It is rumored that a regiment of mounted men, to operate on the Santa Fe route, has been called for by the War Department from Missouri.

Messrs. Pratte and Campbell, members of the Illinois constitutional convention, fell out and repaired to St. Louis, for the purpose of settling the dispute by a duel. They were both arrested last Sunday morning, and held to bail to keep the peace. They gave bail, and we suppose are back at their posts.

APPOINTMENT BY THE PRESIDENT.—Col. Sterling Price, of Missouri, to be Brigadier General, vice Jefferson Davis, declined.

FROM SANTA FE.

Mr. ROBERT H. BROWNING, of this vicinity who went out last year in Col. Doniphan's regiment, reached home last Saturday, direct from Santa Fe.
He left Santa Fe on the 21st June, in company with Lieut. Easton, of the Cole county infantry.

All was quiet at Santa Fe. Col. Price was discharging the volunteers as fast as their term expired. He knew nothing of troops going to his relief.

The party was attacked on the 4th of July by the Indians, who succeeded in driving off one mule, and seventeen yoke of oxen, belonging to Mr. Brown.

The day before they arrived at Pawnee Fork, a government train of wagons was attacked, and the Indians captured twenty oxen, and killed a negro man belonging to Moses Payne, of Boone county, within 150 yards from the camp.

Lieut. Love was met eight miles this side of the crossing of the Arkansas, going on, on the 10th of July. The Infantry Battalion, under Col. Easton, and Captain McNair's Dragoons, were met at Pawnee Fork, with a large train of wagons. Four companies of Col. Ralls' regiment were met, on the 20th, at Cotton Wood Fork—Capt. Simonds and Smithson's companies, a few miles beyond Council Grove, on the 21st. Capt. Simonds was at the Grove, very sick, though getting better. The Ralls county company was met at Council Grove; and next day, met four companies of the Illinois regiment, eleven miles this side of the Grove. Soon after, three other companies of the same regiment at Willow Spring.

The appointment of Mr. HALL, Judge of this circuit, is well received by the people.

LATEST FROM VERA CRUZ.
Important news from the Interior—Arrival of an Express from Puebla—Gen. Scott at that place—Appointment of Commissioners by the Mexican Government, to confer with Mr. Trist—Generals Cadwallader and Pillow at Perote—Defeat of the Mexicans at La Hoya—Gen. Santa Anna supposed to be in favor of Peace—Capture and supposed Murder of Lieut. Whipple.

The Sun of Anahuac, of the 13th inst. says: "A private express arrived here night before last from Puebla, bringing very interesting intelligence from that place, from Mexico, and from General Cadwallader and Pillow's trains. The express left Puebla on the 3d inst. and brought private letters dated the same day.—News had been received the day previous, from Mexico that 3 Commissioners had been appointed by the Mexican government to confer with Mr. Trist, at San Martin Temelecuan, 8 leagues from Puebla, and it was supposed they would meet him on the 4th of July. The express rider met with General Cadwallader and Pillow, and their respective commands, at Perote. They had been attacked at La Hoya, and had completely routed the enemy, having sustained but little loss. No property was lost, and both trains had arrived in Perote; which place, a correspondent says, they were to leave on the 9th inst.

"We have seen a letter dated Mexico, July 3d. The writer says that he does not doubt that a treaty of peace would be concluded at once by the commissioners. He also says that the Peace party has become so considerable in the capital, that he thinks that Santa Anna (who is always on the side of the strongest) will soon pronounce himself in favor of peace.—The Mexicans were still fortifying the city of Mexico, but the means of government were so limited, that we do not doubt that it will not be more than a day's work for Gen. Scott to demolish all the Mexicans have done in 3 months, in case they should show resistance.

"A letter from Puebla, which was written several days before the express left that place, states that there had been some sickness among our troops. We do not give our readers the whole contents of this letter, because it is full of rumors, which had not been realized at the latest date."

According to information from the city of Mexico, received at Puebla on the 2d inst. the government had determined to appoint 3 commissioners, that Don Manuel Edward de Gorostiza, Don Manuel Baranda, and Jose Maria Tornel, had been appointed to open a conference with Gen. Scott, who on his part, had commissioned Mr. Trist to the same effect.

LEUT. WHIPPLE—His Capture and Supposed Murder.—Extract from a letter from one of our

correspondents, dated Vera Cruz July 13th, 1847.
As to news, there are so many different rumors constantly afloat here, that it is almost impossible to get the right end of any thing.—On our arrival on Sunday evening, I learned from the Quartermaster, that on the previous evening an officer of the U. S. A. Lieut. Whipple, (who was also Adjutant, of the 9th Infantry, had walked out in the evening towards the Cemetery, a short distance from the walls of the town, accompanied by a servant, and in presence of the guerrillas, made prisoner, and carried away, the Lord knows where! A party, under the command of Capt. Duperu, (who is yet in camp), were despatched on the following morning; but they were unable to discover any traces of the guerrillas, or any thing whatever connected with the fate of the unfortunate Lieutenant. The general belief here is, that he has been murdered—and from what I hear myself about, I have no doubt that he has.
In regard to Lieut. Whipple, an account of whose capture will be found in the letter of our Vera Cruz correspondent, the Sun of Anahuac of the 13th inst. says: "It is rumored that Lieut. Whipple, Adjutant of the 9th Infantry, who was carried off on Saturday evening last by a guerrilla party, was met at a place named San Miguel de Medelin, and that he was considered and treated as a prisoner of war.—This, however, does not appear to us very likely. When this was heard of, a detachment of cavalry was immediately sent in that direction, but we fear that he will not be found. Much excitement still prevails here on this account.—At every hour of the day rumors of different kinds are put in circulation in this city, and we are sorry to see that too much faith is put in them—especially by the Mexicans, who are always anxious to start and listen to any thing that might be unpleasant to the Americans.—They boast too, of the boldness of the guerrillas, and some of them pretend that guerrilla parties are every day seen within half a mile of the city. And there is some truth in this Lieut. Whipple's disappearance is a proof of it. He has been carried off while he was within 3 or 400 yards of the walls of this city."

SENOR ATOTCHA.—This illustrious diplomatist has written a letter to El Republicano, in reply to the rather deprecatory remarks of that journal. Senor concludes his epistle with the following ominous, mysterious, and profoundly interesting assurance, and flattering, encouraging, and sustaining endorsement of the wisdom and honor of Mr. Polk's cabinet:
I can not explain myself as it should be necessary, to illustrate an affair of so great importance, which ought to have been examined with the greatest circumspection and sparing considerations, previously to having declared themselves against it in the high terms which have been used.

My intentions have been always sound and my wishes for peace the most sincere.
The conduct of the government of the United States through me is worthy of men of honor and highly illustrated. I hope that these qualities may be appreciated in future times as they deserve. There is no meanness, nor treachery, nor baseness, nor iniquity. There is nothing in reserve that may be censured in the least as a lack of honor in the men of both countries, that could have any intervention in that question. When the moment will have arrived, I hope to put it in its true point of view. Those who may judge it with a prudent sense, may give their opinion, and this I expect with delight, will be favorable to me.—The course of time and events will be the only argument to convince ignorance.

Cotton Factories at the South.—The 'Live Oak' of Pensacola gives some account of a cotton factory at Arcadia, about seventeen miles from Pensacola. It has about 1000 spindles, and is worked entirely by negroes—mostly girls. It has been in operation about a year, and as an experiment it has more than answered the sanguine expectations of its projectors.

TOBACCO—Good Prices.—We understand that, on Thursday, a crop of ten hogheads, raised by Mr. Thomas Miller, of Granville county, North Carolina, was purchased at private sale by Mr. C. A. Colquitt, manufacturer, at the following prices: No. 1 at \$22 50; No. 5 at 17 50; No. 2 at 13 50; Nos. 3 and 7 at 12 50; Nos. 6, 8 and 9 at 8; and Nos. 4 and 10 at 6 25; average of the crop \$11 50. Rich. Enquirer.

"Cholera bombshell," is the appellation given to water-melons, by the Philadelphia North American.

ST. LOUIS MARKET.—August 2d.
The market continues quiet, with very limited receipts. Sales flour to-day 126 bbls. Green's S. F., at \$3 75; fine \$3 25; middlings \$2 50; 183 bbls. mixed brands at \$3 75, and 112 bbls. Rankin at \$4. Wheat is inactive but steady; the sales (which embrace about 3,000 bushels from Lewis and stores) have ranged about as follows: Soft for spring and inferior 35 to 45c; medium and fair 50 to 55 cts.; good and prime 60 to 65c per bushel. Of corn, 67 sacks at 32c; 186 sacks 19 bbls. at 33c.; the packages returned, and 413 sacks in new osenburs at 39c. Of oats, 113 sacks at 30c.; without sacks. Of barley, 96 sacks at 30c., without sacks.
Holders of Hemp firm at \$100, but buyers backward. The only sale reported to-day was of 192 bales from store at \$100.

NEW ORLEANS.—July 24.
Tobacco.—The demand has continued animated, and the sales of the week amount to 2500 hhd., including several lots sold in the closing lots of the season of some of the leading tobacco houses. Among the sales we notice a lot of 400 hhd. Mason county at 54c. the Admitted, and 31c. the Refused; 422 hhd., part Yellow Bank, the price of which the seller refused to communicate, and 406 hhd. Yellow Bank Tobacco, of which 243 hhd. Admitted at 61 cents; 56 at 6c.; 68 hhd. Refused at 31c. and 59 Refused at 3c. Prices are fully supported, with the exception of Mason county—the last sale of which is considered to have been made at a decline. We quote: Inferior 2 a 2 1/2; Common, 2 1/2 a 3; Fair 3 1/2 a 4; Fine, 4 1/2 a 5; Choice, 6 a 7; Mason County and other Cigar Leaf 2 1/2 a 12.
Flour.—The market has been very quiet, and the sales of the week do not exceed 15,000 bbls., but there is a decidedly better feeling, and holders are asking advanced rates—the last sales have been made at \$4 15 a \$4 25 for Ohio; \$4 50 a \$4 62 1/2 for Illinois, and \$5 a \$5 50 for St. Louis. The arrivals are falling off, as will be perceived by our statement. Arrived during the week, 11,367 barrels. Exported, 36,128 bbls.
Wheat.—The transactions have been on rather a limited scale, at prices ranging from 90 to 92c. for a prime article. Arrived during the week, 2,767 sacks. Exported, 37,283 sacks.
Corn.—The market has been extremely dull, with the exception of Monday, when some 15,000 sacks changed hands. Since then the sales have been trifling, at prices ranging from 50 to 55 cents for mixed to prime White and Yellow. Arrived during the week, 10,648 sacks. Exported, 43,888 sacks.
Oats.—There has been a better demand, and some lots of choice have been sold at 39 cents. Sales of round lots 35 a 37c.

WHISKY.—Transactions continue to be of a retail character at 20c. for Rectified.
POKE.—Confined to small sales at \$16 a \$16 25 for Mess and \$13 a 13 25 for Prime.
BACON.—But little doing. Prime Cincinnati Sides 8 1/2c.; Shoulders 6 1/2 a 6 3/4c.; Hams 6 a 11c.
LEAD.—There has been very little doing, there being no demand for the Havana; besides which the stock of Prime is very small. For a Prime article 11 cents and upwards would be easily obtained.
BEES.—Confined to retail at \$15 for Mess, and \$12 for Prime.
BAGGING AND ROPE.—There is little doing at the old rates of 14 a 15 cents and 6 1/2 a 6 3/4 on tins. A lot of 1500 bales Power-loom was sold at 13 cents on six months credit—a decided decline.
HEMP.—The market has been active, and large sales have been made at \$90 to \$95 per ton—some holders ask \$100, but we have not been able to ascertain a sale at this rate.

MARRIED.—On the 8th ult. in Ashley, Pike Co., Mo., by the Rev. Dr. Bond, Rev. W. M. W. REDMAN, of Missouri Conference, Miss EVELINE L. HESSER, formerly of Virginia.

CHILL AND FEVER.
A Cure Secured for Forty Cents, with DR. BRAGG'S SUGAR COATED PILLS.
Doct. Bragg's Indian Queen Vegetable Sugar Coated Pills ARE the latest and most important discovery of the age in the form of a popular FAMILY MEDICINE, for they possess extraordinary virtues hitherto unknown in the shape of pills. They are of two kinds—first, the Anti-Bilious—second, the Tonic Pills.
THE ANTI-BILIOUS PILLS Are the safest and most efficacious purgative ever used in bilious fevers, ague and fevers, dropsy, dyspepsia, rheumatism, inflammatory fever, and all diseases peculiar to the Western and Southern States. They are PURELY VEGETABLE, and free from all the poisonous and corroding effects of mineral medicines which are so indiscriminately used in chills and fever, and other diseases of the SOUTH AND WEST. Their virtues consist in their mild yet searching effects upon the inner coat of the stomach and bowels, and upon the secretions of the liver, skin and kidneys, thereby cleansing THE ALIMENTARY CANAL Of all offending and viscid humors, exciting the liver to prompt and healthful action, carrying off the bile and other IMPURITIES OF THE BLOOD and restoring the regular motion of the bowels, overcoming THE BILIOUS CONDITION Of the system, producing moisture of the skin, cleansing the fur from the tongue, removing headache and pain of the back, and securing that freedom from febrile commotions which invites to sleep and ends in a RESTORATION TO HEALTH. After the stomach and bowels have been cleansed of their FOUL HUMORS, The liver drained of its STAGNANT BILE, and the active force of the chill or fever subdued, then THE TONIC PILLS Require to be freely used. These pills act LIKE A CHARM upon the chills or fever, &c.; all the other disordered functions of the body, by their soothing and strengthening action upon the NERVOUS SYSTEM, thus guarding it against the poisonous and paralyzing effects of that MONSTER Which lives in the atmosphere, carries death and destruction to thousands and tens of thousands, in new countries under the form of MARSH MIASMATA. Which is the first cause of chills and fever, and all bilious diseases, and is the product of a VEGEABLE FERMENTATION Caused by the union of heat and moisture in all low and marshy situations during the summer months, and which the close researches of the MEDICAL FACULTY Have heretofore been unable to unfold. It has been our good fortune to discover a VEGEABLE REMEDY Against this prevalent and all-pervading poison which we constantly inhale with the atmosphere we breathe during the summer months. OUR TONIC PILLS Have been found to have complete and astonishing power over this MIASMATIC POISON, And hence the great success and uncommon popularity which they have obtained in all the Western and Southern States. For sale at wholesale and retail at the Family Medicine Store of Dr. E. EASTERLY, No. 78 Chestnut street, St. Louis, between Third and Fourth streets, nearly opposite the Post-Office. Also by Wm. R. SNELSON, Fayette; C. HENDERSON, Glasgow; J. W. WHITE, Roanoke; James C. ROES, Taylor & Samuel, Huntsville; Wm. Upton, Mt. Airy; Wm. H. GUERIN; WILKX & BROTHEN, Smithland; JOHN L. NOLIN and S. P.
