

FALL OF LARISSA.

Rouses Revolutionary Sentiment in Athens.

Greeks Retreat to Pharsalos—Turks Are Jubilant—Ex-Minister Ralli Says Retreat Was Unnecessary.

Athens, April 26.—The Greek army has fallen back to a second line of defense. A dispatch was received from Prince Constantine Saturday to the effect that the Greek army, after a terrific battle at Mati, was driven back by force of numbers and had retreated to Pharsalos. Col. Mastrapas' brigade, which had been repulsed at Mati with great heroism, was not able to keep its position and withdrew toward Tyrnavos. In a war council presided over by Prince Constantine it was decided to leave Tyrnavos and Larissa and withdraw toward Pharsalos, about 20 miles south of Larissa, where a decisive battle will probably take place. The Greek army withdrew in perfect order, although pursued by overwhelming numbers of Turkish infantry and cavalry. The brigades under Cols. Smolentz and Dimopoulos withdrew from the passes of Reveni and Boughazi in good order. The wounded remain at Larissa under the protection of the Red Cross flag.

Half a dozen or more attacks were made by the Turks before they finally succeeded in driving the Greeks back to Kazaklar. From Kazaklar they retreated to Larissa, which place they evacuated without a struggle simply because the Turkish troops were rapidly inclosing them in a trap. With the south still open, the Greeks took advantage and withdrew to Pharsalos, where it is expected the next battle will take place. Upon reaching Pharsalos the troops began to intrench themselves in anticipation of pursuit by the Turks.

Feeling at Constantinople.

Constantinople, April 26.—The triumph of the Turkish arms has caused the liveliest satisfaction here. The following telegram from Edhem Pasha is posted everywhere: "Larissa was occupied to-day by the cavalry of the imperial army. The Hellenic troops fled in disorder, abandoning a large quantity of arms and ammunition."

Ahmed Hifsi, commander of the Turkish forces in Epirus, telegraphs that the Turks have recaptured Pentepodia fortress. The Greeks had 300 killed and 219 wounded. The Turks had 51 killed and three wounded, and they captured 62 Greeks. A large quantity of stores, ammunition and Gras rifles was abandoned by the Greeks.

Anger at Athens.

London, April 27.—The most serious feature in the Greco-Turkish emergency is the revolutionary feeling displayed at Athens. Ex-Minister Ralli, leader of the principal opposition group in the legislative assembly, threatened that unless the military staff was changed he would issue a proclamation to the people. His statements acted like oil upon fire, and the popular excitement has flared up. Crowds assembled in the streets to discuss them and wanted to march to the palace to read them to King George. Fortunately, heavy showers drove the people indoors.

Delyannis Forced to Act.

M. Delyannis, keenly alive to the necessity of immediate action, had an audience with the king, and after the interview announced that the staff of the crown prince would be recalled and that ex-Minister Ralli, with three of his nominees—Gen. Smolentz, Gen. Mavromichali and Col. Dimopoulos—would be appointed to replace them.

Ralli Denounces the Prince.

In an interview M. Ralli unsparingly denounced Constantine's staff, which he holds responsible for all that has happened. He denies that there was any real battle at Mati; says the Greek troops were never defeated at that point, and attributed the sudden decision to abandon Tyrnavos and Larissa to the cowardice and incapacity of the general staff.

Whatever may be the value of M. Ralli's strictures, they seem for the moment echoed by the voice of the multitude. Newspapers which only the other day were eulogizing King George and M. Delyannis for having placed themselves at the head of the national crusade are now hounding on the people against the constituted authorities.

Says Retreat Was Unnecessary.

M. Ralli believes the abandonment of Tyrnavos and Larissa to have been not only unnecessary but most ill-advised, as it endangered the safety of Gen. Smolentz's column, which, however, fortunately succeeded in making its way to Pharsalos. One Greek battalion, entering Tyrnavos after the Turkish occupation, was compelled to surrender. The army, as a whole, retreated in small detachments to Pharsalos.

Advancing on Prevesa.

Athens, April 27.—A dispatch from Arta filed at 2:45 Monday afternoon says the left wing of the Greek army at Epirus, under the command of Col. Golphinopoulos, was advancing victoriously on Prevesa. It was garrisoned by 2,500 Turks. For two days there had been heard the continual booming of cannon from the Greek war ships, but the garrison still held out.

Prominent Personages Wedded.

St. Louis, April 27.—Dr. John F. Rilli, of Augusta, Me., was married to Mrs. Laura Colman Liggett, daughter of Hon. Norman J. Colman, ex-secretary of agriculture, at the residence of her father in this city. Dr. John Snyder, pastor of the Church of the Messiah, performed the ceremony.

Famous Mathematician Dead.

Syracuse, N. Y., April 27.—Dean John Raymond French, vice chancellor of Syracuse university, died at his home in this city Monday. He was 72 years old. He was regarded as one of the best mathematicians in the world.

EFFECT OF THE WAR.

Dun & Co. Tell How It Influences the Market.

New York, April 24.—R. G. Dun & Co. in their weekly review of trade say: "If either Turkey or Greece had been wholly buried in the sea, markets might have been affected less than by the outbreak of war in Europe. Like fire in the heart of a crowded city, it raised the question if a general conflagration might spring out of it. To this possibility, and not to the direct influence of either Turkey or Greece upon the world's money or produce markets, was due the excitement in grain and stocks. As the unknown is magnified, American markets were much more flighty than European, where the possibilities have been discussed and partly discounted for months. But the uncertainty remains, and will affect the movement of money and staples until it disappears, creating a larger demand for American produce at higher prices, causing hasty speculative selling of securities at times, but also more continuous buying by foreign investors, and not improbably influencing the attitude of foreign powers on questions important to this country."

"Wheat rose six cents from Thursday to Monday, and has retained most of the rise. Since Russia and the Danubian states will be likely to ship wheat scantily, especially needs and higher prices being possible there, a larger share of the requirements of western Europe may naturally be drawn from this country, and the chance of a war between the great powers has the more influence, because supplies there are not large."

"The past week, like others of late, has witnessed the starting of operations by several iron works, especially in black sheets for tinning, and yet prices of pig iron and unfinished products are lower, demand not yet equaling the supply. Eastern works have orders for 15,000 tons of steel rails."

"The end of stipulated curtailment has been reached by some cotton mills, and nearly by all, and since the auction sales some bleached goods have been slightly advanced, but actual buying does not increase, and print cloths do not improve. Manufacturers are doing scarcely anything, and orders for goods improve very little, though for somewhat better grades of goods."

"Failures for the week have been 213 in the United States, against 233 last year, and 21 in Canada, against 41 last year."

Big Mills in Trouble.

New Bedford, Mass., April 24.—The embarrassment of the Howland, Rotch & Bedford company mills is announced. The total liabilities are \$4,521,628; total assets, \$5,098,555. The mills are practically under one management. Morgan Rotch is president of them all, and William D. Howland treasurer. It is said that the creditors will be paid in full. The stockholders may lose 25 or 50 per cent. President Rotch said notes had come due for which there was no provision. This had led to an examination of the books, and a statement would be made to the creditors of the actual state of affairs.

Going to Fight for Greece.

New York, April 24.—Five hundred and sixty-two Greek recruits sailed on the French line steamship La Champagne for Havre. From this they will be transported via Marseilles to the scene of the conflict between their countrymen and the Turks. The recruits come from different cities, as follows: Chicago, 250; Birmingham, Ala., 15; Atlanta, Ga., 8; Minneapolis, 26; Boston, 25; Lowell, 8; Hartford, 6; Trenton, N. J., 6; Baltimore, 6; Indianapolis, 12, and about 200 from this city.

Bank Falls.

Chicago, April 27.—Schaar, Koch & Co.'s bank, 2603 Halsted street, closed its doors Monday morning upon petition of Franz Koch, a member of the banking firm. Judge Horton appointed Charles L. Boyd receiver of the concern. In the bill for a receiver the assets are placed at \$75,000. The liabilities are said to be about the same amount. Koch charges his partner with making investments in spite of his protests.

Cyclone in Iowa.

Anamosa, Ia., April 24.—A cyclone passed just a little west of this city Thursday night at nine o'clock. It was preceded by a severe rain and hailstorm. Hail as large as walnuts covered the ground, and there is not a skylight left in the city. A strip ten feet wide was mown through the heavy timber, and great trees were twisted off. Houses and barns were demolished. No lives have been reported lost.

Department Store Closed.

Warsaw, Ind., April 27.—The Enterprise department store has closed its doors. Liabilities, from \$50,000 to \$70,000.

Murderer Sulficed.

Detroit, Mich., April 27.—The body of an unknown German who shot himself dead in Windsor Sunday has been fully identified as that of John A. Dittman, who last week killed Nellie Bergin in Detroit and escaped before his crime was discovered. Dittman had been working in Windsor as a gardener.

To Beat Dingley Tariff.

Havre, April 24.—The steamer La Touraine sailed for New York Friday, one day ahead of her schedule time. She carries a lot of American imports and desires to reach New York before May 1, in view of the Dingley tariff.

HAS LITTLE CHANCE.

The Cause of Greece Is Considered to Be Lost.

New York, April 29.—A dispatch to the World from London says: "The Greek cause is lost is now sorrowfully admitted by her warmest supporters here."

"The details dribbling in of the disordered flight from Larissa have effectually killed any lingering hope of an effective stand being made at Pharsalos. Greece has been abandoned by a general of the stamp needed to restore the morale of her army after such a lapse into panic."

"Whether the war will survive the dynasty or the dynasty will survive the question agitating men's minds here."

"News of the hemming in and capitulation of the Greek army, followed by a revolution at Athens, is hourly expected."

Paris, April 29.—The French newspapers urge the powers to intervene between Turkey and Greece, especially as the fate of Greek dynasty is now involved and as Turkey has every reason to be satisfied with her victories, while Greece must accept the inevitable.

Vienna, April 29.—The newspapers of this city, St. Petersburg and Buda-Pesth comment upon the meeting of the emperors of Russia and Austria as being evidence of an agreement of the powers to speedily bring to an end the war between Turkey and Greece.

London, April 29.—A dispatch to the Daily Mail from Paris says that M. Hanotaux, the French foreign minister, had a five hours' interview with the Turkish ambassador. It is understood that the subject under discussion was the terms upon which the powers are to base their intervention between Greece and Turkey.

London, April 29.—The Daily News correspondent at Paris says that M. Hanotaux in the course of the conference urged the Turkish ambassador to advise the sultan to hold out the olive branch to Greece, adding that if the Turkish troops went further France would be compelled to come forward as the defender of the Christian cause. In that event, said M. Hanotaux, Turkey would have the more reason to regret the intervention of the powers, which would not serve as a prop for the Ottoman empire. It is understood that M. Hanotaux expressed the earnest hope that the Turkish government would not make the serious mistake of increasing the difficulties of the task of Europe.

Little or nothing seems to be known at Athens or is reported here as to the movements of the Greek fleet. The only news of actual fighting in progress comes from Velesino, which commands the road to Volo. Possibly this indicates an intention of the Turks to march southward. It is said that Edhem Pasha has sent a white flag to Volo with the assurance that the Turkish troops will inflict no damage upon the city or citizens. There seems little doubt, therefore, that he intends to occupy Volo. The Greek forces now extend in a 14-mile line from Pharsalos to Velesino. Pharsalos commands the Turkish pass and the road leading to Athens by way of Larissa.

The Daily Mail's correspondent says that King George, on receiving a distinguished caller Wednesday, said to him: "I am ready to accept all my country's wishes. What I desire is that not a drop of blood shall be shed on my account."

Athens, April 29.—Public excitement is increasing every hour. The foreigners are hoisting their national flags over the buildings inhabited by them. A popular outbreak is feared. The opposition deputies have issued the following address to the people: "Fellow Citizens: In the critical period through which the country is passing, summoning of the chamber is necessary. The opposition believes it to be its duty to address to all citizens a recommendation and a request to do all in their power to contribute to the maintenance of order which is indispensable not only for the safety of all, but because it constitutes an indispensable element for safeguarding the honor and rights of the nation."

"Let us not forget that the enemy is treading the soil of our country and that our army is confronting it. Such a moment anyone attempting to disturb order would be nothing but an ally of the Turks." Athens, April 29.—The Greek troops in Epirus have been losing ground and have been obliged to retire to Luros.

A FAST TO A FINISH.

Challenge Issued by an Indian Anxious to Back Dr. Tanner.

Indiana Mineral Springs, Ind., April 29.—A fast to a finish is the latest thing proposed in the sporting line. H. L. Kramer has issued a challenge backing the celebrated faster, Dr. H. S. Tanner, against all comers, for \$10,000 in a finish contest. On behalf of Dr. Tanner, Mr. Kramer challenges any person to a contest for \$10,000 a side, the conditions being that until one or the other acknowledges himself beaten both contestants shall abstain from all food or drink, each contestant, however, to be allowed one gallon jug of pure spring water per day. Mr. Kramer is one of the best known capitalists in Indiana. He is an enthusiastic admirer of Dr. Tanner.

DEED OF A TRAMP.

A Little Boy Is Killed by a Brute at Streator, Ill.

Streator, Ill., April 29.—Frank Duhamels killed five-year-old John Lebo here Wednesday morning, hitting him with the sharp edge of a spade and splitting his skull open. Duhamels was a tramp and was working in the garden while the mother of the boy was preparing him a meal. The boy asked him if he was a tramp. This angered him and he struck the boy with the spade. Only the action of Chief of Police Quail in getting Duhamels out of the city prevented lynching.

There are now 74,000 members in the L. A. W., and the division officials are sanguine that the figures will be increased to 150,000 by next fall.
