ROMANISTS JEOPARDIZE NATION'S HEALTH

If All Authorities Were Priests the American People Would be Wiped Off the Earth

Our readers, everywhere, are familiar with the epidemic of influenza that is sweeping over the country with its terrible toll of health and human life.

It is the same rebellious contemptuous spirit the late D. S. Phelan manifested in his famous, "To Hell With the Government" sermon a few years ago, only lacking Phelan's outspoken vehemence and plainness of speech.

This would have been needless had it not been recognized that the Catholic church looks to its superiors for law and direction, instead of to the law and the legally constituted authorities.

The priest was arrested, but an investigation showed that there was no penalty clause attached to the closing order so, as the priest could not be punished, he was released with the injunction to be careful hereafter.

A MILLION FOR CATHOLIC PRESS

THE ROMAN CATHOLIC PRESS ASSOCIATION held its annual convention in Chicago about the middle of last August, to be exact the convention opened on the 16th.

CHICAGO, Aug. 16.—A million dollar endowment fund to establish a Catholic publicity service was proposed today by Matthew J. W. Smith, editor of The Denver Catholic Register, at the eighth annual convention of the Catholic Press Association of the United States and Canada.

THE JESUITS CAPTURE THE CITY OF DETROIT

Work of Romanizing Fourth American City Goes On While Patriots Sleep Soundly

The work of Romanizing Detroit, the fourth American city, goes Jesuitically forward. The result of the primary on August 27th was amazing but not unexpected to those familiar with the plans and plots of the papists.

Sidelights on Mr. Babka

There has just come to our attention a very interesting article in The Cleveland News on Mr. Babka, under date of July 30, 1918.

It seems that about one year ago The Higbee Co., one of the largest department stores in Cleveland, was robbed. Thereafter Mr. Hamburg, alias, etc., was arrested in Hot Springs, and by extradition brought back to Cuyahoga county, indicted and found guilty of the crime of robbery, and while the case versus Hamburg was pending on motion for a new trial Mr. Babka, the first assistant county prosecutor, makes his appearance.

Now, by way of digression for a few minutes, and with the kindest thoughts for Mr. Babka, we must assume that he is an attorney of average ability, any other assumption would disqualify him for congress.

Joe Taggart--Kansas

Wyandotte county, Kansas, is pretty well covered with posters advertising Joe Taggart for district judge. The posters aver that Joe is "one of the boys who is giving his all for his country."

Now Joe may be giving his all to his country, but he has a real "bomb-proof" job in the quartermaster's department at Washington, and he enjoys the rank of captain.

For the city offices the political Romanists can only be elected to the city council, but their power to grab and hog appointments is almost unbelievable as the facts which follow demonstrate:

Get More Eggs On Less Feed

Egg prices this winter will undoubtedly be the highest in the world's history. Those who know how to feed to get winter eggs will reap enormous profits.

Prof. T. E. Quisenberry, one of the world's greatest poultry experts and President of the American Poultry School, Box 1201, Leavenworth, Kansas, has issued a 16-page bulletin on "How and What to Feed For Heavy Egg Production and to Cut the Cost of Feed."

PAID TO POLITICAL ROMANIST EMPLOYEES AND APPOINTEES!

At the August primary there were four contenders for the mayoralty nomination, two to be named; Fatty Connolly, Irish Catholic; James Couzens, non-Catholic; John Gillespie, non-Catholic, and Divie Duffield, non-Catholic.

At the August primary there were eighteen candidates to be nominated for the city council. The political Romanists entered twenty names for the eighteen nominations.

Charles F. Bielman, William P. Bradley, John A. Kronk, Joseph A. Walsh, Thomas E. Glinnan, Tom May, and John S. Garvey.

Non-Catholic candidates: Richard M. Watson, H. H. Dickinson, Burnett F. Stephenson, Fred W. Castator, George W. Ross, Sherman Littlefield, John C. Nagel, David W. Simons, and Hugh Shepherd.

John C. Lodge, the architect of THE MENACE ordinance and James Vernor, who has a Catholic wife, and who sold THE MENACE to allow himself to be used as a tool for the Romanists and their nominees, and with the seven thoroughbred Catholics will make a full hand for the papacy if they succeed in putting their slate across.

NOTE—THE MENACE did not favor Couzens in the primaries and would not do so now were it not a fact that in many phases of municipal administration he has shown himself a cleaner man than Connolly.

Wayne county officers of the political Romanists cannot be elected, but they exert secret influences of an astounding nature in view of the size of their collective vote.

There are many great issues coming before our government at this time, and we do not think a party should be elected to this important office who has been weighed in the balance and found wanting as in the Hamburg case.

There may be under the name of the Irish Home Rule, or some other cognomen. We believe that no man should be elected to this important office who has failed to cope with a minor detail such as the Hamburg case.

It is a conservative estimate that of all the monies collected by taxation for city purposes in Detroit 65 CENTS OF EVERY DOLLAR IS

Special Mention, Iowa

H. M. Havner, seeking re-election as attorney-general, should be returned to office if the patriotic voters of that state want to show a good man that they appreciate his efforts in their behalf.

W. J. Greenell and R. E. Knapp, independent candidates for the state senate, also ought to be elected. There are some papists running alongside some very weak non-Catholics. The following are such and should not be elected:

LET'S HELP THIS GIRL

BURKE McCARTY, editor of The Gopher, the best anti-papal paper published in America, unless I had the nerve to except THE MENACE, is preparing a book of three hundred pages entitled, "My Evolution From Paganism."

I saw Burke in Cleveland a few weeks ago and talked to her about this book, and I can promise you in advance that it is going to be a stem winder. The price will be \$1.50, postpaid, and I want to take the stand and swear that the autographed picture of the author, which will appear in the book, is worth all she asks for the volume.

Speaking seriously, this doughy little woman needs the support and encouragement of every patriot in this nation at this time. She has fought a stubborn battle against Romanism for the past several years and she hasn't had the support that she deserved.

THE MENACE and The Gopher are the only two papers in this field at the present time and we have no more to spare. If these two also are not to be ground to powder by the onslaughts of the enemy and the condition of the times it is going to take the assistance of friends at a time when that assistance was never needed worse.

For judges of supreme court. Jos. C. Campbell and Harry E. Hull for congress, Jos. J. Meyers for attorney-general. Ralph Otto, J. W. Kintzinger, and D. E. Maguire for judges.

The superintendent of the dry federation of Pennsylvania has had the wool pulled over his eyes in great shape. With less than a quorum present he had the executive committee vote to endorse Sprout, not realizing that in doing so they were voting at the same time to uphold rum and Romanism.

To Montana Friends Some of you are doubtless wondering just why we favor Landstrum for senator over Jeannette Rankin. The answer is easy.

Landstrum is the nominee of the republican party and the psychology of that very fact makes him the most favored opponent of the only man running for that office. It is then, the part of wisdom not to divide our forces but to cast our support where it will carry a safe candidate over the top.

Furthermore if any of you have any doubts as to what kind of a man Landstrum is you have only to read Governor Stewart's attempted exposure of him. True he charges Landstrum with being a big gun in the republican party. The same can be said of Walsh in the democratic party or he wouldn't be that party's nominee.

But get down to those things on which Stewart actually made his pitiful attempt to put Landstrum out of the race. If nine out of every ten points he raised won't show that Landstrum is truly the fundamentally sound candidate for the office then we fail to understand plain English.

The city that Landstrum's supporters have failed to widely circulate the charge Stewart makes against Landstrum in the paper for Landstrum has been a supporter of constitutional Americanism and Stewart's criticisms prove it. Those criticisms also show that Walsh, the man favored by Stewart must be the opponent of constitutional Americanism and be

"I CURED MYSELF OF TUBERCULOSIS"

For fifteen years I have been treating one disease alone, ECZEMA. I have handled over one million cases. I do not pretend to know it all, but I am convinced the disease is due to an excess of acid in the blood, and chiefly related to rheumatism and cancer. This acid must be removed.

ECZEMA

Also called Tetter, Salt Rheum, Pruritus, Milk Crust, Water Poison, Weeping Skin, etc.

For fifteen years I have been treating one disease alone, ECZEMA. I have handled over one million cases. I do not pretend to know it all, but I am convinced the disease is due to an excess of acid in the blood, and chiefly related to rheumatism and cancer. This acid must be removed.

ECZEMA is killed by some people. Tetter, Salt Rheum, Pruritus, Milk Crust, Weeping Skin, etc. I am fully convinced ECZEMA is a curable disease, and when I say it can be cured, I mean just what I say—CURED, and not merely patched up for a while to return worse than before. It makes no difference what other doctors have told you, or what all you have tried, all I ask is just a chance to prove to you that this vast experience has taught me a great deal that would be of help to you. If you will write me today I will send you a free trial of my milk-soothing, guaranteed treatment that will do more to cure you than 100 other people could in a month's preaching. It's all up to you. If you suffer any more with eczema and refuse to merit my name for free trial just because you're tired, no matter where you live, I have treated your neighbors. Merely dropping me a postal today is likely to give you more relief in a week than you ever expected to enjoy again. Do it right now, your very life may be at stake.
