anufacturer of every description of Saws, No. 43 Main Street, St. Louis, Mo.

No. 43 Main Street, St. Louis, Mo. This firm of Lee, Gage & Co., having been dissolved by mutual consent, on the 21st day of January last, I would inform my friends and customers, that I have made arrangements with Messrs. Bridge & Brother, and will continue the manufacture of saws, in all their variety. No pains have been spared in fitting up machinery, and securing experienced workmen, and as the stock is purchased direct from the manufacturers, both in Europe and America, for cash, I am confident that I can hold out such inducements that dealers will find it to their interest to encourage home manufacture.

As to the character and reputation of saws bearing my stamp, nothing need be said, as I trust that both dealers and consumers have had sufficient opportunity to test the quality of my manufacture, while a partner in the late firm of Lee, Gage & Co, as not to doubt for a moment, my ability to compete successfully in point
