Each and every person who has paid us a dollar for a year's subscription owe it to themselves to deal with the business men who advertise in these columns. You have paid your dollar

for the paper because you want a Hayti paper, and the business man who advertises in its columns does so because he wants your trade, and his advertising patronage enables us to give you a better paper. Deal with merchants who advertise and help those who are trying to help the town.

When you see a cross mark on your paper, made with a pencil, it tells you that your subscription is out and we ask you to renew at once. Not hearing from you promptly, we will stop the paper.

Prof. Davidson's school will close next Friday. He reports a full attendance this week, and a most satisfactory grade of work. All are working hard to attain to the highest standard of excellence, and the class grading will continue down to the close of Thursday's recitations. In the race for school standing there is a difference of less than 5% between more than half the pupils, while the difference between the five highest in scholarship is less than 3%. The difference between the eight highest in composition is now less than 3%. On Friday thirteen gold and silver medals and pins will be awarded to those winning in the various contests, and a most pleasant ending of a most successful term will be celebrated by the teacher and pupils.

When people haven't got enough sense to understand what they read they should not borrow the Herald and then expose their ignorance by "spouting" off about something we did not say. Just now a big, double-jointed, loud-mouthed timber worker has his back up about the clipping we used from the Scott County Democrat. Some of these fellows who never lived in a town where a newspaper was published cannot become accustomed to the fact that newspapers generally tell the truth, regardless of who it hurts. Most every paper in the country says more than the Herald, and hereafter we are going to say more, and those who can't live in a civilized community without causing trouble are going to see their names in print.

Improved Order of Red Men.

Having been frequently questioned by many friends for an explanation of Redmanship, and having been too busy with my closing school work to go into detailed explanation in every case, I desire to briefly state what it is, and what it does.

The Improved Order of Red Men is a Social, Fraternal Beneficial, and the most patriotic fraternity in America, founded upon the customs and traditions of the American Indians, in the year 1763—146 years ago—and is the Oldest Fraternal Society of purely American origin.

It is not a rival to other benevolent societies, but is a co-worker with them in the great work of relieving and elevating the conditions of mankind.

We are pledged to defend the Star Spangled Banner, to pay weekly benefits to our disabled members, to pay the families of our deceased members a funeral benefit, to care for and protect the virtue of the mothers, sisters, wives and daughters of our members. The I. O. R. M. is purely American. We have no Tribes except where Old Glory waves—"Over the land of the free and the home of the brave." The membership now exceeds 750,000. Our first Great Sachem was Geo. Washington. Lincoln and McKinley were Red Men, as were most of the Presidents.

We offer membership to all white Americans citizens of good moral and physical habits and conditions. Our name, ceremonies and emblems are chartered by Congress, and protected from infringement by patent and copyright laws of the United States. Therefore, no colored race can wear our emblem.

The dues are 50c per month. The

PRICES NOT CUT

You certainly owe it to yourself to save all the money you can, and it is my purpose in business to help you save money. I do not cut the price or sell below cost, but I MAKE my own prices, and make them just as LOW as possible, quality considered. If you will come to my store you will see that this is true.

It would be poor policy for me to tell you one thing and undertake to do another. The people cannot be fooled. The only sure way to success is to "make good." This is the point I want to get you to understand, and I cannot get you to understand it unless you will visit my store, inspect the quality of my goods, get my prices and test my weights and measures. Try it.

benefits are \$5.00 per week for all weeks disabled. In cases where a nurse is needed they are provided by the local organization. Funeral benefits \$100. Charter fee, \$5.00.

The Improved Order of Red Men is the only Order that pays benefits upon half orphans, as well as full orphans. The local organizations are not required to pay these benefits. The Great Council of the United States provides from one to two dollars and fifty cents per week, for all dependent orphans every week they need it until they are 16 years of age. It dispenses over \$2,000,000 per annum for the relief of its sick and disabled members,

and has a fund of over \$4,000,000 invested with which to meet future calls for relief.

Our charter closes June, 8th, after which it will cost more than double the present fee. If you join now, wherever you may travel in the forest of life, the handshake of Freedom, Friendship and Charity will greet you.
