## U. S. S. IDAHO IS U-BOAT PROOF

#### Huge New Super-Dreadnaught Launched From Camden, N. J., Yards

CAMDEN, N. J., June 30 .- Tife dreadnaught Idaho, sister ship of the Pennsylvania and Mississippi. most powerful of America's fighting ships, was launched at the yards of the New York Ship Building Co. here today. A detail of 100 bluejackets from the United States destroyer Downes, stood at attention and the band of the building company played "The Star Spangled Banner" as the huge fighting ship slid down the ways.

Owing to the war with Germany the general public was not admitted to the launching. There was, how ever, no secret of the ship's specifications, except details of hull construction, altered after war was declared. The Idaho will be, in the belief of naval officers, practically submarine proof.

Miss Henrietta Simmons, granddaughter of Governor Moses Alexander, was sponsor for the ship.

A schoolmate, Miss Honora Devers, assisted her and broke a bottle of Snake River water over her bows as Miss Simmons dashed a ship. Others in the launching party included Governor Alexander. Mrs. Williams Simmons, his daughter; Attorney-General D. A. Walters and Col. Lewis Goblin, chief of Governor Alexander's staff.
