D. W. MAJOR, EDITOR.

ARTIE B. KEADLE, Local Editor.

TERMS—\$1.00 per Year in Advance.

Pearson, of the Middletown Chips, put on his funny cap last week and commented as follows on the Wellsville Record:

"Here is a Wellsville Record:
Bought'er, Run'er,
Stopt'er, Left'er.—Taylor."

Mrs. Dunlap, of Wabash, Ind., has received from Mark Hanna a check for \$2, being payment for three dozen pigs' feet which her husband allowed to spoil in her absence. Mr. Dunlap was attracted from home by a campaign band which passed on the day Mr. Hanna visited Wabash, and the good wife sent a bill to the senator.

It is claimed by the Kansas City papers that Kansas City was a "Dry Town" last Sunday and that not one saloon was allowed to run a side or back door open. Mrs. Nation seems to be getting in her bluff on that wicked city and on the Police Commissioners too. She threatened to have the whole gang from Mayor down, impeached for malfeasance in office, and hence the dry day in Kansas City.

Bryan is billed for a speech in Cameron, Mo., on May 14, and an admission fee of 25 cents will be charged for all who desire to hear him. It is given out that the gate receipts will go for the improvement of the Cameron park. It is not stated that subscriptions to the Commoner will also be received at the gate. It is also thought there is "millions in it" for park improvement in Cameron.

This week's TRIBUNE contains an article from T. J. Akins, chairman of the Republican State Committee which throws some light on the policy of the National administration in regard to Fourth class postmasters and their chances for re-appointment. The article is worth reading and will set at rest all uneasiness in regard to the plan to be pursued by such postmasters in securing re-appointments.

Editor Chris Pearson, of Middletown, is a member of the grand jury selected to investigate the cases of the Warner brothers, the Cobb case and the burning of the Danville court house. Judge Hughes cautioned Pearson along with the rest of the jurors not to talk too much or to "tell tales out of school." Hence bre'r Pearson will not be expected to say very much about this term of court and its doings.

Judge W. M. Williams of Boonville, who prepared the Doekery franchise bill, says there is no necessity for additional machinery to assess franchises and corporations. He says: "They come under the same law which assesses cows, horses, sheep, hogs, lands and money, and these laws are ample in every way." Judge Williams is confident that the law framed will be found sufficient to tax franchises and corporations.—Fulton Sun.

Ex-Gov. Lon V. Stevens: "Free silver may not be the paramount issue in the next presidential campaign; indeed, we may hear but little of the question, and it may not be an issue at all, organization established by the free-silver advocates will control the national convention, and any effort to side-track them will prove disastrous in November, 1904.—Mexico Intelligencer.

Hold on Governor, you had better do some cold hard reasoning with Dave Francis, Rolla Wells and the rest of the sound money fellows before you say too much. Better squint your eye on Doekery too, he is somewhat of a sound money man himself.

FRANK JAMES ON THE YOUNGERS.

Frank James had a signed article in the St. Louis Star the other day on the proposed parole of the Younger boys from the Stillwater penitentiary, they having served 25 years of their life sentence. He says the Youngers have suffered enough, this may be true, but it is not good argument on

which to base a hope or a claim for the release of such notorious criminals. Criminals are not put behind the bars simply to make them suffer, but it is done to keep the criminal from committing other crimes and to deter other would-be criminals from committing crimes. Perhaps the demands of justice have been met in the Younger's case but no state can be too careful in extending pardons to the princes of criminals who murdered and robbed and terrorized a half dozen states in which they plied their unholy and unlawful calling. If the Youngers are released it should be on the ground that justice has been meted out and not that they have suffered enough, for suffering is not demanded in the U. S. as a penalty for crime.

THE LEADER'S PLAN.

The New Florence Leader wants to vote on the court house proposition again and suggests a plan that seems to be outside of the law governing such cases. The Leader wants to have the proposition voted on in a way to choose between Montgomery City and New Florence, and that each of these two towns execute a bond to guarantee the county against any cost in the removal of buildings etc. If we understand the law in this matter, the proposition to remove can't be submitted again for six years, and if this be true, the Leader's suggestion amounts to but little. If after six years have rolled around, the Leader wants to put up New Florence against Montgomery, it is possible, perhaps, that the contest of ballots might be indulged in and the people allowed to choose as to which of the two places should have the county seat, but we have serious doubts as to the legality of such an election.

COMMENCEMENT EXERCISES.

HIGH SCHOOL.

The commencement exercises of our High School takes place to-night at the Ferguson's Opera House. The exercises will consist of Orations by two representatives of the class and an address by Dr. Woodward, of St. Louis. There will also be choice vocal and instrumental music. The graduating exercises of the Grammar School took place last night, a full account of which will appear next week.

LINCOLN PARK SCHOOL.

The graduating exercises of the Lincoln Park School will be held at the Opera House Friday evening, May 17. There will be two graduates and in addition, there will be some first class vocal music etc., by noted singers from Moberly, Mexico and other points. A full program will appear next week.

WIFE DESERTERS WANTED.

The Minnesota legislature last year passed a law making it a felony for a husband to desert his wife and family. The county board of control in which St. Paul is located have instituted proceedings in the courts making requisition on several different Governors of other states for recalcitrant husbands wanted there. Thirty run-away men are wanted in that one county and some interesting legal complications may arise in bringing back these erring spouses. When the run-away hubby is caught he can take his "druther"—live with his wife or go to the penitentiary.

This paper does not like to criticize the doings of our city fathers, but it certainly does look unsafe and unwise to allow the sidewalks in so many parts of the town to remain in this present deplorable condition. One cannot make a trip from the Opera House Block to the college public school building, on the side-walk without, passing over section after section of the most hideous walks, and absolutely dangerous to all pedestrians. School children, church goers and citizens generally can take the middle of the street, but there are times when it is not convenient to walk there. Several of our nearby towns have on hands, now, damage cases to the amount of several thousand dollars and it would not surprise us to hear of one against this city any day. One fourth of the board sidewalks in town are positively dangerous to walk on in broad-day light, not to say how they are of nights.

The History of Wall Paper

Goes back to the time of ancient Egypt. Its machine era began in Europe in the 18th century, although two centuries before, wall paper was made by hand.

In those early days the original designs were reproduced year after year. To-day a design of any certain pattern is used only one year and no pattern gets on the market a second time.

We handle our stock so as to get the BEST of the NEW Things every year and have few of the old designs left over, those designs we close out at very low figures.

Our 1901 stock is Large and built on 20th Century ideas, New, Choice and Reasonable in price.

G. E. Muns & Co.

Big Election Next Year.

Missouri will not have to wait until 1904 for an important state election. One will be held in November of next year which will be preceded by a campaign almost as lively as those which characterize the presidential years, and unless present indications are wholly misleading, the outcome is not unlikely to be considerably different in a political way from what it has usually been heretofore. One-half of the state senate is to be chosen, and all of the members of the house of representatives. The General Assembly thus constituted will select a United States senator to succeed Senator George G. Vest. Sixteen members of the federal house of representatives will be chosen, including one from the new district in Southwest Missouri. Three members of the Supreme court will be elected, the terms of Judge Thos. A. Sherwood, Gayon D. Burgess and Leroy B. Valliant expiring. Three other state officers, a superintendent of public instruction to succeed W. T. Carrington, and two railroad and warehouse commissioners to succeed T. J. Hennessey and Joseph Rice, will be chosen. In addition the election will decide the fate of eight amendments to the state constitution, submitted to the voters by the Forty-first General Assembly. Beside all these matters, a number of county officers will be chosen in each county.—Ex.

"Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered." So writes A. L. Spafford, Chester, Mich. City Drug Store.

Dan Hart of Danville, was here the fore part of the week as one of the special grand jurors.

MEXICO DISTRICT CONFERENCE.

Montgomery, May 13-15, 1901.

MONDAY.
Opening sermon May 13, 8:00 p. m.
C. O. Rensford.
8:20 a. m. Prayer

W. A. Hanna
Committee on License and Admission.
S. P. Cresap, C. G. Hill, W. S. Roeker.

"I have been suffering from Dyspepsia for the past twenty years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I cannot praise Kodol Dyspepsia Cure too highly." thus writes Mrs. C. W. Roberts, Noth Creek, Ark. City Drug Store.

These are all very fine pigs and it will be hard to beat them anywhere. Call on or address

D. D. BAKER, Danville, Mo.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and speciality of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure," and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and every thing necessary to its perfect use.

"Snuffles" is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permits entry and is also wonderfully quick to relieve Hay Fever or Cold in the Head. Catarrh when neglected often leads to Consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to directions which accompany each package. Don't delay but send for it at once, and write all parties as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Send prepaid or any address in the United States or Canada on receipt of One Dollar. Address Dept. A 951 Edwin B. Giles & Company, 220 and 222 Market Street, Philadelphia, Pa. 191.

CLARK & CO. DEALERS IN REAL ESTATE

Real Estate Property for Sale
MONEY TO LOAN

Parties desiring their land advertised without cost to them must list same before catalogue is issued. Office over Union Savings Bank Montgomery City, Mo.
