MARSHALL has a pure water supply superior to that

of any other contesting city. Capacity of water works system over 400,000 gallons per day, which can be indefinitely increased, as supply is inexhaustible.

MARSHALL has an artificial ice plant, capacity 50 tons per day.

MARSHALL is lighted by electricity and gas. She has two systems of long distance telephones with connections with all the principal cities of the country; a perfect system of sanitary sewerage; the streets of the business section of the city are paved with asphalt, and streets radiating from it in all directions are now being paved with macadam.

MARSHALL has two railroads, the Chicago & Alton and the Missouri Pacific, with tracks adjacent to the sites offered, while a north and south railroad has been projected and surveyed. We assure the Board that hotel accommodations will be furnished adequate to the needs of the Fair.
