# SPOT CASH GROCERY

**PRICES NOT CUT**

You certainly owe it to yourself to save all the money you can, and it is my purpose in business to help you save money. I do not cut the price or sell below cost, but I MAKE my own prices, and make them just as LOW as possible, quality considered. If you will come to my store you will see that this is true.

Pump Pipe per foot 12½c  
Pump pitchers each \$1.25

**SEE OUR LINE OF**  
Corn and Cotton Hoes  
Hoe Handles  
Saws and Sundries, etc.  
A Few Ice Cream Freezers

It would be poor policy for me to tell you one thing and undertake to do another. The people cannot be fooled. The only sure way to success is to "make good." This is the point I want to get you to understand, and I cannot get you to understand it unless you will visit my store, inspect the quality of my goods, get my prices and test my weights and measures. Try it.
