A special dispatch to the *Globe-Democrat* from Dublin, Ind., says: "Ideal Sunrise, a valuable Poland-China hog, owned by Mine Lukens of Deco, was to-day sold in a sale at Mack to a stock company for \$15,700. Ideal Sunrise took the first prize at the World's Fair at Chicago in 1893."

Cleveland has denied, with a great show of indignation the alleged interview in which he was quoted as saying that he was not a candidate for president. His denial is generally accepted as an announcement that he will be a candidate. He has not informed the public what ticket he will run on. In view of the fact that he supported the Republican ticket in the last two campaigns, perhaps he intends to try honors with Teddy.—*Thayer Tribune.*

In these days of fast motoring and high railway speeds, the story of the first steam carriage will be particularly interesting. A writer in the *Philadelphia Public Ledger* says that it was in July, 1829, some little time before George Stephenson had solved the problem of steam transport, that Sir Goldsworthy Gurney made his famous journey in a "steam carriage" from London to Bath and back. Gurney was a surgeon in Marleybone, greatly given to the working out of inventions in his spare time, and it took him some years to complete his first "motor" in his back yard in Albany street. He accomplished the journey to and from Bath at the rate of fifteen miles an hour, and there was only one disturbing incident, when a crowd assembled at Melksham set upon the machine and, having burned their fingers, threw stones and seriously wounded the stoker. This Gurney journey stands as the first example of locomotion by steam in this country.

The smallest locomotive in the world is owned by W. A. Smith, a jeweler living at Meridian, N. Y. The *Meridian correspondent* for the *New York World* says that Mr. Smith made this machine working at odd times during a period of three years and the correspondent describes the affair in this way: "The locomotive is of heavily plated gold and the bell, whistle and driving wheels are solid gold. The trimmings are of silver. The locomotive is six and a half inches long and the tender is three inches long. The boiler is three-fourths of an inch in diameter, the smokestack is two and one-sixteenth inches high, and the other parts are in proportion. Kerosene is used for fuel and steam is raised in less than two minutes. The whistle blows, the bell rings and every part of the locomotive works perfectly."

**THE DRAUGHT**  
**BLACK-DRAUGHT**  
THE ORIGINAL  
LIVER MEDICINE

A yellow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. The Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Draught's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901.  
I have used The Draught's Black-Draught for three years and have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

This Institution is designed and constructed for the comfort and accommodation of patients who seek relief and recuperation and the recovery of lost health. Its location is admirable for this purpose. It is on the Iron Mountain Railway, 89 miles south of St. Louis, and 640 feet above that city. Nestled at the foot of Shepherd Mountain, embowered among majestic trees, just off the main street, and free from its noise and dust, and alongside, and connected with, the famed Emerson Park, with its shady walks and driveways, Sylvan Lake and Grant Spring, and their attractive surroundings, no more beautiful or restful retreat for the invalid and convalescent, or the weary and careworn, can be found in all America.
