The Poplar Bluff Citizens says that in the destruction of the M. E. Leaning Saw Mill at Bombauer on Saturday night, Butler county lost one of the big enterprises of the wood-working class, but it is announced that the mill will be built back without any delay.

Rev. W. W. Killough, who was stricken with paralysis in the Pleasant Hill church several weeks ago, is slowly improving. He has regained his sight, and even now is planning to hold a big meeting in the Pleasant Hill church as soon as he recovers.

The Cape Girardeau fair proved a disappointment to the officers of the association, as the attendance was small, except on Saturday, and then it did not equal the attendance of former years, and the result is a deficit of about one thousand dollar.—Items Jackson

The injuries sustained by State Auditor John P. Gordon in an automobile accident some weeks ago are so serious that his friends fear he will be unable to take any part in the campaign. But the Missouri tax-payers who appreciate his public services will look after his interest at the polls in November.

Twelve Reasons Why You Should Vote for Wilson.

1. He is the only candidate for President who represents the real, the vital and the effective progressive forces in this country.
2. He stands for tariff revision downward in the interest of lower prices and the elimination of monopoly.
3. He stands for trust legislation which will prevent the control of prices through any sort of monopoly.
4. He stands for the income tax and believes that wealth should share the burdens as well as the blessings of government.
5. He stands for the rights of labor and the protection of the man who earns his bread by the sweat of his brow, as shown in his record as Governor of New Jersey.
6. He stands for the revival of our merchant marine, and for the government encouragement of agriculture, industrial and vocational education.
7. He trusts the people and believes that the governed should govern, and that Senators should be chosen by the people.
8. He faithfully performs in office the promises made out of office.
9. He will "CLEAN HOUSE" at Washington as he has "CLEANED HOUSE" in New Jersey.
10. He preaches and practices clean politics, and practices it effectively. He unalterably opposes machine politics and the rule of the bosses.
11. He stands for legitimate big business every day, but for monopoly never.
12. As Senator LaFollette says, "He approaches every problem with the solemn promise to be really, in the highest sense, a servant of the people."

The people of the United States consumed 7,063,000,000 pounds of sugar last year. The tariff tax was 1 1/2 cents per pound. Upon this one article of daily necessity, the American people paid into the coffers of the sugar trust in a single year the sums of \$115,000,000. Does this hit you?

Government statistics show that the protective tariff extorts from the American consumer two billion, five hundred and seventy million dollars per year; and the Republican party, in nation and State, is still pledged to the protective tariff. Are you?

Missouri's first Republican governor in forty years finds, at the close of his administration, two Republican candidates for president, and frankly recognizes his inability to endorse either of them.

Of the eight billion of American trust capital, Moody's Magazine says that only two billion is a cash investment, while the other six billion represented watered stock, based on the privileges granted by the protective tariff.

According to the State Auditor's books, the salaries and expenses of the present administration have amounted to \$231,702.92, which is exactly \$104,369.90 more than this department ever cost under any Democratic administration. Was it worth the difference in the cost?

Can Missouri afford any more luxuries like Hadley's man Tolbert? If you don't think so, then you'd better vote the Democratic ticket this year.

Secretary of State Cornelius Roach has collected \$290,280.16 more corporation fees than were collected by his Republican predecessor, and he has done so at an expense of just \$3,208.62 less than the amount expended by his predecessor. Roach's official record exemplifies efficiency, economy and integrity in the public service.

It requires a nerve of superhuman magnitude, as well as a marvelous average of cheek, to enable that grand old stand-patter, John C. McKinley, to face a Missouri audience and talk about "Democratic gerry-mander and disfranchisement," while at the same time Mr. McKinley and his party are seeking through the extraordinary process of injunction to disfranchise all the third party voters in this State.

Speaker John T. Barker, the Democratic nominee for Attorney-General introduced a bill to provide assistance for country agricultural fairs. The Democratic legislature passed the bill. Governor Hadley vetoed it. But, in the face of that veto, the State Republican candidates now say (speaking through their platform) that they favor the development of our agricultural interests. Will any Missouri farmer believe them?

If John C. McKinley is so anxious to provide cheap school books for the children, why doesn't he advocate a reduction in the prohibitive tariff on book paper and printing materials? Does he want these trusts to get an additional graft out of the State through that convict labor printing plant?

The consumers of woolen goods in this country pay a tariff tax of \$203,982,403 per year. This is equal to a per capita tax of \$217. So much for "Schedule K." Taft said it was indefensible—but he vetoed a bill to repeal it.

A GOOD OLD LAXATIVE

For a good general tonic and alternative, one that you can depend on and one you can make yourself, use

NYAL'S Mountain Herbs

This is the method:

In a suitable vessel place a tablespoonful of the Herbs, pour upon them two teacupfuls of boiling water, cover and set aside to steep—do not boil. In fifteen to twenty minutes the strength will be extracted.

The Tea will arouse dormant functions, give force and vigor to the nerves, purify the blood, increase the appetite, aid digestion and supply nutriment to the body.

A large quantity of medicine can be made from one package

The Price is 25 cents.

Whatever a good drug store ought to have—and many things that other drug stores don't keep—you will find here. Come to us and you'll get what you want.
