Morehouse Hustler: The new Iron Mountain depot, which is a Missouri Pacific box car number 22,433, acquired a bad habit during the cold spell. When a big fire was burning in the stove, to prevent the employes and loafers from freezing, the pesky thing would catch fire itself where the pipe goes through the roof.

Buttorf has been purchased by the merchants and planters living along the river, and it is said the Farmers Union has been called upon to back up the enterprise with their support. Our board of alderman should have regular monthly meetings. It is bad to miss a regular meeting. There is always enough business of some kind for a regular meeting, and by having them regular the habit of forgetfulness and putting-off will largely be overcome, and special or called meetings will not be necessary.
