NORCROSS HERD BIG-BONED POLAND CHINAS

Price Master No. 314268
Is the herd bear of our present herd, he being the hog purchased by me from the Eastern states because of his great blood lines and his popularity as a breeder. I deem him as the star and center of my present herd from the fact his blood lines are known from one ocean to the other. His sire being said to be one of the largest hogs in the Eastern states has made me feel proud of such a valuable animal. His brother is the sire of the Clansman hog that was sold by the Silver Brook Farm of Muncie, Ind., for \$15,000.00. We feel that it should be of personal interest to all to take a fair and square look at this hog during Mansfield's Eighth Annual Agricultural and Stock Show, Sept. 24 to 27, and consider the value he is to the country, as he is of a blood line from which few men are able to purchase his get. He is young, just coming 2 years old, and we expect in another year's time to make him a famous hog. Everybody come and see him.

Our Herd Sows are among the highest type of breeding consisting of the following lines: A Wonder, Long Price, Jack Johnson, Big Hadley, Chief Price, Long King and Big Sampson, which is a tracing back to the blood lines developed by Peter Mow—said to be the pioneer developer of the Big-Boned Poland Chinas—who won fame as a breeder, not only in America, but also in the Oriental countries.

Males For Sale—We now have for sale some beautiful males which we expect to put on exhibition during the fair. Price reasonable. Pedigrees furnished with each individual. Other references if desired.
