The Next Event of Interest to Society Is

THE HORSE SHOW

BUT the noble equine plays a secondary part.

It's femininity, gorgeously gowned—charmingly beautiful femininity—that plays the stellar role. More interest is taken in what Mrs. So-and-So is wearing than in the horses and equipages. This year's "Horse Show" promises to be a fashion event of first magnitude. Society is taking unusual interest, and judging by the many afternoon gowns and wraps we have sold for this occasion, the matinees will be as brilliant as the evenings.

THOSE who are not fully prepared for this great society event, and the many brilliant social functions that will follow, will be greatly interested in our superb collection of

Evening and Afternoon Gowns, Wraps, Suits, Waists, Millinery, Lace Mantles, Garnitures

And All the Other Dress Accessories Womankind Requires.

WE, of all St. Louis, are the best prepared to serve you. Our stocks of high-class apparel are the most complete. The styles we show are the most authoritative and exclusive and the prices we quote are incomparable. Grand-Leader is without question HEADQUARTERS.
