THE HORSE WAS CRAZY

A horse belonging to Walter Webb, 884 West Jackson, ran away on the square about 10 o'clock Tuesday morning. The animal was attached to a wagon with another horse and was near the northwest corner of the square when he began acting peculiarly and started to run. Breaking away from the wagon he ran across the court house yard and into the north wall of Myers & Bell's store, then turned and ran west. He was stopped near the electric light office.

Besides breaking the harness and considerably frightening the populace no other damage was done. The heated weather, no doubt caused the horse to go crazy. It is not an uncommon thing for a horse to become insane.

50-POUND FISH

Will Treese of Blue Lick told us, Monday, the following story: Forest and Harrison Short, West Bogart, John Griffith and Lee Sallor of the Blue Lick vicinity were swimming Sunday afternoon just above the Gorrell bridge on Blackwater, about 10 miles south of Marshall and discovered a huge cat fish resting in a hollow log. The boys stopped up both ends of the log and then cut a hole in the log, thus securing the fish. The capture, however, was not easily made, the fish objecting very seriously to the proceedings and scratched the boys considerably. The cat fish was 4 feet long and weighed 50 pounds.

THE YERBY STREET PAVING

Considerable discussion has developed over the question of paving Yerby street from Ellsworth Avenue to Ridge Park cemetery. The condition of this thoroughfare, especially during the winter months, has long been a disgrace to the town and county and it is sincerely hoped that for the sake of a few dollars, no one will stand in the way of this much needed improvement. The road is almost impassable at times and a number of funeral parties have been held up because of the mud.
