

GARY TESTIFIES AGAIN IN U. S. STEEL INQUIRY

Executive Head of Corporation Denies Company Planned to Get Control of Ohio River Transportation

SEN. OLIVER MAKES CHARGES

Declares Monopoly Was Sought Through Absorption of Other Companies. Chairman Questioned About Tennessee Deal.

Washington, D. C., June 7.—Judge Gary, executive head of the U. S. Steel corporation was a witness again today before the Stanley anti-trust committee of the House. Gary was interrogated further on the absorption of the Tennessee Coal & Iron Co. by the steel corporation.

Charges, alleged to have been made by Senator Oliver of Pennsylvania that the steel corporation is endeavoring to get control of water transportation on the Ohio river, through the absorption of the Pittsburgh Coal & Coke Co., and the Monongahela River company, were presented to the committee today by Robert C. Hall, of Pittsburgh.

Gary replying to questions by Chairman Stanley denied the steel corporation had any such plans in mind. Judge Gary again declared President Roosevelt and Secretary Root not only sanctioned the absorption of the Tennessee Coal & Iron Co. by the steel corporation, but held it to be necessary to avert a widespread financial disaster in 1907, and that Roosevelt and Root seemed to fully recognize the necessity for the merger and accepted it as imperative if a financial cataclysm was to be averted.

MADERO MAKES FORMAL ENTRY INTO CAPITAL

Victorious Rebel Leader is Acclaimed by Thousands of People, City Being Gayly Decorated

ENEMIES PLOT TO KILL HIM

Arrests Are Made and Loyalty of Federal Troops is Questioned. Said Revolution is Planned by Diaz's Nephew.

Mexico City, June 7.—Amid the wildest enthusiasm, Francisco I. Madero, Jr., today entered the seat of government which he overthrew.

The demonstration was the greatest the capital has known in a generation. Business was suspended, the streets were gayly decorated and tens of thousands of people enthusiastically acclaimed the revolutionary leader.

The noisy welcome began the moment Madero emerged from his car and stepped into a waiting carriage. Bowing and smiling right and left, Madero was driven to the home of his father. Throats that lined the way fell in behind as the carriage passed until a great noisy, friendly procession was formed. Scores of civilian societies, political organizations and hundreds of soldiers were in the procession.

Rumors of a plot against Madero's life were rife today, as were reports that secret arrests had been made. Former chief of police Villaseca was arrested last night. Immunity as members of the house of deputies is said to have stayed the arm of the law against others alleged to have been implicated in the plot.

Loyalty of Troops Questioned.

Juneez, Mexico, June 7.—Indications that plots against Madero were growing in influence and extent were manifested from several quarters today. The loyalty of certain bands of Federal troops has been brought into question. As a result of the allegations, 1,900 federal troops, which were to have left Chihuahua for lower California to assist in suppressing the revolutionists, have been summarily ordered not to go. Advice telegraphed to Madero were that if Federal troops go to lower California the outcome would be doubtful. In the meantime United States cities are being hunted for alleged plotters.
