

## DECIDE YOURSELF

The Opportunity is Here. Backed by Belding Testimony.

Don't take our word for it, don't depend on a stranger's statement, read Belding endorsement, read the statements of Belding citizens and decide for yourself. Here is one case of it:

Mrs. F. C. Kimberly of South Pearl street says, "Five years ago I had an attack of typhoid fever and kidney complaint together. Between the two I suffered more than tongue can tell. I soon recovered from the fever but the kidney complaint has clung to me ever since. There was a constant dull heavy bearing down pain across my back especially along in the afternoon or evening after being on my feet all day. I had heard so much about Doan's Kidney Pills being so good for such ailments that I concluded to give them a trial, and my husband got a box at Connell Bros. drug store. I had tried remedies without number but I never took any that gave me such relief as I received from the use of that one box. They are simply fine and I have often recommended them to others."

## Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

## Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles. **Kodol Digests What You Eat** Make the Stomach Sweet.
