders for troop movements, some of which are said to be tentative.

In this the sixth corps area: a battalion of the 54th infantry will be moved from Camp Grant, Ill., to Selfridge Field, Mich., unless that regiment should be rendered inactive because of reduction of the army.

A GOOD START FOR TEAM

On Monday evening last about twenty base ball players and fans gathered at City Park and enjoyed a good hour and a half practice. It was a funny sight to see a couple of the old timers mix in with the boys. But they did fine anyway.

Prospects certainly look good for a real fast city team for the present summer, and with hard practice, the boys can put themselves in shape to go up against the best of them.

Below we publish a possible team for our city:—
Catcher—Menery
Pitchers—Gough, Hallman and Summers.

1 B—Sheehy
2 B—Hallman
3 B—Summers
S B—Reamer
R F—Zinzo
C F—J Armstrong
I F—H Armstrong
How does this line-up look to you, boys? Couldn't be beat in this part of the state.

Now if you fellows will only get busy and practice you will find that the gang's with you.

FOR DECORATION DAY

ST. CLAIR CO. FARMERS TO IMPROVE LIVESTOCK

The St. Clair County Farm Bureau has as one of its principal projects this year the improvement of the live stock of St. Clair county. In keeping with this project, the county organization has planned a county meeting at the farm bureau office in the Federal building at Port Huron on Thursday, May 25, at 1:30 p. m.

The object of this meeting is to form a county livestock improvement association which will have as its purpose the improvement of live stock in St. Clair county. Every breeder of live stock, whether of purebreds or grades, should be interested in this meeting and this project, because of the fact that the organization will aim at the improvement of all live stock, cattle, sheep and swine.

One of the first problems to be undertaken will be that of the eradication of bovine tuberculosis. Dr. Rich, of the Federal Bureau of Animal Industry, will be present at this meeting to discuss the work as it is being carried on in other counties of the state. Live stock men of this county are demanding that this work be carried on in this county as soon as possible. The success of this work will depend upon the co-operation of all the farmers of the county.

Prof. O. E. Reed, of the Dairy Department of the Michigan Agricultural College, will also be present. He will discuss the activities that may be carried on by a live stock improvement association. Prof. Reed has a message on the dairy industry of Michigan that every farmer should hear.

Every live stock breeder of St. Clair county is urged to be present at this meeting. An invitation is extended to all.

NEWS CHANGES HANDS

Well, folks, I've taken over the "News." This is my first venture into the ranks of newspaper publishers, so I've got to make it a successful one.

So many Lexington folks have got the habit of bringing in the news items that they run across that the news almost seems to come in by itself. The merchants of the town realize the value of advertising in their home paper, and so I don't have to go ad hunting. I've worked at the trade for about five years now, so I'm able to take care of that part of the work—getting the paper out and giving job work the attention it needs.

There's a rather nice print shop here to work in, and Lexington seems like a fine town. The lake looks mighty good, too, though I haven't been in it yet. I like this place, and I'm trying to make the place like me.

Come in and get better acquainted. I may be too busy to talk to you, but I'm never so busy I can't listen to you. I want to know folks so they won't have to "Mr." me, I'm more used to being called Jack Spencer.

The above item is taken from the Lexington News, and Jack has many young friends in Yale, all of whom will be glad to know that he is making a good start in his chosen profession.
