Come to the Charlevoix County Fair Rain or Shine

The Charlevoix County Fair Association has this year gone to great expense to provide an exhibition of good old fashioned entertainment. This Association has always put on a good fair, but the fairs of other years will fade into insignificance in comparison with the 1920 fair. This class of fair requires an expenditure of a great deal of money. And the Charlevoix County Fair Association will have to pay more than $7,000. In order for the Association to come out on the right end it will be necessary that providence give it free good days for the weather to go along with it. The Northern Michigan district will flock to this fair. If the weather is bad there is a question whether the people will come, and that will depend upon theAssociation planning on bad weather, yet in case the week of September 13 should prove to be such a week, the Association wishes to make an appeal to the people of this district to come to the fair anyway. The Association has building capacity on the grounds sufficient to accommodate at least 3000 people. The exhibits in the exhibition buildings alone are well worth the price of admission. You could by paying 50 cents to see more than 100 best of the best registered cattle in Charlevoix County or building filled with the best exhibits from the rural schools and the three city schools, or a large building filled with the best farm products and fruit from Charlevoix County, and formed with a large exhibit of Dancing, many horse, carriages, fruits, vegetables, butter and baked goods. You can see all these for 50 cents and many more. We have not mentioned anything above, and yet there is plenty of horse shows, exhibits, horse shows, Band Music, Charlevoix County Orchestra, Band Music, the Six Marvelous Morris, Avisul Bishop in exhibition, the Baron's airplane, and the Merry-go-round, Whip, Ferris Wheel. Shows other Exhibitors on the Midway, manufacturers displays, merchants display and several hundred other items of interest which can be seen at the Fair. If it is a bright and sunny day we know you will be there. If it is a rainy day come anyway and get your money's worth.

Remember that Fischer's Orchestra of Kalemawoo furnishes music for dancing on the fair grounds each evening of the fair and will play in the Grand Stand for the races every afternoon.

An Added Day To The Fair

One day has been added, and the Charlevoix County Fair is now a five day affair, which will close on Thursday, September 17. Everything will be on that day. The band will be in full swing on Thursday afternoon. On Tuesday, September 14, the day will start at 10 o'clock and the fair will be open. On Wednesday, September 15, the fair will be open and there will be horse races at 10 o'clock and Grandstand concerts in the evening. Remember that Fischer's Orchestra of Kalemawoo furnishes music for dancing on the fair grounds every evening of the fair and will play in the Grand Stand for the races every afternoon.
