Also a few METALLIC COFFINS, a superior article. TO buy second hand furniture, is too much like buying second hand gar ments. We take it for granted, that the people of our Territory, would rather prefer to have their chairs, washstands, bureaus and tables, made to order, and expressly fer their own use; although old furniture might be bought for less money. Then we think our people would rather havearticles made of the timber that grows here in the Territory, manufactured by our own mechanics, who have cast their lot in Minnesota, for better, for worse.

We will make promptly to order, whatever articles of furniture may be wanted, (if we have not what is desired on hand;) and will warrant our goods better and all things considered, cheaper, than they can be imported. Undertaking promptly attended to.

GREY HEADS, Bald Heads, and Silver Greys picase

A to take particular notice that this astonishing and

color after having become grey, and reinstates it in all
its original health, lustre, softness and benarty.

Removes at once all dandruff from the scalp, and all
unpleasant itching, as well as all cutaneous cruptions,
such as scald thead, &c., and hence creates a perfectly
healthy state of the scalp, by acting as a stimulant and
tonic to the organs necessary to supply moisture and
coloring matter to the hair, and completely restores
them to their original vigor and strength; and thus prevents all tendency to become grey. It also prevents
the hair from becoming unhealthy and falling off, and
brings it out where it is gone, by resuscitating the organs necessary to supply nutriment, health, and coloring matter to it, and hence, acts as a perfect hair invigorator and tonic.
