At Hannibal the other day, a young fellow of 22 green summers and a girl of 18 greener springs, boarded the train for Clarence, says the Courier. By the time they arrived in Palmyra they had smuggled up at Woodland he was squeezing her like a lemon and as the train rolled into the big depot at Clarence he drew her still a little closer and hit her on the neck and she held on until the hotel porters on the platform fell all over themselves. It was pie time for the traveling men, brakemen, and conductor and everybody sighed when the live-stock train left thereon.
