It is not the custom with the Hayti Herald, and never has been, to furnish the paper free to advertisers, any more than it is for the merchant to give you a dollar's worth of something free when you buy a bill of goods. Our advertising rates are one thing, and subscription is another, except in certain kinds of professional cards, payable in advance for six months. Every citizen should pay for his home paper and show by that act that he considers it worth \$1.00 to the town, if not to himself.

Nervous Collapse

"I have traveled for thirty years continually. I lost a great deal of sleep, which together with constant worry left me in such a nervous state that finally, after having two collapses of nervous prostration, I was obliged to give up traveling altogether. I doctored continually but with no relief. Dr. Miles' Nervine came to my rescue—I cannot describe the suffering which this Nervine saved me. Whenever I am particularly nervous a few doses relieve me." A. G. C. LIBBY, Wells, Me.

There are many nervous wrecks. There is nervous prostration of the stomach, of the bowels, and other organs. The brain, the kidneys, the liver, the nerve centers are all exhausted. There is but one thing to do—build up the nervous system by the use of Dr. Miles' Restorative Nervine. Its strengthening influence upon the nervous system restores normal action to the organs, and when they all work in harmony, health is assured. Get a bottle from your druggist. Take it all according to directions, and if it does not benefit he will return your money.
