

THE DIAMOND DRILL.

AMASA, MICHIGAN, SATURDAY, JUNE 15, 1901.

MINES OF AMASA.

Though the resources of Amasa are many and varied, by far the most prominent are its mines. Since the summer of 1888 when a party of explorers from the Marquette Range first located iron ore in the Hemlock valley and began to develop what is now one of the leading mines of the range, the Hemlock, the mineral wealth of this section has been the subject of much speculation.

For more than a half-score of years the Hemlock mine has been a large producer, has given employment to hundreds of men and until the last two years has played the all-important part in the development of this town. This season it promises a shipment of about 125,000 tons which surpasses its record for any previous year and which also places it high among the shippers of the range.

Following closely upon the discovery of the Hemlock came the location of the Michigan mine, which lies directly north. This property was worked on a small scale for a couple of seasons but on the approach of the hard times, operations were ceased and the mine allowed to fill with water. About two years ago however it was picked up by the Oliver Mining Company and has been greatly improved since that time. With the advent of this company the town at once presented a new appearance and its business men began to enjoy a boom that was in no way simple and of which towns many times the size of Amasa could well be proud.

The Michigan mine has plenty of ore of a good grade and can justly boast of an equipment that is not to be surpassed by any mine of its size in the country. With its 250 horse-power Cahill boiler, its large new Rand cross compound compressor capable of handling thirty power drills, its new hoisting engine and its 4-ton skips it will soon be able to put out ore at almost any rate desired. The No. 1 three-compartment shaft is now down below the second level and the development of this level is in progress. Ore is now being sent from here but a few days more of development work will be required before hoisting can be pushed at the desired rate. Its shaft-house is a crowning structure to Protesant Hill and its engine-house is a beauty, having every modern convenience.

The Gibson which is also being developed by the Oliver people bids fair to be a mine of no small moment. Development work is now being carried on from three shafts and a large amount of good ore is being encountered. A diamond drill is also being started on the property, but as yet has merely entered the ledge. That this property has an immense amount of excellent ore is no longer a question and it is only a matter of a very short time until the Gibson assumes a prominent place among the iron producers of this vicinity.

The Oliver Company we understand also has several cruisers in the woods examining mineral lands, but what is to come of this work is still a mystery.

The Flwelling exploration in Sec. 20-45-33 is also very favorably located for iron and has already shown up considerable ore of a high grade. We understand that it is looking better every day and it is hoped that it will develop into a good mine.

One thing is sure, that the mineral wealth of this vicinity is unsurpassed and all that is needed is time and money to develop this and make the pride of the Hemlock valley the metropolis of the Menominee country as well.

Married.

A very pretty wedding took place at the Amasa Finnish Temperance hall on Sunday afternoon, June 10th, the contracting parties being Mr. Frank Berg and Miss Anna Jufs, Rev. Holka officiating. The bride was very prettily gowned in pink cashmere, wearing a bridal veil. After the ceremonies at the hall, the Amasa Band escorted the bridal party, with the many invited guests, to the home of Mr. Chas. Carlson, uncle of the bride, where all are enjoyed a sumptuous repast. In the evening, celebration took the form of a dance which was kept up till the dancers, weary with the day's exercises, separated to their several homes.

The bride and groom started house-keeping in rooms furnished to the wedding. THE DIAMOND DRILL extends its hearty congratulations.

Call at Cole's Pharmacy and get a free sample of Chamberlain's Stomach and Liver Tablets. They are an elegant physic. They also improve the appetite, strengthen the digestion and regulate the liver and bowels. They are easy to take and pleasant in effect.

It's not expensive. Try some. We mean Honey Comb. Get it at Berg's. He's the only one that handles it.

LOCAL AND PERSONAL.

Mrs. J. P. Edwards left for Bessemer Saturday morning to attend the Commencement exercises of high school on the evening of the 13th. Mr. Edwards arrived there that afternoon. Their son, Percival Charles, is one of the graduates. The younger son is also attending the same school. Both boys will return with their parents.

Among those who attended the game of base ball between the Crystal Falls and Republic boys last Sunday were Mr. and Mrs. James Woodward, Mr. and Mrs. Arthur Scott, Mr. and Mrs. W. J. Horder, Messrs. Will Eschner, Pete Kilgren, Chas. W. Extrum, Julius Untehair and George Hunter.

The announcement has been made of the marriage of Mr. Jake Lindquist to Miss Abigail Jennimah Greenleaf, to take place in Amasa, June 22nd. We extend our hearty congratulations and wish them life long and happy.

John Mason, bookkeeper for the Gibson mine, is enjoying a vacation which he is spending with his parents and friends at Nashville, Mich. He will visit the Pan-American exposition before returning to Amasa.

Several of Amasa's young people attended the ball game at Crystal Falls Sunday. Someone suggested that they use adhesive plaster on the home trip owing to the condition of the roads.

Chas. Ogren went to the Falls Monday as one of the jurors for this term of court. He was accompanied by his two little daughters, Helen and Emma. They will visit friends.

Mrs. Henry Furlott was at Iron River a few days last week, looking over the Murphy mine location, where she and Mr. Furlott expect to locate soon.

Mrs. Casper, wife of Rev. Casper, formerly of Crystal Falls, was in town last week soliciting aid for the Orphan Homes of Michigan.

Mr. and Mrs. J. T. Gibson attended the wedding of Miss Male Flwelling and Mr. Frank Ball at Crystal Falls, Wednesday evening.

Mrs. George DeLand and children joined her husband here last week. They are housekeeping in the F. T. Warrington block.

We are glad to see Willie Gill on our streets again. After being disabled with an injured foot he is able to be about.

Mrs. Jas. Woodward spent Sunday and Monday in Crystal Falls with her parents, Capt. and Mrs. Isaac Williams.

Jas. George, of Champion, who has recently been very ill, spent a week with his daughter, Mrs. Wm. Barge.

F. C. Comstock, representative for Roundy, Peckham & Co., wholesale grocers, made his regular bi-monthly visit to Amasa Tuesday.

Miss Vivian, of Crystal Falls, who has a music class of good size here, was up administering to the needs of her pupils last week.

Frank Nelson, of Vulcan, was in Amasa a few days last week, doing duty in the Hemlock River Mining company's office.

Mrs. Jas. Padgett returned home, having made a visit with her parent, Mr. and Mrs. Richards, of Mansfield.

Emil Pavlic expects his bride today. They will begin housekeeping at once in the Dallafior building.

Alex LaPoint, who has been ill in Dr. McBurney's hospital for several weeks, is rapidly improving.

Mr. and Mrs. J. S. Wall, of Iron River, visited Wednesday with Mr. and Mrs. C. E. Lawrence.

Will Eschner spent a few days last week visiting relatives and friends at Seymour and Appleton.

Mr. and Mrs. Javenen are rejoicing over a bouncing boy, who arrived at their home Saturday.

Mrs. Tom Bedard returned Saturday from a two weeks' visit with friends at Escanaba.

Mrs. Anna Mueller left for Menominee Monday where she will make her future home.

Amasa's supply of "Hot Air" is not yet exhausted as a certain young lady can testify.

Wonder how "Georgie" enjoyed that drive? Looked mighty comfortable, anyway.

A young daughter arrived at the home of Mr. and Mrs. John Jacobson last week.

Isaac Williams, Sr., of Crystal Falls, spent Tuesday with Amasa friends.

W. J. Horder made a business trip to Iron Mountain Thursday.

L. N. Berg returned from a business trip to Iron River Monday.

Iver Olson was at Crystal Falls on business Saturday.

Supervisor W. H. Jobe was at Crystal Falls Monday.

Mat Gibson spent Sunday at his home in Republic.

Mr. and Mrs. Chas. Hughes were at Crystal Falls Saturday.

The new Sunday school organ arrived Wednesday.

Prof. Martuaga was in town tuning pianos Wednesday.

A WORTHY SUCCESSOR

"Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powder, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membrane because their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study, and especially of the treatment of CATARRH, has at last perfected a treatment of CATARRH, which was faithfully used, not only relieved of once, but permanently cured CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES THE GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package enclosing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect cure.

"SNUFFLES THE GUARANTEED CATARRH CURE" is not recognized by any medical authority as a cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is an ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions, which accompany each package. Don't delay, but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Send ordered to any address in the United States or Canada on receipt of One Dollar. Address Dept. B 979 Edwin B. Giles & Company, 2330 and 2332 Market street, Philadelphia.

Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and to-day she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and \$1.00 bottles guaranteed by J. C. Wilkinson.

The Indian and the Northwest.

A handsomely illustrated book just issued by the Chicago & North-Western R'y, bound in cloth and containing 125 pages of interesting historical data relating to the settlement of the great Northwest, with fine half-tone engravings of Black Hawk, Sitting Bull, Red Cloud and other noted chiefs; Custer's battle-ground and ten colored map-plates showing location of the various tribes dating back to 1600. A careful review of the book impresses one that it is a valued contribution to the history of these early pioneers, and a copy should be in every library. Price 50 cents per copy. Mailed postage prepaid upon receipt of this amount by W. B. Kniskern, 22 Fifth avenue, Chicago, Ill.

A Sprained Ankle Quickly Cured.

"At one time I suffered from a severe sprain of the ankle," says Geo. E. Carry, editor of the Guide, Washington, Va. "After using several well recommended medicines without success, I tried Chamberlain's Pain Balm, and am pleased to say that relief came as soon as I began its use and a complete cure speedily followed." Sold at Cole's Pharmacy.

Going East Across Lake Michigan via Ann Arbor R. R. Steamers.

The Car Ferries of the Ann Arbor R. R. are now running on regular schedule from Manitowoc and Kewaunee, Wis., and Menominee and Gladstone, Mich., to Frankfort, where connection is made with the company's trains for all points in the Lower Peninsula, Canada, the East and South-east. The public will find the service of the Ann Arbor R. R. both on land and water in every respect, and the rates lower than via any other line.

THE Marquette SHORE SOUTH ROUTE

and Atlantic Railway.

Do You Rent a Farm?

You can own one in Northern Michigan or Wisconsin on the Duluth, South Shore and Atlantic Railway for one year's rent.

Thousands of acres of fertile lands open for settlement.

There are good openings for farmers, laborers and manufacturers.

There are good sites for saw mills, grist mills, pulp mills and tanneries.

Splendid opportunities for stock raising, dairying and diversified farm work.

Work can be found on farms, in numerous mills and on the rivers in summer and during the winter in the woods.

Soil is good.

Wood and water are plentiful.

Stock raising and dairy farming. The abundance of water, the certainty of grass and other food for cattle and natural shelter make this a natural stock country.

Small fruit. Small fruit culture has proved remarkably successful.

Grain. Wheat, rye, oats, barley, peas flint corn and buckwheat can be raised in profusion and the hay crop is most abundant.

Home Markets. The mining and milling towns of this region furnish a splendid market and at best prices for all farm products.

HOMESEEKERS' EXCURSIONS

can be arranged at any time. One fare for round trip from all points on our lines.
