

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Election Day in White Earth.

Election day in this village was a very quiet one. The offices to be filled were: Supervisor Town Clerk, Treasurer, Justice of the Peace and Constable.

The successful candidates were: Supervisor, Allen Beupre; Treasurer, J. J. Selkirk; Justice of the Peace, Lee Logan; Town Clerk, Chas. Vanoss; Constable, Joe B. Fairbanks.

A levy of 12 mills was made for the road and bridge fund. This fund of \$400 to be distributed equally in the four districts and to be used only on section line roads. \$5 per day for man and team on road work was voted and \$2.50 per day for single hand.

A Pound was established. Keeping imprisoned animals shall be 50 cts. per day, after notification to the owner shall have been made by the Pound Master \$1.00 shall be charged for every twenty-four hours thereafter. Walter Williams was elected Pound Master.

A bounty not to exceed the sum of \$100 was voted as follows: 3 cts. for striped gophers, 5 cts. for gray and pocket gophers, 5 cts. for crows.

A Letter From Camp Dodge.

Among the last draft quota from Becker and Mahnomien counties to leave for Camp Dodge were several White Earth boys, several of these have written to friends and relatives here. The boys all say they like the army life and are well satisfied.

The following letter was received by R. P. Fairbanks last week:

Camp Dodge, Iowa,
March 2, 1918.

Dear Friend:

Will drop you a line to let you know where I am. I don't know where Jack Roy is or the Jackson boys.

How is everything at White Earth. The men at this camp are all good fellows.

You can send all the things you want to in the line of tooth brushes, tooth powder and tobacco.

This is all for this time, so good bye.

N. K. Acre, formerly a resident of this village and postmaster here for several years, was renewing acquaintances in the village last Friday.

Irene, the young daughter of Mr. and Mrs. Isaac Fairbanks, is ill with what the physicians claim is Diphtheria. The residence has been quarantined.

J. J. Selkirk for fine confections, fancy groceries.

The ice industry got a sudden boost here the past few days, a lot of the villagers rushing to get their ice houses filled before the spring break-up.

B. L. Fairbanks, who has been in Washington the past winter as a member of the Legislative Committee, General Council, Minnesota-Chippewas, returned home on Monday morning.

George Selkirk is going into the chicken industry. He has received a fine flock of Rhode Island White chickens, fifteen hens and one rooster, from a North Dakota poultry dealer.

An air ship was reported to have passed over the town of McIntosh last Saturday night. The craft had two lights and circled around above the town twice then it started out in a northwesterly course.

—Ex. And where did you get it?

Robt. McArthur, "Bill Cook," left for Odanah, Wis., last week. "Bill" smilingly admitted that he expected to be a "movy star," that he was to be employed in the orchestra of a motion picture show.

An enterprising business firm announces, among other features, "Shirts re-tailed and twin beds for sale, one almost new." This establishment ought to be run in connection with another firm who advertises, "all laundry work done while customers take a bath."

R. M. Pringle, supervisor of construction in the Indian department, was here in his official capacity during the past week to put the finishing touches on the investigation into the heating plant disaster at the boarding school this winter and if possible find out who is to blame.

The Dispensary building which was erected about two years ago and which has been discontinued and left vacant for nearly a year, would serve a splendid purpose if it were turned over to the public school service. This building is equipped with a modern heating plant, water system and also light. By removing interior wall partitions, which could be done at a nominal cost, a large suitable school room could be provided. And just at the present time when there are a large number of the village school children without adequate school facilities the service of this building, if converted for educational purposes, would be a wise and prudent move.

The basket ball game between the Red Cross and Union teams which took place at the School Assembly Hall last Friday evening was a very interesting and spirited

affair, the girls of both teams played with a display of vigor and interest which would have done credit to veterans of the sport. The game resulted in a tie of 7 to 7 after time was called in the last half. It is proposed to play another game in the near future by the same teams to decide the village championship. Mr. Geo. Selkirk and Charles Murry acted as referees. The proceeds of admission amounted to \$17 00, which was turned over to the Red Cross fund.

Red Cross Notes.

A large shipment of yarn is expected soon, and will be in charge of the Custodian, Mrs. B. L. Fairbanks.

The pupils of St. Benedict's Mission School have joined the Junior Red Cross. It is hoped to enroll the pupils of the boarding school also.

The business meeting held last Friday evening was one of the best since the White Earth Branch of the Red Cross was organized. The business before the meeting was disposed of with dispatch and satisfaction to all. Addresses were made by Superintendent Hinton, T. H. Beaulieu, and Chairman Mrs. H. B. Hull, calling for co-operation on the part of everyone, and it is hoped their appeal will reach those who heretofore have been negligent or indifferent to the duties to which they have been assigned.

C. H. Beaulieu.

His Fortune Was Made.

"That land I bought of you the other day," said an Easterner to a Missouri man, "disappoints me."

"How so?"

"Why, you misrepesented it. You said that it was valuable, but instead of that it is unsightly and covered with stumps."

"With stumps, eh?"

"Yes, and most of them are hollow and are full of water, showing that the land is damp."

"Stumps full of water?"

"Yes."

"Then your fortune is made."

"How so?"

"Why, bottle the water and sell it for bitters. Let's see, your name is Johnson."

"Yes."

"Carpenter by trade?"

"Yes."

"My dear Dr. Johnson, I congratulate you!" — *Armsman's Travels.*

A Distressed Parent.

"Is that true what I hear about your son?"

"What do you hear about him?"

"I hear that he is rather dissipated and is deeply in debt."

"Yes, but that's not the worst of it. It is much worse than people generally suppose."

"How is that?"

"The popular impression that I am equal by is erroneous, hence I can't inherit my scapegrace son, as I would like to. I am so poor that in order to cut him off with a shilling I have to the borrow the shilling." — *Times Magazine.*
