## ON LEGS

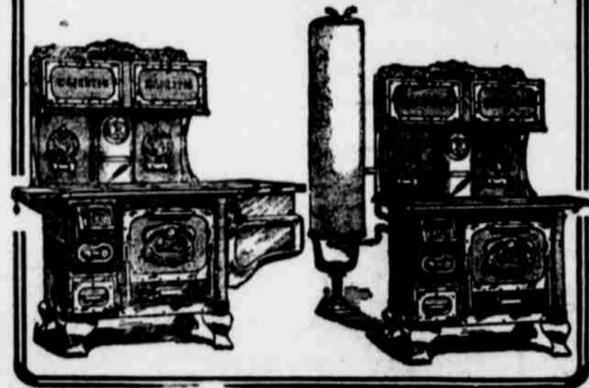

THE same reliable GREAT MAJESTIC RANGE on malleable legs.

The MAJESTIC is the only range built strong enough to support itself on four malleable legs without the assistance of a large base that usually takes up half the clearance underneath. It's the same MAJESTIC, built of malleable and charcoal iron—materials that resist rust and are unbreakable.

The MAJESTIC is hand-riveted practically air tight. It holds the heat, uses very little fuel and bakes just perfectly. It's the range for your kitchen.

Let us show you why it's the cheapest range you can buy.

Sold only by the best hardware dealers.
