—The recent rains have filled the slough in the Nodaway bottom. We are compelled to ride one mile through mud and water to see after our cattle which are yet doing well on the grass. Some have put down to raise a private subscription and have the slough ditched. I would suggest the County Court (?) make an appropriation for said purpose. "They'll be d——d if they do, and they'll be d——d if they don't." This is the theory on which they made the court house appropriation.

—Dr. Lovelady has come to Corning to stay, and as he is a stranger to the most of us, I have taken the pains to look up his record, and this is his standing; Dr. L. is 25 years of age attended his collegiate courses at Iowa. His first term of medical lectures was at Keokuk, Iowa, during the winter of '79 and '80; second during the winter of '80 and '81, at St Joseph, in the college of physicians and surgeons. We find he stood at the head of his graduating class and that his diploma is legal and registered authorizing him to practice medicine and surgery. Since the Dr. is married it would not be fair to omit speaking of his little wife, her maiden name was Susie L. Smith, her home was Riverton, Iowa. She was organist of the M. E. Church. For several years she was the golden meanial, which was awarded to her by the Iowa, Nebraska and Missouri Inter State fair, for being the best Pianist. This happy couple was married October 20th, and have come to stay with us. We gladly welcome them, and we wish them health and prosperity. In my next I will give a list of the wedding presents.

—Shepard & Simpson have opened a first class stock of groceries in the building formerly occupied by Springs. These gentlemen are from Flag Springs, in Andrew county. We predict for them a good trade here.

There is an old fellow called Moulton.
Beer drinker he's always been jollin'
Till one night in the shop,
The beer he did sop,
And now the boys say he is boltin'.
He reared and he caved and he swore,
His tangled locks he didpull till they tore,
He pronounced it a lie,
And tried to prove an alibi,
But to the truth of their statement they swore.
From the devil he has got a letter,
Perhaps after this he'll do better,
He will take some other flop,
And try to come out on top,
And charge it up to his type setter.
Yes, Moulton will try to evade it,
But denials will no longer save it,
There would be nothing like it,
If Moulton could strike it,
And get rid of the boys' affidavits.

—There will not be near as many cattle fed in this vicinity, this winter, as there has been formerly, owing to the scarcity of corn. Feeders are offering 40c per bushel in the field, and not getting very much at that.
—Mr. Rozell sold 75 acres of corn in the field to Pickering & Co., for the neat little sum of 800 dollars. He was on a rented farm and paid 200 dollars cash rent, which is doing pretty well. But then we all know that this is the garden of the universe.
