You Have Never Before Seen Such Wonderful Bargains in New Winter Coats.

Prior to inventory we have reduced the price of every Winter coat in our stock. There are no restrictions; the reductions are absolute and sweeping. Every coat should be sold before the First of February, and we are exerting all our energies to that end.

Don't think that because prices have been cut, the beauty and quality of the garments themselves are impaired. These coats are all of excellent qualities, made of splendid materials in a broad diversity. Practically every popular model is comprised, and no woman will have any difficulty in securing a perfect-fitting and becoming coat from the assortment we offer.

The savings are immense, and no thrifty woman can afford to miss them. There are still several months of severe Winter to be expected, during which the new coat you now purchase at White's will prove its service.

Assortments are still comprehensive, but we advise an early call before the lots are depleted.

Handsome Suits Have Had Their Prices Deeply Slashed.

You will be most agreeably astonished when you see the beauty and quality of the suits and note their marvelously low prices. We have not spared prices in our effort to reduce stock-taking, and the economies that are now to be effected, are indeed attractive.

These suits come from the country's most reputable manufacturers, and their perfect workmanship and excellent materials elevate them far above the usual run of Winter suits.

Their styles are indeed lovely, and every popular Winter model is included. The jackets are in numerous fashionable effects, and are tailored in the most painstaking manner. The skirts are in several models, all perfect-fitting and perfect hanging.

Prices have been deeply cut, and the values now being offered are rare and seldom equalled. Don't fail to get your share of them.

Reductions in Other New Winter Apparel.

Our entire stock is to be lessened and brought down to the lowest possible level, and prices have been correspondingly cut. On skirts, dresses, waists, furs, and all winter apparel, the price-reductions have been great, and the savings are considerable and certainly worth while. The very apparel most needed for the ensuing winter months is represented in the reductions, for practically our whole winter stock has been submitted to the price-guillotine.

THE STORE THAT SELLS WOOLTEX.

Every woman who lives within easy distance of our store should hasten to avail herself of this extraordinary bargain-opportunity. It's a chance that occurs but rarely, and provides savings that are uncommon indeed.

Remember, these garments are in the very "pink of condition." They are not old stock or broken lots, but are really new, fresh goods in the most popular models and styles of Winter. And prices are not to be duplicated anywhere—don't forget that!

Likes Florida

W. E. Nicely, of Napton, one of our former employes, writes a cheering letter from his new home in Florida. Ft. Ogden, Fla. Dec. 27, 1911

Editor Republican, I have moved to Florida and you can change my mail from Oklahoma City, Okla to this place mentioned on coupon. The weather is nice and warm down here and it didn't seem like Christmas to me. It seemed more like the 4th of July. The orange trees are full of ripe oranges and the roses are in bloom like it was August in Missouri. I am thinking of buying some land here but haven't yet. I believe this is a good place to make a good living and get out of the long winters in the North. Well I will close hoping you will receive my letter and hope to get the paper for another year as it is almost like getting a letter from home. Very respectfully, W. E. Nicely.

It is a good cause in which Miss Napton takes a deep interest.

Caused a Stir

An Italian peddler caused quite a little excitement around Gilliam just before Christmas, said Louis Fisher, who was up from there Tuesday. The man said he was from Jerusalem and that his father had died there and he wanted to sell out the remainder of his wares and go to his mother. At F. M. Heinzel's only one of the daughters was at home and realizing that she was scared he insisted on her buying till he had sold a goodly bill. When the folks arrived the girl was badly scared and Mr. Heinzel at once searched for the man. He was arrested at Slater and returned the check and money he secured at the Heinzel home and is no doubt on his way to Jerusalem now.
