BELLS! BELLS! BELLS!

POR Churches, Academies, Factories, Steamboats, Plantations, etc., made, and a large assortment kept consantly on hand by the Subscribers, at their old established and enlarged Foundry, which has been in operation for thirty years, and whose patterns, and process of manufacture so perfected, that their bells have a world wide celebrity for volume of sound and quality of tone. The present Proprietors have recently succoeded in applying the process of loam moulding in Iron Cases to Bell Casting—which secures a perfect casting and even temper, and as an evidence of the unimpaired excellence of their Bells, they have just received, January 1854—the First Premium (a Silver Medal) of the World's Fair in New York, over all others, several from this Country and Europe being in competition; and which is the 18th medal, besides many Diplomas that have been awarded them. They have patterns for, and keep on hand, Bells of a variety of tones of the same weight, and they also furnish to order chimes of any number of bells, or key, and can refer to several of their make throughout the States and Canadas. Their Hangings, comprising many recent and valuable improvements, consist of Cast Iron Yoke, with movemble arms, and which may be turned upon the bell, spring acting on the clapper, prolonging the sound.—Iron Frame, Tolling hammer, counterpoise, stop, etc. For Steamboats, Steamships, etc., their improved Revolving yoke, or Fancy hangings in brass or bronze of any design furnished. We can supply whole sets or parts of our improved hangings, to rehang bells of other construction, upon proper specifications being given. Old Bells taken in exchange. BELLS! BELLS! BELLS! er construction, upon proper specifications being given. Old Bells taken in exchange. Old Bells taken in exchange.

Surveyors Instruments of all descriptions made and kept on hand.

Being in immediate connection with the principal routes in all directions, either Railroad, canal or river, orders can be executed with dispatch, which, either personally or by communication are respectfully solicited.

EMPIRE SAW WORKS.

W. L. F. GAGE.
(Formerly Lee, Gage & Co.,)
Manufacturer of every description of Saws,
No. 43 Main Street, St. Louis, Mo. THE firm of Lee, Gage & Co., having been dissolved by mutual consent, on the 21st day of January last, I would inform my friends and customers, that I have made arrangements with Messrs. Bridge & Brother, and made arrangements with Messrs. Bridge & Brother, and will continue the manufacture of saws, in all their variety. No pains have been spared in fitting up machinery, and securing experienced workmen, and as the stock is purchased direct from the manufacturers, both in Europe and America, for cash, I am confident that I can hold out such inducements that dealers will find it to their interest to encourage home manufacture.

As to the character and reputation of saws bearing As to the character and reputation of saws bearing my stamp, nothing need be said, as I trust that both dealers and consumers have had sufficient opportunity to test the quality of my manufacture, while a partner in the late firm of Lee, Gage & Co., as not to doubt for a moment, my ability to compete successfully in point of price, quality or finish, with any manufactory of the kind in the United States. Being now in re cipt of every description of stock, I am prepared to fill all orders with promptness and despatch.

All orders addressed to the undersigned, or to Messrs. Bridge & Bro. will receive prompts tention.

Bridge & Bro., will receive prompt attention.

Particular attention paid to all kinds of repairing.
