Hannibal Stove and Tin Store.

Main Street, Hannibal, Mo.

The undersigned would respectfully call the attention of the public in general and his old friends and customers in particular, to his well selected, well assorted stock of Cook Stoves, and especially the

Empire State,

which is the same pattern of the

Prairie State,

(if not the original) which has been so very highly and deservedly recommended by some of our most respectable and worthy citizens, and also to the Heavy Furnace-Made Premium Cook Stove, at least one-third heavier than any stove offered on the Mississippi, and will last as long as two of many of the light foundry-made stoves. This is no jest—it is downright sober truth and should be interesting to those wishing to purchase a stove for service. His stock of tin ware is complete and will be furnished to dealers at St. Louis prices, and he will have also in season a fine lot of Parlor, Box, Coal and Tea Plate stoves, all of which will be sold as low as any other house can afford them.

But while so much is said about stoves, &c., the fine stock of

Iron, Steel and Hollow Ware

Must not be overlooked, to be found at the old stand on Water street. Do not forget the **Hannibal Stove and Tin Store,** Next door to Block's Clothing Store, Main st.

TEMPLE OF FASHION.

THE MAMMOTH STAR CLOTHING

STORE "AHEAD OF THE HOUNDS!"

Large Stock! Latest Style! LOW PRICES!

Great Bargains! Unprecedented SUCCESS!

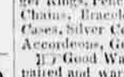
THE proprietors of the Star Clothing Emporium, have removed their Store to the west side of main street, next door to the "City Drug Store," and respectfully announce to the public in general and every body in particular that they have now on hand the largest and most complete assortment of

Fashionable and Durable Clothing ever brought We t!!

which they offer at prices actually cheaper than the imagination can conceive. This is no blarney, believe it, friends, those who are skeptical on the subject can call and see for themselves, and if we can't sell them clothing a leetle cheaper than the cheapest, they can take our head for a foot-ball. We are naturally of a sympathetic temperament, and that is a sufficient reason why we can sell clothing cheaper than any of our competitors. This fact is self evident, and abundantly proven by every day occurrences.

His "Temple of Fashion" may be justly styled the "Oak Hall" of the West, on the same principle it is dapted for business- quick sales, small profits—good bargains and exceedingly low prices.

Then let it be heralded to the world at large that THE clothiers of "Western Oak Hall" offer a splendid assortment of every kind of



Clothing, Hats and Caps, Trunks, Carpet Bags, &c., AT EASTERN COST!!

Keep it Before the People!!

that the gammoth Star Clothing Emporium, alias the Western Oak Hall, located on main street, Hannibal, is acknowledged by gentlemen of the most fastidious and infinite taste, to be the ne plus ultra clothing house of Northern Missouri, and persons by calling at the sign of the STAR, can readily perceive that this is the truth, the whole truth, and nothing but the truth.

☞Remember, we have but one house in this city.—It is the three story brick store house, situated on the west side of main street, at the sign of the

PEPSIN,

The True Digestive Fluid,

OR GASTRIC JUICE.

Prepared from Rennet, or the Fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by

J. S. HOUGHTON, M. D., PHILADELPHIA, PA.

THIS is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, General Debility and Nervousness, Consumption, curing after Nature's own method, by Nature's own agent, the Gastric Juice.

Half a teaspoonful of this Fluid, infused in water, will digest or dissolve *Five Pounds Roast Beef in about two hours*, out of the stomach.

SCIENTIFIC EVIDENCE—Baron Liebig in his celebrated work on Animal Chemistry, says 'An Artificial Digestive Fluid analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be *softened, changed and digested, just in the same manner as they would be in the human stomach.*'

Dr. Combe, in his valuable writings on the 'Physiology of Digestion,' observed that 'a diminution of the quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia,' and he states that 'a distinguished professor of medicine in London, who was severely afflicted with this complaint finding everything to fail, had recourse to the Gastric Juice obtained from the stomach of living animals, which proved completely successful.'

Dr. Graham, author of the famous works on "Vegetable Diet," say 'It is a remarkable fact in Physiology, that a joint stomach' (animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process.'

Dr Simon's great work, the 'Chemistry of Man,' (Lea & Blanchard, Phila. 1846, pp. 521-2) says. 'The discovery of Pepsin forms a new era in the chemical history of Digestion. From recent experiments, we know that food is dissolved as rapidly in an artificial digestive fluid prepared from Pepsin as it is in the natural Gastric Juice itself.'

Professor Dunglison, of the Jefferson College, Phila., in his great work on Human Physiology, devotes more than fifty pages to the examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. 'In attrasses,' he says 'digestion occurred as perfectly in the artificial as in the natural digestion.'

For further proof of the remarkable merits of this discovery, call at the following places in Hannibal and get a descriptive sheet and where the article can be had: T. E. Brittingham & Son, N. P. Kunkle & Co. H. Blakeley, *St. Louis.*

MORGAN, M'CLUNG, & CO. will have ready for exhibition by 1st September, the most extensive stock of Foreign and Domestic Dry Goods, they have ever offered in St. Louis It is unnecessary to specify goods, quantities or prices, but their stock will embrace every article of French, German, British or American manufacture which the necessities of the trade require. Especial attention has been devoted to the selection of ladies' dress goods, and merchants visiting this city may rely upon an assortment equal to any in the Union.—They intend that the extent and elegance of their stock shall hereafter command the attention of merchants visiting St. Louis, and they will obligate themselves to sell goods as low as they can be bought from New York or Philadelphia. They will duplicate any bills which may be made in the Eastern cities, adding only the cost of transportation, &c.

To cash or punctual dealers, unusual inducements will be offered, and all they ask is that their stock may be examined, to convince merchants of the foregoing facts. au7 3w
