MRS. J. W. BOUCHER.

TO PROTECT THE GAME.

FARMERS TO ORGANIZE AGAINST THE HUNTERS.

Will Prosecute the Man With a Gun Hunting on their Premises Without Permission from Owners.

Mr. J. P. Bradford, the prominent farmer living west of the city, is at the head of a movement among the farmers in his neighborhood, with the object of protecting the game on their premises from the ravages of the man with the gun. The farmers are bothered a great deal by hunters, some of whom are so reckless that they frequently injure stock by their indiscriminate shooting. Consequently they have decided to organize as the most effective way to put a stop to it.

The organization will be known as "The Jasper County Protective Association," and will be comprised of farmers of Preston, Duval and Jasper townships. A petition is being circulated, and it is expected that 700 farmers in the three townships named will join the organization. A membership fee of 25 cents will be charged, which will be used to keep up the organization, assessments also being levied as needed. Regular rules will be drawn up and signed at a meeting which will be held soon to complete the organization.

A game warden will be appointed and the members agree to prosecute any person found hunting on their premises without permission.

Prof. M. A. Mitchell, a well known former Jasper citizen, who has been connected with the schools at Black Diamond, Washington, writes that he has been elected principal of the schools at Newcastle, in the same state. Mrs. Mitchell will have charge of the primary department in the same schools.

MRS. LAUDERBAUGH DEAD.

Passed Away at Home of Her Son Buried in Illinois.

Mrs. E. Lauderbaugh, mother of Jesse and Isaac Lauderbaugh, died Friday afternoon at 2 o'clock at the home of the former, six miles northwest of Avilla, at the age of eighty-two years. The deceased was a member of one of the best known families in Jasper county and had 12 children. Her husband had preceded her to the beyond, but she leaves nine children. Five of them, Isaac and Jesse Lauderbaugh, Mrs. Rapp, of Nebraska, Mrs. Roland, of Illinois, and Mrs. William Brown, who lives east of Carthage, accompanied the remains to Illinois, where the interment took place. The funeral was held from the Lauderbaugh home Saturday.

The deceased had relatives and friends in many parts of the county. Her former home was in Illinois, and the remains were laid away in the family graveyard.

Some Fine Peaches.

Mr. D. H. Wampler, the prominent farmer living southeast of the city has our thanks for a basket of as fine peaches as we have ever laid eyes on. They were great big yellow fellows, rich and juicy and were of the "Yellow Alberta," "Chinese Cling" and "Belle of Georgia" varieties. Mr. Wampler has only a few of these large peaches this year, but he has a large one and which will soon be old enough to bear.

Will Return.

Mr. S. W. Allison, the mail carrier appointed for rural route No. 6, to be established from Carthage, has written that he will return from Dakota to accept the place. He grew tired of waiting and finally decided that the route could never be established after he had made application and had gone to Dakota to look for a location. Since the route was ordered he has decided to come home.

HE IS A GOOD AGENT.

MR. BAKER HOLDS HIS OWN WITH AN IRRATE TRAVELER.

The Man Didn't Want to Pay the Express on Some Chickens But Changed His Mind Suddenly.

The trials of a depot agent are many and sometimes very exciting. Mr. H. O. Baker, who acts in that capacity for the Missouri Pacific at this place comes in for his share, but you generally find him coming out with colors flying, as was the case last Saturday.

An old gentleman got off of the afternoon train on that day—like a box of chickens were put off from the express car. The chickens proved to be the property of this old gentleman. But when he went to get them he was informed that there was 40 cents express due. The old man exploded, and the Missouri Pacific railroad got one of the worst "roasts" that ever proceeded from an irrate traveler. It was even insinuated that the railroad company would rob a dead man of his last penny.

"You can say what you please about the railroad," said Mr. Baker, "but there is one thing sure, the express on that box will have to be paid, and if you don't pay it it will fall upon me, and I want you to understand that I do not propose to pay for it."

"I'll see the railroad ret before I'll pay a cent," answered the man, as he began to stomp toward the crate of chickens. Realizing the man's intentions, Mr. Baker made for the box. Both men reached it about the same time, and a scuffle ensued. Things began to look pretty serious about this time, and someone called for the marshal. This brought the old man to his senses, and he had his pocket-book out in a jiffy, paid the bill and took the chickens.

"If he had gotten the box," said Mr. Baker, "he would have had me, but I had one experience where a man got a box in his possession before paying the freight and I had to pay it, and that has caused me to be more careful."

It appears that the old gentleman had taken the box of chickens into the passenger coach when he got on the train and intended to bring it through as baggage. He says that when he was not aware of it, the porter took it to the express car, consequently the extra express charges is what aroused his ire to such a high pitch.

A PARTY IN THE COUNTRY.

Mrs. Rice Entertains With a Quilting.

Mrs. Rice very delightfully entertained at her beautiful home seven miles east of the city Aug. 15, a number of her friends with a quilting. The guests arrived about ten o'clock where they found two quilts awaiting them. The young people were ushered up stairs where they began to work very industriously, not only their hands, but their tongues equally as fast. The elderly people had a quiet down stairs which they did dutifully. About noon the guests were invited to a large table where awaited them a bountiful dinner of all the delicious dainties which could be produced. After dinner they were very pleasantly entertained with music after which work was again begun. About 6 o'clock supper was announced which was equally as good as the dinner. There were about thirty present and all declared they had spent a very pleasant and agreeable day.

Home Grown Apricots.

Mr. Burns presented us with a number of genuine apricots which were grown on his place east of the city. They are very much like a peach, with the exception that the skin is smooth like a plum. There are very few of them grown around here and are quite a curiosity. Mr. Burns says he has one tree which has produced quite a crop this season.

Preston Township Corn.

Jerry Haworth brought to this office yesterday a beautifully developed ear of corn grown this year. It came from the field of Ed Owens, on the Widow Keger's place. Mr. Owens has thirty acres that good judges say will average twenty bushels per acre. The farm is north of Carthage on Buck Branch.—Carthage Democrat.

Uncle Tom Seal surprised his Carthage friends one day this week by coming down town in a pair of white linen pants that had shrunken almost to the pockets. He looked like a contestant at a wading party.—Carthage Democrat.

A WEEK'S SOCIAL EVENTS

THE METHODISTS HAVE A SURPRISE DINNER.

Mr. and Mrs. Peebles the Victims--The Epworth League Takes a Hay Ride to the Country.

The members of the Methodist church gave a farewell dinner last Friday in honor of Mr. and Mrs. H. M. Peebles, who leaves this week for Golden City where they will make their future home. It was planned as a surprise and was a complete success. The people met at the church at ten o'clock and went to the Peebles home in a body. The tables were set in the grove north of the South Methodist church and about sixty people sat down to a sumptuous feast, and the time was spent in a most delightful manner.

Mr. and Mrs. Peebles have been loyal workers in the Methodist church at this place and will be greatly missed in church circles. The best wishes of their friends go with them to their new home.

On Friday evening the young people of the church surprised Miss Meggie Peebles by appearing at her home about forty strong without any special invitation from her. The crowd gathered together up town and with a good supply of watermelons marched to the home of their victim, and without a moment's warning rushed in the house and deposited the watermelons on that unsuspecting young lady's lap. They then proceeded to have a good time with games and watermelons.

Chas. LaFlore and Troy Masters delightfully entertained a party of young people at the home of Mr. and Mrs. Jasper Wilson on Lexington Avenue, Saturday evening. Their evening was spent in games. Refreshments of ice cream and cake were served. All who attended report an enjoyable time. Those present were: Misses Edie Bayles, Florence and Cora Wedding, Anna and Myrtle Winder, Donia Embrose, and Mable Hughes, Messrs Bert Shoemaker, Marion VanDusen, Huston Busby, Jesse Johnson, Willie Tallman, Levi Kitterman, Chas. and Herman LaFlore, Legeo Bayles, Troy and Geo. Masters, Mr. and Mrs. Jasper Wilson, Mr. and Mrs. Chas. Wilson, and Mr. and Mrs. Masters.

The Epworth League of the Methodist church held a social at the home of Mr. H. F. Fox, east of the city last night. The crowd went out on a hay wagon, and to say they had a good time is putting it mildly. Games of various sorts were played upon the hay, and at about 10 o'clock a feast of watermelons was indulged in.

Those who are in need of dental work will be interested to know that Dr. E. W. Key, the Nevada Dentist will be in Jasper again next week at Dr. Sullivan's office.

Sheriff Harlow's Hounds.

Sheriff John M. Harlow has received many well merited congratulations over the recent success of his blood hounds at Pierce City in trailing the ravisher and murderer of the girl there last Sunday. The work of the dogs was the connecting link in the evidence, for they followed the trail from the scene of crime to and along the line of travel which eye witnesses testify to having seen the negro. No witness saw the negro leave the scene of the murder, but they saw him after he left the house in an orchard, in a graveyard and in a field. The dogs went directly from the bridge where the girl's throat was cut to this negro's house, thence to the orchard, to the graveyard and into the field, over the identical path where the negro had been seen to go.—Lamar Democrat.
