A WORD OF WARNING TO MY FRIENDS AND CUSTOMERS

Knowing as well as you do the value of good merchandise, and especially in the grocery line, is why I am addressing you in this way, being thoroughly acquainted with cheap and worthless stuff. Therefore I have none of this class to offer you. The line of goods I carry is the up-to-date line. When you buy from me you will come back again; but when you buy cheap articles and sit down to your table you feel like kicking yourself for so doing. I find from experience that the people can't befooled on cheap goods very long, so I have decided to hand to the people of Hayti and vicinity the best merchandise that money can buy, in the way of **Groceries, Hardware, Farm Implements, Sadlery, Stoves, etc.**

- FARMING IMPLEMENTS -

I wish especially to call your attention to our Hertig-Becker breaking plows which are given up to be the best plows made today. I also handle the Kingman cotton and corn planter, the planter that plants your corn and cotton right. This planter is a world beater in all field contests.

We can also show you the smoothest line of harness, such as collars, bridles, hames, check lines, back bands, etc., ever displayed in Hayti.

What we want you to do is to inspect our different lines before you buy, and save money. Wishing you all a prosperous year, I am, Yours truly,

F. M. PERKINS
