Hugh Smith and wife spent Sunday at T. A. Smiths.

Miss Maud Lear took charge of her school near Houstonia Monday.

School opened here Monday with Wm. Logsdon Jr., as teacher.

MARKET REPORT

Receipts of Stock Cattle and Feeders Larger Than Usual. Prices Lower.

KANSAS CITY Stock Yards, Sept. 1, 1913.—Ninety five thousand cattle were received here last week, of which more than one half were classed as stock cattle and feeders.

This large number of thin cattle was handled in a remarkable way. Prices on thin cattle showed some loss at the end of the week, best grades 10 to 15 lower, middle grades 25 to 30 lower, cheap cattle 35 to 40 lower.

The supply of killing cattle was taken at the moderate reduction of 100 to 25 cents on those below prime, which kind remains steady.

The efficient way in which the enormous supply was handled must be credited to the widespread desire to either get into cattle, or stay in.

The demand for the immature animals came from all states from West Virginia to Idaho.

A train of 22 cars of cheap stock steers went to Utah, 8 cars of cows to Montana, feeders to Michigan, Illinois, Missouri and Illinois.

Of course, the heaviest buyers, are all outgo to the country aggregating 48000 head. Receipts to-day are 21000 cattle, market steady on killing kinds, except quarantine cattle, which are strong, and to uneventfully higher on stock cattle and feeders.

There are many bare spots or cattle in Iowa and Illinois yet, and Indiana and Ohio are badly in need of cattle, insuring an almost unlimited opportunity for immature cattle from dry sections to continue their mission of beef making.

It more favored localities. Prime heavy steers sold at \$9.10 today, and while prophecy for a rise in September has not been verified, it is still indulged by commission men.

Kansas grass cattle sell to killers at \$6.50 to \$7.90, quarantine steers \$5.25 to \$6.50, some corn fed quarantines today at \$5.75 to \$7.60. Butcher stuff sells well, and veal calves are higher, best at \$10.00. Hogs turned upward middle of last week, and continue their course today, 10 higher, receipts 5000. Order buyers make a runaway market on the opening each day, paying \$8.80 to \$8.95 which is a good today packers paying \$8.40 to \$8.90 for the hogs they secured.

Local prices are running well above other river points, and also above Chicago, account of the strong order demand. Sheep and lambs broke badly first half of last week, but have held steady since, including to-day, receipts to-day 12000 to-day. Good to choice Utah lambs bring \$6.90 to \$7.50, ewes around \$3.50 to \$4.00, feeding lambs \$6.50 to \$6.75. Natives usually lack quality, and sell somewhat under these prices.

64 per cent; number of stock cattle on farms, 73 per cent. It is estimated that 24 per cent of the cattle have been disposed of owing to drought. No doubt, much of this was "star boarder" stuff that needed to go. With good prices prevailing and with intelligent weeding out there has been no sacrifice or loss from this source.

MT. LEONARD

Dr. L. W. Tuttle and family returned after a trip to Colorado and Utah. Lloyd Cort, wife and mother and their guest, Miss Maude Weaver of Miami attended the Bannum and Gaiety circus at Marshall in their car.

Rev. Baxter of Liberty, Mo., preached here Sunday morning and evening. He will preach again in two weeks.

Mrs. S. E. Dowden of Kansas City is a guest of her parents, Mr. and Mrs. M. G. Bray.

Mrs. Wade Little and daughter, Hattie, were guests of Mrs. C. M. Hlophina Tuesday.

Miss Eva Shepard left this week for Warrensburg where she will attend normal this year.

Misses Anna and Mildred Briggs and Miss Edna Mayfield were guest of friends in Marshall last week.

Lloyd Cort and wife and Misses Pauline and Lous May Gentry and Lorena Smitherman drove over to Miami Sunday in the former's car.

MISSOURI CROP REPORT

August Was Unfavorable Month For Missouri Farmers Rainfall Light

August was an unfavorable month for Missouri farmers, yet there will be neither want nor famine, in the face of discouragements, made all the more noticeable because of the failure of the early season promise of a bumper crop, there prevails an optimism and determination most commendable.

This feeling is reflected in most of the reports from correspondents, notwithstanding that in every county of the state there was a falling off in crop conditions during August. At Columbia the rainfall for the month was but 0.77 of an inch as compared with 4.91 inches last year, 1.95 inches in 1911, 1.67 inches in 1901, and 3.04 inches as normal for August.

The highest temperature recorded was 105 degrees on the 7th, but on eleven days during the month it was 100 degrees or more.

Corn Reports from the 114 counties of the state place the condition of corn at 41.8, a loss of 29 points for the month. One year ago it was 86.8, and the total state yield for that year was 242,900,000 bushels.

Condition of corn on September 1, as reported by crop division sections, shows: Northeast, 43; Northwest, 45; Central, 41; Southwest, 33; Southeast, 46. Even in the Northwest, where heat and drought did comparatively little damage earlier in the season, the crop suffered greatly during August.

There is much good corn in river bottoms and on low land. On the other hand there are upland fields that will hardly make good fodder. The crop is very poor in the counties south of the Missouri river and bordering on or near Kansas, Benton and the counties to the south have also been hard hit.

North of the Missouri river the greatest lack of rain has been in Andrain and other Northeast counties. It is estimated that 20 per cent of the corn in the state has been cut and that 40 per cent more will go into shock.

More silos than ever will also be filled. Wheat—Dry weather has greatly interfered with preparations for sowing wheat. Correspondents report only 30 per cent of the ground plowed. Estimates for the new crop place it at 89 per cent of the acreage harvested this year.

Without rain such this will be further reduced, but sufficient rainfall and a favorable fall for seeding might increase the acreage.

Other Crops Additional information on the crop, indicates a state yield of 20.5 bushels on that part of the crop threshed. Yield of timothy seed will be very light and average only 411 per cent of normal. The clover seed crop promises well, but it is too early to give figures. Yield of rye is placed at 14.2 bushels; buckwheat 10.3, barley 18, flax 6, but final figures may differ. Condition of cotton is 67, tobacco 52, and cowpeas 53.

Live Stock—Water for live stock is now the most serious matter with which the average farmer is having to contend, 88 per cent of the correspondents reporting a shortage. Ponds have dried up and many springs and wells that had never failed are dry or nearly so. Pastures are brown and bare, the condition for the state being 25. It is estimated that 30 per cent of the farmers are now feeding new corn. However, owing to a general shortage of live stock, there may be no extraordinary demand for feed.

Number of hogs on feed now as compared with one year ago is placed at 58 per cent; number of spring pigs on farms, 75 per cent; number of cows for fall farrow, 72 per cent; number of cattle on feed,

A. Senger of Mt. Leonard, called on Mrs. Ed. Keehart Friday afternoon.

Mrs. L. J. Rasse is visiting Mrs. Ed. Keehart.

We had quite a refreshing shower Monday and Tuesday.

Peoudu, a French aviator, "looped the loop" at a height of 1500 feet in his aeroplane and safely descended.

When he had ascended about 3,000 feet he turned the nose of his machine earthward. After plunging 1000 feet at frightful rapidity, he shifted his rudder and caused the aeroplane to turn a complete vertical circle.

The machine then glided down in a huge spiral and alighted gently. He repeated the performance the next day.

HEARD IN MARSHALL

Bad Backs Made Strong—Kidney Pills Corrected.

All over Marshall you hear it. Doan's Kidney Pills are keeping up the good work, curing weak kidneys, driving away backache, correcting urinary ills.

Marshall people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townpeople.

They tell it for the benefit of you who are suffering. I, your back aches, if you feel lame sore and miserable, if the kidney act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors.

Follow this Marshall citizen's advice and give Doan's chance to do the same for you.

Mrs. Mary E. Bentley, 355 W. Washington St., Marshall, Mo., says: "Three years ago I suffered from kidney and bladder complaint which made me weak and run down. The kidney action was irregular. I used one box of Doan's Kidney Pills in 1909 and received a cure. I can now say that there has never been a recurrence of my complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. Sept 5-12 ad.
