### A Home and Constancy of Purpose Will Win

For any man. The greatest successes came from humble beginnings, but constancy of purpose—the laying out of a plan and then everlastingly sticking to it—brought the inevitable success. The true American home has proven the strongest bulwark against failure in many a man's career because it gave him a definite object for which to save and strive and furnished him with an insight into the higher ideals that are so essential to progress and prosperity. Of course, a home built of flimsy, shabby, knotty lumber probably wouldn't have the same influence, but when built with the kind of lumber, sash and doors and interior trim we handle they are truly an inspiration. If you're thinking of building we want to talk with you about this better material.

"THERE'S NO PLACE LIKE HOME."

### DR. DIXON ANALYZES THE NEEDS OF SCHOOL CHILDREN

#### SECRETARY OF STATE BOARD OF HEALTH ISSUES BULLETIN.

#### Minor Ailments Which Handicap Pupils Can Be Corrected.

Dr. Robert L. Dixon, secretary of the state board of health, has issued the following bulletin of interest to parents of school children:

The school year has just begun, and fond parents are carefully selecting new outfits of clothes so that their children may compare favorably in appearance with their neighbor's children.

But why only see that their stock of clothes is complete? Clothes do not make the man. It is far more important to see that both mind and body are in the best condition possible for development.

Many a child is forced backward toward the foot of the class because of some minor ailment which might be easily corrected by proper treatment.

Do not neglect a child because he seems stupid. Then is the time that he needs attention. Any child who is weak or does not learn easily should be taken to a competent physician who can often find defects in the child, the correction of which will make the child strong and robust both mentally and physically.

Our cities are first coming to a realization of the fact that many of the children are backward, not because of lack of brains, but because their defective bodies do not supply the brain with enough good rich blood to develop properly. They hire reputable physicians whose duty it is to examine these children carefully, and, if any defect is found, to take steps to have it removed.

If a child is unable to see properly it cannot be expected to learn its lessons. The concentration and application necessary to accomplish this is impossible. And yet one-third of the school children are found to suffer from defective vision in various degrees. This is a condition which is easily remedied in the majority of cases by proper treatment.

One of the common causes of backward children are adenoids and tonsils. These are lymphatic growths in the throat which fill up the upper part of the throat and render breathing through the nose difficult or impossible. Such a child has a characteristic facial expression and is known as a mouth breather. Not only is the face affected, but backwardness in the development of the entire system is also caused. These are readily removed by a slight surgical operation.

See that the child receives plenty of fresh air and exercise. The body needs plenty of systematic exercise in needs open air. A healthy body and a healthy brain go hand in hand and one seldom finds one without the other. See that the child's study and sleeping rooms are well ventilated so that it will not be poisoned by foul air.

A healthy start in life means health, wealth and happiness in later years. See that the child lacks none of the opportunities for this development.

If the child is frail or does not learn readily, look for a cause. There are many minor ailments and defects, the correction of which may be the turning point in the life of your child.

The best is none too good for him. See that no stone is left unturned in bringing the child to a healthy maturity and you will be astonished at the results.

#### LONG VISIT IN SWEDEN.

#### Rev. K. Selin, Formerly of Calumet, Spent Three Months There.

The Rev. K. Selin, pastor of the Marquette Swedish M. E. church, formerly pastor of the Calumet Swedish M. E. church, has returned from a three months' visit to his former home in Sweden. He went to Europe on the Maritania of the Cunard line and returned on the United States. His arrival at home was unannounced and when he appeared at the parental home, his venerable father did not recognize him, as he had been absent sixteen years. He made trips through Sweden, Finland, and Norway, journeying to see relatives of his parishioners, who greeted him royally, as the bearer of messages from loved ones across the ocean. The homeward voyage was a stormy one, which made the trip longer, the party having been on the way two weeks. Rev. Selin was accompanied home by Mrs. Clara Westerholm, mother of Mrs. K. Selin, who had resided here for seven years with her daughter, returning to Sweden a year ago. Ernest Gustafson of Sundsvall, Sweden, a relative of Charles Bonfeldt, 1126 Dargett street, also returned with the Rev. K. Selin, with the intent of remaining here. During the evening services Sunday, the Rev. K. Selin will deliver the greetings from across the water to the members of his congregation. Monday evening he will leave for Minneapolis in company with the District Superintendent, the Rev. John Anderson, and the Rev. Otto Johnson, who supplied during his absence, to attend the Northern Swedish conference, to be held in the First Church of that city.

#### LADY CLERKS TO MEET.

The regular monthly meeting of the Lady Clerk's Social club of Calumet will be held tomorrow evening at the Laurium bank hall. Special efforts are being made to get out a large attendance and it is likely that plans will be made for a number of social events to be conducted throughout the fall and winter season. The club now has about 160 members and as it was organized almost solely for social purposes, it is likely that a number of enjoyable events will be arranged.

#### LOCAL BRIEFS.

A daughter has been born to Mr. and Mrs. Jacob Hoog, of Centennial mine.

James Taylor, of Tamarack, has gone to Detroit to spend a couple of weeks.

Herman Arnstam, of Vertin Brothers, left yesterday for Chicago on business.

Miss Nora Shea left yesterday for Nadeau, Mich., where she will teach school.

Mrs. John Daniel left last night for Norway, Mich., where she will visit relatives.

E. J. Huber of Albion, has returned from an extended trip to Duluth and other points.

Miss Edith Fromholz left this morning for Ironwood, Mich., where she will visit.

William Thomas left yesterday afternoon for Cornwall, to spend the winter visiting relatives.

Mrs. Gray, matron at the Y. M. C. A. dormitories, spent Sunday with friends in Houghton and Hancock.

W. W. Walker of Duluth, general freight agent for the South Shore road, is in Calumet today.

Miss Belle Seidel of Ann Arbor is visiting at the home of Mr. and Mrs. H. E. Lantz of Sixth street.

Mr. and Mrs. Fred Ford have returned from a honeymoon spent at Mackinac Island and other points.

Rev. Axel Strom left yesterday for Minneapolis, where he will attend the Swedish M. E. conference.

Tommy Pearson, of Cornwall, and Robert Richards of Centennial were Houghton visitors yesterday.

Miss Frances Schneller left yesterday afternoon, for Boston, Mass., where she will study music.

Josiah Williams of Marquette is visiting here. He has a contract to repair the Knauff hotel at Houghton.

Walter Pascoe and Curtis Dunstan have returned from Minneapolis and St. Paul, where they have been visiting.

Miss Elizabeth Imacson, the well known Fifth street milliner, has returned from a business trip to Chicago.

Miss Florence Gary of Houghton, is visiting at the home of Mr. and Mrs. J. Cocking of Seventh street, Red Jacket.

Miss Carrie Dunstan left yesterday for Menomonie, Wis., where she will enter the Stout Domestic Science school.

John Koski has arrived in Calumet from the Blue Star mine in Idaho. Local stockholders will be pleased to learn that he reports the mine to be in fine condition.

Mrs. F. J. Muck and daughter of Ishpeming have left for home after spending several weeks as guests at the home of Mr. and Mrs. Fred Danielson of School street.

Mrs. A. G. Freeman, of Liberty street, Raymbaultown, has returned from a month's visit to Chicago, accompanied by her daughter, Mrs. A. Bourbonnais, who will visit here.

Rev. Axel Strom, pastor of the Swedish M. E. church of Calumet will leave this week for Minneapolis, where he will attend the annual conference, which opens Thursday morning.

The death occurred yesterday morning of the four-months-old daughter of Mr. and Mrs. Steve Cull of Wolverine. The funeral took place this afternoon, with services at St. Anne's French church, and interment in Lake James O'Neill, for the past eleven years in the employ of James McHardy, the Seventh street blacksmith, left yesterday for Chicago, where he will enter a veterinary college, with a view to becoming a veterinary surgeon.

"Johnny" Mackin, formerly a copper country baseball player, who is in the city scouting for the Western Canadian league, probably will make offers to Hogan of the Mohawk team and Renwick of the Calumet team.

E. C. Mitchell and Joseph Reed, general agents of the Detroit Life Insurance company, in the northern part of the upper peninsula have decided to establish two offices, one in Laurium in charge of Mr. Reed and the other at Houghton, in charge of Mr. Mitchell.

#### TO GIVE DANCING PARTY.

Club Inter-Se Will Entertain Evening of Sept. 22.

The Club Inter-Se has made arrangements to hold its first dancing party at the Light Guard Armory the evening of Friday, September 22. A. C. & H.orchestra has been engaged, and the club promises those who attend a most enjoyable evening. During the progress of the dance refreshments will be served.

The club will introduce a new innovation in dancing circles in this city, two intermissions having been arranged for in the program, instead of one, the prevailing rule. This will give dancers an opportunity to secure refreshments without the proverbial crush and rush and at the same time give more opportunity for rest during the progress of the program. Director Barnard will prepare a program of twenty-one dance numbers, many of them popular. Invitations are being mailed today.

### TEN-YEAR-OLD BOY TAKES TRIP ON THE BLIND BAGGAGE

#### LITTLE GAY BOY HAS ATTACK OF WANDELUST.

Plymouth Rock Chicken Rides Into Calumet on Locomotive.

Little John O'Neill, ten-year-old son of Andrew O'Neill of Gay, became imbued with wanderlust yesterday, and decided to go out into the world. He left Gay in the morning on the Mineral Range and on reaching Mohawk took a street car to Calumet. He then rode the blind baggage out of Calumet on the South Shore road and was not discovered by the conductor until he had reached Baraga.

Sheriff Myers was notified of the finding of the boy, and an investigation by the railroad officials developed that the boy has a grandmother living on Eighth street, Red Jacket, to whom he was returned this morning. He is none the worse for his experience and will return to his home today.

#### Hazardous Ride of Chicken.

A Plymouth rock chicken arrived in Calumet yesterday afternoon riding on the "eccentric collar" of the locomotive. As this collar moves up and down as the locomotive is operated, the sensations of the chicken can better be imagined than described.

The bird was part of a large consignment to a local merchant. It arrived as far as Hancock in a crate and for some reason the car was opened at the Hancock depot, and the chicken which had escaped from its coop, flew out on the platform. There was a dash and a scramble for the bird, but it eluded its pursuers. As the time was up for the freight to proceed to Calumet, it was decided to pull out on arrival at Calumet, the bird was discovered riding on the "eccentric collar" of the engine.

#### SALOON IS BURGLARIZED.

Three Men Arrested But the Evidence is Not Strong.

The saloon of Gabriel Silva, of Pine street, was entered either late Saturday night or early Sunday morning, through the basement and about twenty bottles of whisky, seventy-five cents in cash, and three boxes of cigars stolen.

Charles and William Crane, and A. MacLean were arrested early yesterday morning, on suspicion of having entered the saloon, and will be given a hearing before Justice Jackola this evening. The officers have not succeeded in establishing a case that the men broke into the saloon, and it is probable that only a charge of petty larceny will be preferred.

#### MIGHT AS WELL.

"You wouldn't have your childhood back? Think of the happy days when you went swimming and fishing."

"And the unhappy days when I had the measles and the mumps. No; I'll take life as it comes along."

#### THE PENSION ROLL.

In 1905 there were 988,441 pensioners on the rolls. In 1910 the number had been reduced, presumably by death, to 921,953.

#### CARD OF THANKS.

We desire to thank the many friends and neighbors for their kindness and sympathy during our late bereavement caused by the death of my dear husband. Especially would we thank the Rev. C. L. Adams and the choir of the Calumet M. E. church, The Odd Fellows, Rechabites, Miners from Red Jacket shaft and all those who sent the beautiful flowers, as tokens of their sympathy. Their kindness will ever be remembered by us all.

Mrs. William Henry Chinn and Family.

#### TWO DAMAGE SUITS. Cases Against Tamarack Mining Co. in Circuit Court.

The case of Mrs. Grace E. Andrews, administratrix of the Andrews estate, versus the Tamarack Mining company, for damages for the loss of her husband, who was killed in the Tamarack mine in 1896, will be re-tried in the present term of circuit court. The case was first tried in the circuit court in 1896, the verdict being in favor of Mrs. Andrews. The case was then taken to the supreme court and was

reversed and ordered back for a new trial. The case has lain dormant since 1896. Attorney ABRAHAM W. KERR will conduct the second trial for the plaintiff.

Another damage suit to be tried in circuit court is that of Dan Cusick versus the Tamarack Mining company. Mr. Cusick is suing the company for damages sustained through an accident while at work on surface at the North Tamarack branch of the mine about three years ago. He has been incapacitated since that time. Attorney A. W. Kerr will handle the case for him.
