A French Invention.

A Frenchman has invented methods of enlarging records to obtain increased or diminished sound intensity.

Their Diversion.

Jud Tunkins says that some men who would scorn to bet on a horse race play politics, strictly as a game of chance.

Perfumed Wines.

Greek and Roman wines were perfumed, generally, by steeping the leaves of violets or roses in the liquor until it had acquired the odor of the flowers.

Wildroot keeps my hair healthy

"By using Wildroot regularly, I keep my scalp entirely free from the itching crust of dandruff, the cause of most hair trouble. I owe my luxuriant hair to the care of my friends—to this guaranteed dandruff remedy."

School Notes.

The Epworth League of the M. E. Church entertained the High School students and faculty Tuesday evening. About 50 of the students were present besides the members of the League.

The entertainment committee put on a good program, after which sandwiches and cocoa were served. As it was a week night, all went home early feeling that they had been royally entertained.

At the student assembly Thursday morning the Juniors put on the following program:

Violin solo, Harley Hammond.
Reading, Blanche Cline.
Piano Duet, Helen Hastings and Lucille Scott.

Dialogue, Lena Wiseman and Sam Wine.

The program was well given and the student body enjoyed it very much. The Sophomores have charge of the assembly next Thursday.

Della Williams enrolled in the High School as a sophomore this week.

The Jasper Schools made a record last month, of which it can justly be proud. Out of an enrollment of 209 in the school there was an average attendance every day of 206. This record has never been equalled in the history of the school.

Things are progressing nicely for the school exhibit at the Fair. It looks as if the school would have even a better exhibit than it had last year.

Miss Cather's room is making a transportation map. It shows the different methods of travel used in the different parts of the world. Lena Sidwell of the Freshmen class is ill with typhoid fever.
