ALL IN ONE COACH ARE KILLED

Wreckage Catches Fire, Adding to Horrors of Catastrophe—Physicians, Rushed in From Neighboring Towns, Work With Injured on Relief Trains and Minister to Them in Homes Thrown Open by Iowans—Several Die en Way to Hospitals.

Marshalltown, Iowa.—Forty persons were killed, 31—many of whom will die—were injured, when a Rock Island doubleheader passenger train, consisting of 12 coaches, left the Great Western tracks over which it is running, four miles north of Green Mountain, near Gladbrook, Ia., at 8:17 Monday morning.

The wreck was the worst in the history of Iowa railroading. When the cars left the track, the Pullmans telescoped the day coaches. Every person in the first day coach was killed.

One of the sleepers and one of the day coaches were from St. Louis. They left there Sunday afternoon over the Burlington route, and were transferred to the Rock Island at Burlington, Iowa.

Wreck Catches Fire.

The wreck caught fire and many of the passengers, pinned under the debris, burned to death before they could be rescued.

The following is a partial list of the dead and injured:

Physicians Hurry to Aid. A special train with physicians was rushed to the scene and other doctors went overland in automobiles. The hospitals had been placed in readiness to receive the wounded.

The rescuers dragged the dead and wounded from the other coaches and laid them beside the road, where they were given medical attention. Another wrecking train carried the injured to Waterloo.

The bodies of the dead are so badly burned and mangled that it is impossible to positively identify all of them at once.

The train was a consolidation of two Minneapolis-St. Paul trains, which left Chicago and St. Louis Sunday night. It was a "double-header," and was running over the tracks of the Great Western on account of a wreck on the Rock Island.

It is said most of the persons killed were riding in the chair car when the wreck occurred. The cause of the derailment has not been ascertained.

HIS WAY OUT OF IT.

Prospective Tenant (noticing several inches of water in the cellar—My, this cellar leaks.

Landlord—It don't leak a drop. That water has been in here for two months and not a single drop has escaped.

A Consolation. A young woman who had been in the habit of spending her summers in a hill village of Connecticut recently encountered a rural neighbor in a city store.

"How's your wife, Mr. Green?" inquired the young woman graciously. "Why, don't you know," said Mr. Green, "I lost her three months ago."

"Oh, said the shocked young woman, "I didn't know. I beg your pardon, Mr. Green, for being so thoughtless."

"Well," said the disconsolate widower soothingly, "it ain't as bad as it might have been. I've got good help."

Record for Strangeness. A Niagara Falls man tells this story: "A Buffalo man brought a relative from Scotland here to see our grand spectacle. The two gazed at the fall in silence a long time. Then the Buffalo man heaved a sigh and said:

"Ah, Cousin Donald, did you ever see anything so beautiful and strange?" "The Scotchman, after a moment's thought, answered calmly:

"Wee!, for bonnie, yon's a richt; but for strange, no—for I once saw in the Town o' Peebles a peacock with a wooden leg."

The Simple Life. Hungry Guest—Afraid I'm a bit late, but hope I haven't kept breakfast waiting. Hostess—Oh, I forgot to mention that we're trying the "no breakfast" plan, and feel so much better for it. We do trust it will have the same effect with you.

A LITTLE THING Changes the Home Feeling. Coffee blots out the sunshine from many a home by making the mother, or some other member of the household, dyspeptic, nervous and irritable. There are thousands of cases where the proof is absolutely undeniable. Here is one.

A Wis. mother writes: "I was taught to drink coffee at an early age, and also at an early age became a victim to headaches, and as I grew to womanhood these headaches became a part of me, as I was scarcely ever free from them.

"About five years ago a friend urged me to try Postum. I made the trial and the result was so satisfactory that we have used it ever since.

"My husband and little daughter were subject to bilious attacks, but they have both been entirely free from them since we began using Postum instead of coffee. I no longer have headaches and my health is perfect."

If some of these tired, nervous, irritable women would only leave off coffee absolutely and try Postum they would find a wonderful change in their life. It would then be filled with sunshine and happiness rather than weariness and discontent. And think what an effect it would have on the family, for the mood of the mother is largely responsible for the temper of the children.

GORDON'S TESTIMONY PROVES INTERESTING

Charles W. Gordon, whose picture is given above, is agent for the Atlantic & Pacific Tea Company in Ogdensburg, N. Y., and resides at 78 King street, that city. In giving testimony regarding his own case, Mr. Gordon recently made the following statement:

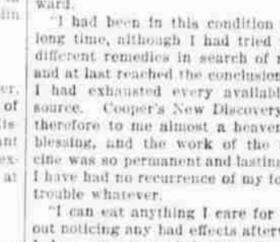

"Some time ago, while suffering from stomach catarrh, I was advised to take Cooper's New Discovery, and did so, two bottles of the preparation putting my stomach into good condition. Previous to my taking the New Discovery I could not eat a meal without experiencing pain and discomfort afterward.

"I had been in this condition for a long time, although I had tried many different remedies in search of relief, and at last reached the conclusion that I had exhausted every available resource. Cooper's New Discovery was therefore to me almost a heaven-sent blessing, and the work of the medicine was so permanent and lasting that I have had no recurrence of my former trouble whatever.

"I can eat anything I care for without noticing any had effects afterward. I have recommended Cooper's New Discovery to many persons of my acquaintance, and it never fails to give satisfactory results. It reaches the seat of stomach trouble in mighty short order."

Cooper's New Discovery is sold by all druggists. If your druggist cannot supply you, we will forward you the name of a druggist in your city who will. Don't accept "something just as good."—The Cooper Medicine Co., Dayton, Ohio.
